## EXPLANATORY NOTE

This report combines the Quarterly Reports on Form 10-Q for the three and six months ended June 30, 2018 of VEREIT, Inc., a Maryland corporation, and VEREIT Operating Partnership, L.P., a Delaware limited partnership, of which VEREIT, Inc. is the sole general partner. Unless otherwise indicated or unless the context requires otherwise, all references in this report to “we,” “us,” “our,” “VEREIT,” the “Company” or the “General Partner” mean VEREIT, Inc. together with its consolidated subsidiaries, including VEREIT Operating Partnership, L.P., and all references to the “Operating Partnership” or “OP” mean VEREIT Operating Partnership, L.P. together with its consolidated subsidiaries.

As the sole general partner of VEREIT Operating Partnership, L.P., VEREIT, Inc. has the full, exclusive and complete responsibility for the Operating Partnership’s day-to-day management and control.

We believe combining the Quarterly Reports on Form 10-Q of VEREIT, Inc. and VEREIT Operating Partnership, L.P. into this single report results in the following benefits:

- enhancing investors’ understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and
- creating time and cost efficiencies through the preparation of one combined report instead of two separate reports.

There are a few differences between the Company and the Operating Partnership, which are reflected in the disclosure in this report. We believe it is important to understand the differences between the Company and the Operating Partnership in the context of how we operate as an interrelated consolidated company. VEREIT, Inc. is a real estate investment trust whose only material asset is its ownership of partnership interests of the Operating Partnership. As a result, VEREIT, Inc. does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing equity or debt from time to time and guaranteeing certain unsecured debt of the Operating Partnership and certain of its subsidiaries. The Operating Partnership holds substantially all of the assets of the Company and holds the ownership interests in the Company’s joint ventures. The Operating Partnership conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for net proceeds from public equity or debt issuances by VEREIT, Inc., which are generally contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the Company’s business through the Operating Partnership’s operations, by the Operating Partnership’s direct or indirect incurrence of indebtedness or through the issuance of partnership units. To help investors understand the significant differences between VEREIT, Inc. and the Operating Partnership, there are separate sections in this report that separately discuss VEREIT, Inc. and the Operating Partnership, including the consolidated financial statements and certain notes to the consolidated financial statements as well as separate disclosures in Item 4. Controls and Procedures and Exhibit 31 and Exhibit 32 certifications. As general partner with control of the Operating Partnership, VEREIT, Inc. consolidates the Operating Partnership for financial reporting purposes. Therefore, the assets and liabilities of VEREIT, Inc. and VEREIT Operating Partnership, L.P. are the same on their respective consolidated financial statements. The separate discussions of VEREIT, Inc. and VEREIT Operating Partnership, L.P. in this report should be read in conjunction with each other to understand the results of the Company on a consolidated basis and how management operates the Company.

**VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited)**

**Note 1 – Organization**

VEREIT® is a Maryland corporation, incorporated on December 2, 2010, that qualified as a real estate investment trust (“REIT”) for U.S. federal income tax purposes beginning in the taxable year ended December 31, 2011. The OP is a Delaware limited partnership of which the General Partner is the sole general partner. VEREIT’s common stock, par value \$0.01 per share (“Common Stock”), and its 6.70% Series F Cumulative Redeemable Preferred Stock, par value \$0.01 per share (“Series F Preferred Stock”) trade on the New York Stock Exchange (“NYSE”) under the trading symbols, “VER” and “VER PRF,” respectively. As used herein, the terms the “Company,” “we,” “our” and “us” refer to VEREIT, together with its consolidated subsidiaries, including the OP.

VEREIT is a full-service real estate operating company which owns and manages one of the largest portfolios of single-tenant commercial properties in the U.S. VEREIT’s business model provides equity capital to creditworthy corporations in return for long-term leases on their properties. The Company actively manages its portfolio considering a number of metrics including property type, concentration and key economic factors for appropriate balance and diversity.

Substantially all of the Company’s operations are conducted through the OP. VEREIT is the sole general partner and holder of 97.6% of the common equity interests in the OP as of June 30, 2018 with the remaining 2.4% of the common equity interests owned by unaffiliated investors and certain former directors, officers and employees of ARC Properties Advisors, LLC (the “Former Manager”). Under the limited partnership agreement of the OP, as amended (the “LPA”), after holding units of limited partner interests in the OP (“OP Units”) for a period of one year, unless an earlier redemption is otherwise consented to by VEREIT, holders of OP Units have the right to redeem the OP Units for the cash value of a corresponding number of shares of VEREIT’s Common Stock or, at the option of VEREIT, a corresponding number of shares of VEREIT’s Common Stock. The remaining rights of the holders of OP Units are limited, however, and do not include the ability to replace the General Partner or to approve the sale, purchase or refinancing of the OP’s assets.

The actions of the OP and its relationship with the General Partner are governed by the LPA. The General Partner does not have any significant assets other than its investment in the OP. Therefore, the assets and liabilities of the General Partner and the OP are the same. Additionally, pursuant to the LPA, all administrative expenses and expenses associated with the formation, continuity, existence and operation of the General Partner incurred by the General Partner on the OP’s behalf shall be treated as expenses of the OP. Further, when the General Partner issues any equity instrument that has been approved by the General Partner’s board of directors, the LPA requires the OP to issue to the General Partner equity instruments with substantially similar terms, to protect the integrity of the Company’s umbrella partnership REIT structure, pursuant to which each holder of interests in the OP has a proportionate economic interest in the OP reflecting its capital contributions thereto. OP Units issued to the General Partner are referred to as General Partner OP Units. OP Units issued to parties other than the General Partner are referred to as Limited Partner OP Units. The LPA also provides that the OP issue debt with terms and provisions consistent with debt issued by the General Partner. The LPA will be amended to provide for the issuance of any additional class of equivalent equity instruments to the extent the General Partner’s board of directors authorizes the issuance of any new class of equity securities.

As discussed in Note 4 —Discontinued Operations, on February 1, 2018, the Company completed the sale of its investment management segment, Cole Capital. The assets, liabilities and related financial results of substantially all of the Cole Capital segment are reflected in the financial statements as discontinued operations.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Accounting***

The consolidated financial statements of the Company presented herein include the accounts of the General Partner and its consolidated subsidiaries, including the OP. All intercompany transactions have been eliminated upon consolidation. The financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”). The information furnished includes all adjustments and accruals of a normal recurring nature, which, in the opinion of management, are necessary for a fair presentation of results for the interim periods. The results of operations for the three and six months ended June 30, 2018 are not necessarily indicative of the results for the entire year or any subsequent interim period.

**VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited) – (Continued)**

These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto as of and for the year ended December 31, 2017 of the Company, which are included in the Company's Annual Report on Form 10-K filed on February 22, 2018. There have been no significant changes to the Company's significant accounting policies during the six months ended June 30, 2018, except any policies that are no longer applicable due to the Company's sale of Cole Capital, as discussed in Note 4—Discontinued Operations, and the Company adopted the Revenue ASUs, as defined in the "Revenue Recognition" and "Recent Accounting Pronouncements" sections herein. Information and footnote disclosures normally included in financial statements have been condensed or omitted pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the "SEC") and U.S. GAAP.

***Principles of Consolidation and Basis of Presentation***

The consolidated financial statements include the accounts of the Company and its consolidated subsidiaries and consolidated joint venture arrangements. The portions of the consolidated joint venture arrangements not owned by the Company are presented as non-controlling interests in VEREIT's and the OP's consolidated balance sheets, statements of operations, statements of comprehensive income (loss) and statements of changes in equity. In addition, as described in Note 1 – Organization, certain third parties have been issued OP Units. Holders of OP Units are considered to be non-controlling interest holders in the OP and their ownership interest in the limited partner's share is presented as non-controlling interests in VEREIT's consolidated balance sheets, statements of operations, statements of comprehensive income (loss) and statements of changes in equity. Further, a portion of the earnings and losses of the OP are allocated to non-controlling interest holders based on their respective ownership percentages. Upon conversion of OP Units to Common Stock, any difference between the fair value of shares of Common Stock issued and the carrying value of the OP Units converted is recorded as a component of equity. As of each of June 30, 2018 and December 31, 2017, there were approximately 23.7 million Limited Partner OP Units outstanding.

For legal entities being evaluated for consolidation, the Company must first determine whether the interests that it holds and fees it receives qualify as variable interests in the entity. A variable interest is an investment or other interest that will absorb portions of an entity's expected losses or receive portions of the entity's expected residual returns. The Company's evaluation includes consideration of fees paid to the Company where the Company acts as a decision maker or service provider to the entity being evaluated. If the Company determines that it holds a variable interest in an entity, it evaluates whether that entity is a variable interest entity ("VIE"). VIEs are entities where investors lack sufficient equity at risk for the entity to finance its activities without additional subordinated financial support or where equity investors, as a group, lack one of the following characteristics: (a) the power to direct the activities that most significantly impact the entity's economic performance, (b) the obligation to absorb the expected losses of the entity, or (c) the right to receive the expected returns of the entity.

The Company then qualitatively assesses whether it is (or is not) the primary beneficiary of a VIE, which is generally defined as the party who has a controlling financial interest in the VIE. Consideration of various factors include, but are not limited to, the Company's ability to direct the activities that most significantly impact the entity's economic performance and its obligation to absorb losses from or right to receive benefits of the VIE that could potentially be significant to the VIE. The Company consolidates any VIEs when the Company is determined to be the primary beneficiary of the VIE and the difference between consolidating the VIE and accounting for it using the equity method could be material to the Company's consolidated financial statements. The Company continually evaluates the need to consolidate these VIEs based on standards set forth in U.S. GAAP.

***Reclassification***

As described below, the following items previously reported have been reclassified to conform with the current period's presentation.

Direct financing lease income of \$0.4 million and \$0.8 million has been reclassified to rental income during the three and six months ended June 30, 2017, respectively, and investments in the Cole REITs, as defined in "Investment in Cole REITs" section herein, of \$3.3 million has been reclassified as of December 31, 2017 to rent and tenant receivables and other assets, net from investment in unconsolidated entities to be consistent with the current year presentation.

In connection with the adoption of Accounting Standards Update ASU 2016-15, Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments ("ASU 2016-15") and ASU 2016-18 Statement of Cash Flows (Topic 230): Restricted Cash ("ASU 2016-18"), during the fourth quarter of fiscal year 2017, as discussed in the Company's Annual Report on Form 10-K filed on February 22, 2018, certain reclassifications have been made to prior period balances to conform to current presentation in the consolidated statement of cash flows. Under ASU 2016-15, the Company reclassified \$0.4 million of distributions received from equity method investments from cash flows provided by operating activities to cash flows provided by investing activities in the consolidated statement of cash flows for the six months ended June 30, 2017. The Company also

**VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

reclassified \$44,000 of proceeds from the settlement of property-related insurance claims from cash flows provided by operating activities to cash flows provided by investing activities for the six months ended June 30, 2017. Under ASU 2016-18, transfers to or from restricted cash, which have previously been shown in the Company's investing activities section of the consolidated statements of cash flows, are now required to be shown as part of the total change in cash, cash equivalents and restricted cash in the consolidated statements of cash flows. Accordingly, for the six months ended June 30, 2017, the Company included restricted cash with cash and cash equivalents when reconciling the beginning-of-period and end-of-period amounts shown on the statements of cash flows and removed the change in restricted cash from cash flows used in investing activities. This change resulted in an increase in cash flows provided by investing activities of \$4.0 million during the six months ended June 30, 2017.

***Revenue Recognition***

In May 2014, the U.S. Financial Accounting Standards Board ("FASB") issued ASU 2014-09, Revenue from Contracts with Customers ("ASU 2014-09") (Topic 606), which supersedes the revenue recognition requirements in Revenue Recognition, Accounting Standards Codification ("ASC") (Topic 605) and requires an entity to recognize revenue in a way that depicts the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Subsequent to the issuance of ASU 2014-09, the FASB issued ASU 2016-10, Revenue from Contracts with Customers (Topic 606) Identifying Performance Obligations and Licensing ("ASU 2016-10"), ASU 2016-08, Principal versus Agent Considerations (Reporting Revenue Gross versus Net) ("ASU 2016-08"), ASU 2016-12, Revenue from Contracts with Customers (Topic 606) Narrow-Scope Improvements and Practical Expedients ("ASU 2016-12") and ASU 2016-20 Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers ("ASU 2016-20"), which provided various technical corrections and practical expedients to the requirements of ASU 2014-09. ASU 2014-09 together with ASU 2016-08, ASU 2016-10, ASU 2016-12 and ASU 2016-20 are referred to as the "Revenue ASUs". The Company adopted the Revenue ASUs during the first quarter of 2018 using the modified retrospective approach, which allows a cumulative effect adjustment to beginning retained earnings equal to initially applying the Revenue ASUs to all contracts with customers not completed as of the date of adoption. Adoption of the Revenue ASUs did not result in a cumulative effect adjustment to retained earnings as all contracts not completed as of adoption within the scope of Topic 606 have the same revenue recognition timing and measurement under Topic 605. Revenues generated through leasing arrangements are excluded from the Revenue ASUs as discussed below.

***Revenue Recognition - Real Estate***

Revenue recognized as rental income is not within the scope of Topic 606 and therefore was not impacted by its adoption. Upon adoption of ASU 2016-02, Leases ("ASU 2016-02") on January 1, 2019, operating expense reimbursement revenue will be within the scope of Topic 606 and may be considered a non-lease component, as defined in ASU 2016-02. Refer to "Recent Accounting Pronouncements" section herein for further discussion regarding ASU 2016-02. Operating expense reimbursement revenue was not impacted by the adoption of Topic 606 for the three and six months ended June 30, 2018.

***Revenue Recognition - Cole Capital***

As discussed in Note 4 —Discontinued Operations, on February 1, 2018, the Company completed the sale of its investment management segment, Cole Capital. The assets, liabilities and related financial results of substantially all of the Cole Capital segment are reflected in the financial statements as discontinued operations.

Cole Capital earned securities sales commissions, dealer manager fees, distribution and stockholder servicing fees, real estate acquisition fees, financing coordination fees, property management fees, advisory fees, asset management fees and performance fees for services relating to the Cole REITs' offerings and the investment and management of their respective assets, in accordance with the respective dealer manager and advisory agreements.

Cole Capital recorded dealer manager fees, excluding those related to INAV, as defined in "Investment in Cole REITs" section herein, and securities sales commissions as revenue upon satisfying its performance obligation, which occurred at the point in time in which the sale was complete. Dealer manager fees from the sale of INAV shares and distribution and stockholder servicing fees were a form of variable consideration associated with the performance obligation of selling shares. Although the performance obligation of selling shares was completed upon sale, the variable consideration was constrained due to the uncertainty associated with estimating the transaction price. As the fees were accrued daily based upon the fund's net asset value, revenue was recognized daily as the uncertainty was resolved. The Company recorded revenue related to acquisition and financing coordination fees upon satisfaction of the related performance obligations, which occurred upon completion of a transaction. Advisory, asset and property management fees were recorded over time as services were performed. Performance fees were a form of variable consideration relating to INAV earned at a point in time in which for any year the total return on stockholders' capital exceeded 6% per annum

on a calendar year basis. Although the performance obligation associated with the performance fee would have been satisfied over time, revenue recognition was constrained due to the uncertainty associated with estimating the transaction price. The Company was also reimbursed for certain costs incurred in providing these services, which were recorded as revenue as the expenses were incurred subject to revenue constraint due to the limitations on the amount that was reimbursable based on the terms of the respective dealer manager and advisory agreements. Refer to Note 15 – Related Party Transactions and Arrangements for a disaggregation of Cole Capital revenues.

*Revenue Recognition - Other*

The Company entered into a services agreement (the “Services Agreement”) with the Cole Purchaser, as defined in Note 4 — Discontinued Operations, pursuant to which the Company will continue to provide certain services to the Cole Purchaser and the Cole REITs, including operational real estate support, for a specified period of time (“Transition Services Revenues”). Under the terms of the Services Agreement, the Company will be entitled to receive reimbursement for certain of the services provided. The Company recorded Transition Services Revenues as costs associated with providing such services were incurred, which coincided with the timing in which the performance obligations of the contract had been met. During the three months ended June 30, 2018, the Company incurred \$4.9 million of costs as a result of providing such services and recognized revenues of \$4.9 million. During the period from February 1, 2018 through June 30, 2018, the Company incurred \$8.1 million of such costs and recognized revenues of \$8.1 million, which are recorded in other income, net in the consolidated statement of operations.

The Company may also receive Net Revenue Payments, as defined in Note 4 — Discontinued Operations, over the next six years if future revenues of Cole Capital exceed a specified dollar threshold, up to an aggregate of \$80.0 million in Net Revenue Payments. Net Revenue Payments represent variable consideration for which the performance obligation of closing on the Cole Capital sale has occurred but revenue recognition is constrained due to the large number and broad range of possible consideration amounts. Income will be recognized when any future Net Revenue Payments are realized.

*Goodwill*

In connection with prior mergers, the Company recorded goodwill as a result of the merger consideration exceeding the net assets acquired. As of June 30, 2018 and December 31, 2017, the carrying value of goodwill was \$1.3 billion.

The Company evaluates goodwill for impairment annually or more frequently when an event occurs or circumstances change that indicate the carrying value may not be recoverable. The Company’s annual testing date is during the fourth quarter. During the six months ended June 30, 2018 and 2017, management monitored the actual performance relative to the fair value assumptions used during the annual goodwill impairment testing. For the periods presented, management determined it remained more likely than not that the fair value was greater than its carrying value. Goodwill related to discontinued operations is discussed in Note 4 — Discontinued Operations.

***Investment in Cole REITs***

As of December 31, 2017, the Company owned equity investments in Cole Credit Property Trust IV, Inc. ("CCPT IV"), Cole Real Estate Income Strategy (Daily NAV), Inc. ("INAV"), Cole Office & Industrial REIT (CCIT II), Inc. ("CCIT II"), Cole Office & Industrial REIT (CCIT III), Inc. ("CCIT III"), and Cole Credit Property Trust V, Inc. ("CCPT V" and collectively with CCPT IV, INAV, CCIT II and CCIT III, the "Cole REITs"). On February 1, 2018, the Company sold certain of its equity investments to the Cole Purchaser, retaining interests in CCIT II, CCIT III and CCPT V. Subsequent to the sale of Cole Capital and the adoption of ASU 2016-01, the Company carried these investments at fair value, as the Company does not exert significant influence over CCIT II, CCIT III or CCPT V, and any changes in the fair value were recognized in other income, net in the accompanying consolidated statement of operations for the six months ended June 30, 2018. Prior to the sale of Cole Capital, the Company accounted for these investments using the equity method of accounting, which required the investment to be initially recorded at cost and subsequently adjusted for the Company's share of equity in the respective Cole REIT's earnings and distributions. The Company recorded its proportionate share of net income or loss from the Cole REITs in equity in income and gain on disposition of unconsolidated entities in the consolidated statement of operations for the three and six months ended June 30, 2017. The Company's equity investments in the Cole REITs, consisting of \$7.8 million and \$3.3 million, are presented in rent and tenant receivables and other assets, net in the consolidated balance sheet as of June 30, 2018 and December 31, 2017, respectively.

***Equity-based Compensation***

The Company has an equity-based incentive award plan, which provides for the grant of stock options, stock appreciation rights, restricted shares of common stock, restricted stock units, deferred stock units and dividend equivalent rights and other stock-based awards to non-executive directors, officers, other employees and advisors or consultants who provide services to the Company, as applicable, and a non-executive director restricted share plan, which are accounted for under U.S. GAAP for share-based payments. The expense for such awards is recognized over the vesting period. As of June 30, 2018, the General Partner had cumulatively awarded under its Equity Plan approximately 4.0 million restricted shares, net of the forfeiture of 3.7 million restricted shares through that date, 5.8 million restricted stock units, net of the forfeiture/cancellation of 1.3 million restricted stock units through that date, 0.5 million deferred stock units, and 2.8 million stock options, net of forfeiture/cancellation of approximately 40,000 stock options through that date, collectively representing 13.1 million shares of Common Stock.

During the three and six months ended June 30, 2018, the Company recorded \$0.2 million and \$0.3 million, respectively, of expense related to restricted shares of common stock, \$1.2 million and \$2.6 million, respectively, of expense related to time-based restricted stock units, and \$1.5 million and \$2.7 million, respectively, of expense related to long-term incentive-based restricted stock units. During the three and six months ended June 30, 2017, there were no expenses recorded relating to stock options.

***Income Taxes***

The General Partner currently qualifies and has elected to be taxed as a REIT for U.S. federal income tax purposes under Sections 856 through 860 of the Internal Revenue Code. As a REIT, the General Partner generally is not subject to federal income tax, with the exception of its TRS entities. However, the General Partner, including its TRS entities, and the Operating Partnership are still subject to certain state and local income and franchise taxes in the various jurisdictions in which they operate, which are included in provision for income taxes in the accompanying consolidated statements of operations.

***Recent Accounting Pronouncements***

Refer to the section “Revenue Recognition” herein for ASU 2014-09 and related Revenue ASUs.

In January 2016, the FASB issued ASU 2016-01, Financial Instruments – Overall (Subtopic 825-10), Recognition and Measurement of Financial Assets and Financial Liabilities (“ASU 2016-01”), which requires equity investments (except those accounted for under the equity method of accounting or those that result in consolidation of the investee) to be measured at fair value with changes in fair value recognized in net income (loss). An entity may choose to measure equity investments that do not have a readily determinable fair value at costs minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issue. ASU 2016-01 is effective for fiscal years, and interim periods within, beginning after December 15, 2017 and requires prospective treatment of equity securities without readily determinable fair values. The Company adopted ASU 2016-01 as of January 1, 2018 and recorded a \$5.1 million gain, which is included in other income, net in the accompanying consolidated statements of operations, on measuring the Company’s investments in the Cole REITs at fair value after the investments were no longer accounted for using the equity method.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited) – (Continued)**

In February 2016, the FASB issued ASU 2016-02, which will require that a lessee recognize assets and liabilities on the balance sheet for all leases with a lease term of more than 12 months, with the result being the recognition of a right of use asset and a lease liability and the disclosure of key information about the entity's leasing arrangements. The lessor accounting model under ASU 2016-02 is similar to existing guidance, however it limits the capitalization of initial direct leasing costs, such as internally generated costs. ASU 2016-02 retains a distinction between a finance lease (*i.e.*, capital leases under existing guidance) and an operating lease. The classification criteria for distinguishing between finance leases and operating leases will be substantially similar to the classification criteria for distinguishing between capital leases and operating leases under current U.S. GAAP. The amendments in ASU 2016-02 are effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years, with early adoption permitted. A modified retrospective approach is required for existing leases that have not expired upon adoption and provides for certain practical expedients. The Company has developed an inventory of all leases and is identifying any non-lease components in the lease agreements and is evaluating the impact to the Company, both as lessor and lessee, and its consolidated financial statements. Upon the adoption of ASU 2016-02, the Company will record certain expenses paid directly by a tenant that protect the Company's interests in its properties, such as real estate taxes, and the related operating expense reimbursement revenue, with no impact on net income, however the FASB has announced it will re-evaluate this requirement. The Company currently does not record such expenses and the related operating expense reimbursement revenue. Upon adoption of ASU 2016-02, operating expense reimbursement revenue will be within the scope of Topic 606 and may be considered a non-lease component, as defined in ASU 2016-02, subject to certain proposed practical expedients. The Company expects the accounting for leases pursuant to which the Company is the lessee to change and is currently evaluating the impact. Leases pursuant to which the Company is the lessee primarily consist of approximately 25 corporate leases and approximately 200 ground leases.

In June 2016, the FASB issued ASU 2016-13, Financial Instruments – Credit Losses (Topic 326) (“ASU 2016-13”). ASU 2016-13 is intended to improve financial reporting by requiring more timely recognition of credit losses on loans and other financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other such commitments. ASU 2016-13 requires that financial assets measured at amortized cost be presented at the net amount expected to be collected, through an allowance for credit losses that is deducted from the amortized cost basis. The amendments in ASU 2016-13 require the Company to measure all expected credit losses based upon historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the financial assets and eliminates the “incurred loss” methodology under current U.S. GAAP. ASU 2016-13 is effective for fiscal years, and interim periods within, beginning after December 15, 2019. Early adoption is permitted for fiscal years, and interim periods within, beginning after December 15, 2018. The Company is currently evaluating the impact this amendment will have on its consolidated financial statements.

In February 2017, the FASB issued ASU 2017-05, Other Income – Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20): Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets (“ASU 2017-05”), which clarifies the following: 1) nonfinancial assets within the scope of Subtopic 610-20 may include nonfinancial assets transferred within a legal entity to a counterparty; 2) an entity should allocate consideration to each distinct asset by applying the guidance in Topic 606 on allocating the transaction price to performance obligations; and 3) requires entities to derecognize a distinct nonfinancial asset or distinct in substance nonfinancial asset in a partial sale transaction when it (a) does not have (or ceases to have) a controlling financial interest in the legal entity that holds the asset in accordance with Subtopic 810 and (b) transfers control of the asset in accordance with Topic 606. The adoption of this standard will result in higher gains on the sale of partial real estate interests, including contributions of nonfinancial assets to a joint venture or other noncontrolling investee, due to recognizing the full gain when the derecognition criteria are met and recording the retained noncontrolling interest at its fair value. ASU 2017-05 is effective for annual periods, and interim periods therein, beginning after December 15, 2017. ASU 2017-05 was adopted during the first quarter of fiscal year 2018, in conjunction with the Revenue ASUs, using the modified retrospective approach. The Company also elected the practical expedient to only apply the guidance to contracts that were not completed upon adoption. At adoption, the Company did not have any contracts that were not completed within the scope of ASU 2017-05 and as such, the adoption of ASU 2017-05 did not impact the Company's financial statements.

In May 2017, the FASB issued ASU 2017-09, Compensation – Stock Compensation (Topic 718): Scope of Modification Accounting. This ASU clarifies which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting in Topic 718. Specifically, an entity would not apply modification accounting if the fair value, vesting conditions and classification of the awards are the same immediately before and after the modification. This ASU is effective for fiscal years beginning after December 15, 2017 and interim periods therein. The standard is applied prospectively to an award modified on or after the adoption date. The Company adopted ASU 2017-09 during the first quarter of fiscal year 2018, which had no impact on its consolidated financial statements.

In August 2017, the FASB issued ASU 2017-12, Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities. The targeted amendments in this ASU help simplify certain aspects of hedge accounting and result in a more accurate portrayal of the economics of an entity’s risk management activities in its financial statements. This ASU applies to the Company’s interest rate swaps designated as cash flow hedges. Upon adoption of this ASU, all changes in the fair value of highly effective cash flow hedges will be recorded in accumulated other comprehensive income rather than recognized directly in earnings. Under current U.S. GAAP, the ineffective portion of the change in fair value of cash flow hedges is recognized directly in earnings. This eliminates the requirement to separately measure and disclose ineffectiveness for qualifying cash flow hedges. ASU 2017-12 is effective for public entities for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. The ASU is required to be adopted using a modified retrospective approach with early adoption permitted. The Company adopted ASU 2017-12 during the first quarter of fiscal year 2018, which had no impact on the Company’s consolidated financial statements as the Company had no interest rate swaps designated as cash flow hedges as of the date of adoption. Refer to Note 10 – Derivatives and Hedging Activities for additional tabular disclosure of the effect of hedge accounting by income statement line items as required upon adoption of ASU 2017-12.

In January 2018, the FASB issued ASU 2018-01, Leases (Topic 842): Land Easement Practical Expedient for Transition to Topic 842. The amendments to Topic 842 help address transition guidance as it relates to land easements. The ASU provides an optional practical expedient to not evaluate under Topic 842 existing or expired land easements that were not previously accounted for as leases under the current leases guidance in Topic 840. An entity that elects this practical expedient should evaluate new or modified land easements under Topic 842 beginning at the date the entity adopts Topic 842. An entity that does not elect this practical expedient should evaluate all existing or expired land easements in connection with the adoption of the new lease requirements in Topic 842 to assess whether they meet the definition of a lease. The ASU is effective upon adoption of ASU 2016-02 and the Company is currently evaluating the impact this amendment will have on its consolidated financial statements.

As part of the Company's quarterly impairment review procedures, net real estate assets with carrying values totaling \$39.8 million were deemed to be impaired and their carrying values were reduced to their estimated fair values of \$22.1 million resulting in impairment charges of \$17.7 million during the six months ended June 30, 2018. ***Consolidated Joint Ventures***

The Company had an interest in one consolidated joint venture that owned one property as of June 30, 2018 and December 31, 2017. As of June 30, 2018 and December 31, 2017, the consolidated joint venture had total assets of \$32.7 million and \$33.7 million, of which \$30.2 million and \$30.7 million, respectively, were real estate investments, net of accumulated depreciation and amortization. As of June 30, 2018 and December 31, 2017, the property was secured by a mortgage note payable of \$14.9 million, which was non-recourse to the Company. The Company has the ability to control operating and financial policies of the consolidated joint venture. There are restrictions on the use of these assets as the Company would generally be required to obtain the approval of the partner in accordance with the joint venture agreement for any major transactions. The Company and the joint venture partner are subject to the provisions of the joint venture agreement, which includes provisions for when additional contributions may be required to fund certain cash shortfalls. The partner's share of the loss from the consolidated joint venture was \$16,000 and \$56,000 for the three and six months ended June 30, 2018, respectively.

As of June 30, 2017, the Company had interests in two consolidated joint ventures. The partners' share of the two consolidated joint ventures' loss was \$14,000 and \$21,000 for the three and six months ended June 30, 2017, respectively.

***Unconsolidated Joint Ventures***

As of June 30, 2018, the Company held an investment in an unconsolidated joint venture that owned one property with a carrying value of \$34.0 million. During the six months ended June 30, 2018, the Company disposed of one property owned by an unconsolidated joint venture as previously discussed in the "Property Dispositions and Real Estate Assets Held for Sale" section herein. As of December 31, 2017, the Company held investments in two unconsolidated joint ventures that each owned one property with an aggregate carrying value of \$39.5 million.

The Company had a 90% legal ownership interest in the unconsolidated joint venture at June 30, 2018 and December 31, 2017 and accounts for its investment using the equity method of accounting as the Company has the ability to exercise significant influence, but not control, over operating and financing policies of the investment. The equity method of accounting requires the investment to be initially recorded at cost and subsequently adjusted for the Company's share of equity in earnings and distributions from the joint venture. During the three and six months ended June 30, 2018 the Company recognized \$0.3 million and \$0.7 million of net income, respectively, from unconsolidated joint ventures. During the three and six months ended June 30, 2017, the Company recognized \$0.6 million and \$0.9 million of net income, respectively, from two unconsolidated joint ventures. The Company's legal ownership interest may, at times, not equal the Company's economic interest because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns.

The carrying amount of the unconsolidated joint venture was greater than the underlying equity in net assets by \$4.9 million and \$5.0 million as of June 30, 2018 and December 31, 2017, respectively. This difference relates to a purchase price allocation of goodwill and a step up in fair value of the investment assets acquired in connection with mergers. The step up in fair value was allocated to the individual investment assets and is being amortized in accordance with the Company's depreciation policy. The Company and the unconsolidated joint venture partner are subject to the provisions of the applicable joint venture agreement, which includes provisions for when additional contributions may be required to fund certain cash shortfalls.

**Note 4 — Discontinued Operations**

On February 1, 2018, the Company completed the sale of its investment management segment, Cole Capital. Substantially all of the Cole Capital segment's operations were conducted through Cole Capital Advisors, Inc. ("CCA"), an Arizona corporation and a wholly owned subsidiary of the OP. The OP sold all of the issued and outstanding shares of common stock of CCA and certain of CCA's subsidiaries to CCA Acquisition, LLC (the "Cole Purchaser"), an affiliate of CIM Group, LLC, for approximately \$120.0 million paid in cash at closing. The Company could also receive additional fees over the next six years if future revenues of Cole Capital exceed a specified dollar threshold (the "Net Revenue Payments"), up to an aggregate of \$80.0 million in Net Revenue Payments. Substantially all of the Cole Capital segment financial results are reflected in the financial statements as discontinued operations.

**Note 5 – Investment Securities, at Fair Value**

Investment securities are considered available-for-sale and, therefore, increases or decreases in the fair value of these investments are recorded in accumulated other comprehensive income (loss) as a component of equity in the consolidated balance sheets unless the securities are considered to be other-than-temporarily impaired at which time the losses are reclassified to expense.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited) – (Continued)**

The following tables detail the unrealized gains and losses on investment securities as of June 30, 2018 and December 31, 2017 (in thousands):

	June 30, 2018			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
CMBS	\$ 38,420	\$ 598	\$ (3,529)	\$ 35,489

	December 31, 2017			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
CMBS	\$ 43,006	\$ 895	\$ (2,927)	\$ 40,974

As of June 30, 2018 and December 31, 2017, the Company owned six and eight commercial mortgage-backed securities (“CMBS”), respectively, with an estimated aggregate fair value of \$35.5 million and \$41.0 million, respectively. During the six months ended June 30, 2018, two CMBS with a combined carrying value of \$1.0 million at December 31, 2017, were paid in full or reached maturity. The Company generally receives monthly payments of principal and interest on the CMBS. As of June 30, 2018, the Company earned interest on the CMBS at rates ranging between 5.9% and 9.0%. As of June 30, 2018, the fair value of five CMBS were below their amortized cost. In estimating other-than-temporary impairment losses, management considers a variety of factors, including: (i) whether the Company has the intent to sell the security, (ii) whether the Company expects to hold the investment for a period of time sufficient to allow for anticipated recovery in fair value, and (iii) whether the Company expects to recover the entire amortized cost basis of the security. The Company believes that none of the unrealized losses on investment securities are other-than-temporary as management expects the Company will fully recover the entire amortized cost basis of all securities. As of June 30, 2018, the Company had no other-than-temporary impairment losses.

The scheduled maturity of the Company’s CMBS as of June 30, 2018 are as follows (in thousands):

	June 30, 2018	
	Amortized Cost	Fair Value
Due within one year	\$ —	\$ —
Due after one year through five years	13,700	14,279
Due after five years through 10 years	24,720	21,210

**Note 6 – Mortgage Notes Receivable**

As of June 30, 2018, the Company owned eight mortgage notes receivable with a weighted-average interest rate of 6.2% and weighted-average years to maturity of 12.2 years. The following table details the mortgage notes receivable as of June 30, 2018 (dollar amounts in thousands):

Outstanding Balance	Carrying Value	Interest Rate Range	Maturity Date Range
\$ 22,082	\$ 19,855	5.9% – 6.8%	December 2026 – January 2033

The Company’s mortgage notes receivable are comprised primarily of fully-amortizing or nearly fully-amortizing first mortgage loans. The Company has one mortgage note receivable where the Company does not receive monthly payments of principal and interest but rather the interest is capitalized into the outstanding balance that is due at maturity. The mortgage notes receivable are primarily on commercial real estate, each leased to a single tenant. Therefore, the Company’s monitoring of the credit quality of its mortgage notes receivable is focused primarily on an analysis of the tenant, including review of tenant quality and ratings, trends in the tenant’s industry and general economic conditions and an analysis of measures of collateral coverage, such as an estimate of the loan-to-value ratio (principal amount outstanding divided by the estimated value of the property) and its remaining term until maturity.

Allowance for uncollectible accounts was \$5.5 million and \$6.3 million as of June 30, 2018 and December 31, 2017, respectively. The Company suspends revenue recognition when the collectability of amounts due pursuant to a lease is no longer reasonably assured. As of June 30, 2018 and December 31, 2017, the allowance related to suspended revenue recognition was \$9.0 million and \$12.6 million, respectively.

(2) Allowance for uncollectible accounts included in straight-line rent receivable, net was \$1.1 million and \$2.0 million as of June 30, 2018 and December 31, 2017, respectively.

(3) Amortization expense for deferred costs related to the revolving credit facilities totaled \$2.1 million and \$2.6 million for the three months ended June 30, 2018 and 2017, respectively, and \$4.7 million and \$5.2 million for the six months ended June 30, 2018 and 2017, respectively. (6) Net of \$2.7 million and \$1.8 million of interest receivable reserves as of June 30, 2018 and December 31, 2017.

**Note 8 – Fair Value Measures**

The Company determines fair value based on quoted prices when available or through the use of alternative approaches, such as discounting the expected cash flows using market interest rates commensurate with the credit quality and duration of the investment. U.S. GAAP guidance defines three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

**VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited) – (Continued)**

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the entire contractual term of the asset or liability.

Level 3 – Unobservable inputs reflect the entity’s own assumptions about the assumptions that market participants would use in the pricing of the asset or liability and are consequently not based on market activity, but rather through particular valuation techniques.

The determination of where an asset or liability falls in the hierarchy requires significant judgment and considers factors specific to the asset or liability. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company evaluates its hierarchy disclosures each quarter and depending on various factors, it is possible that an asset or liability may be classified differently from quarter to quarter. Changes in the type of inputs may result in a reclassification for certain assets. There were no transfers between Level 1, Level 2 or Level 3 of the fair value hierarchy during the six months ended June 30, 2018. The Company expects that changes in classifications between levels will be infrequent.

**Items Measured at Fair Value on a Recurring Basis**

The following tables present information about the Company’s assets and liabilities measured at fair value on a recurring basis as of June 30, 2018 and December 31, 2017, aggregated by the level in the fair value hierarchy within which those instruments fall (in thousands):

	Level 1	Level 2	Level 3	Balance as of June 30, 2018
<b>Assets:</b>				
CMBS	\$ —	\$ —	\$ 35,489	\$ 35,489

<b>Assets:</b>

Derivative assets	—	627	—	627
<b>Total assets</b>	<b>\$ —</b>	<b>\$ 627</b>	<b>\$ 40,974</b>	<b>\$ 41,601</b>

**CMBS** – The Company’s CMBS are carried at fair value and are valued using Level 3 inputs. The Company used estimated non-binding quoted market prices from the trading desks of financial institutions that are dealers in such securities for similar CMBS tranches that actively participate in the CMBS market. Broker quotes are only indicative of fair value and may not necessarily represent what the Company would receive in an actual trade for the applicable instrument. Management determines that the prices are representative of fair value through its knowledge and experience in the market. The significant unobservable input used in valuing the CMBS is the discount rate or market yield used to discount the estimated future cash flows expected to be received from the underlying investment, which include both future principal and interest payments. Significant increases or decreases in the discount rate or market yield would result in a decrease or increase in the fair value measurement. The following risks are included in the consideration and selection of discount rates or market yields: risk of default, rating of the investment and comparable company investments.

**Derivative Assets and Liabilities** – The Company’s derivative financial instruments relate to interest rate swaps, discussed in Note 10 – Derivatives and Hedging Activities. The valuation of derivative instruments is determined using a discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, as well as observable market-based inputs, including interest rate curves and implied volatilities. In addition, credit valuation adjustments are incorporated into the fair values to account for the Company’s potential nonperformance risk and the performance risk of the counterparties.

**VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
**June 30, 2018 (Unaudited) – (Continued)**

Although the Company has determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with those derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by the Company and its counterparties. However, as of June 30, 2018, the Company has assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and has determined that the credit valuation adjustments are not significant to the overall valuation of the Company's derivatives. As a result, the Company has determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

*Investment in Cole REITs* – As discussed in Note 2 – Summary of Significant Accounting Policies, subsequent to the sale of Cole Capital and adoption of ASU 2016-01, the Company carried its investment in the Cole REITs at fair value, as the Company does not exert significant influence over CCIT II, CCIT III or CCPT V. The fair values of these investments have been estimated using the net asset value per share of CCIT II and CCPT V. The Company determined that the CCIT III per share primary offering price net of selling commissions and dealer manager fees approximated fair value. Each of the Cole REIT's share redemption programs includes restrictions that limit the number of shares redeemed by the respective Cole REIT. Beginning in 2017, CCIT II and CCPT V limited the amount of shares redeemed and CCIT III has had no share redemptions. CCIT II has estimated that it will commence a liquidity event over the next three to five years. CCPT V has estimated that it will commence a liquidity event over the next three to six years following the termination of its initial public offering. CCIT III has estimated that it will commence a liquidity event five to seven years following the termination of its initial public offering.

The fair value of short-term financial instruments such as cash and cash equivalents, restricted cash, due to affiliates and accounts payable approximate their carrying value in the accompanying consolidated balance sheets due to their short-term nature and are classified as Level 1 under the fair value hierarchy.

The following are reconciliations of the changes in assets and liabilities with Level 3 inputs in the fair value hierarchy for the six months ended June 30, 2018 and 2017 (in thousands):

(1) Current and prior period liabilities' carrying and fair values exclude net deferred financing costs.

**Items Measured at Fair Value on a Non-Recurring Basis**

Certain financial and nonfinancial assets and liabilities are measured at fair value on a nonrecurring basis and are subject to fair value adjustments in certain circumstances, such as when there is evidence of impairment.

*Real Estate Investments*

As discussed in Note 3 – Real Estate Investments and Related Intangibles, during the six months ended June 30, 2018, net real estate assets representing 31 properties were deemed to be impaired and their carrying values totaling \$39.8 million were reduced to their estimated fair value of \$22.1 million, resulting in impairment charges of \$17.7 million. During the six months ended June 30, 2017, net real estate assets related to 38 properties with carrying values totaling \$74.5 million were deemed to be impaired and their carrying values were reduced to their estimated fair values of \$50.0 million resulting in impairment charges of \$24.5 million. The Company estimates fair values using Level 3 inputs and using a combined income and market approach, specifically using discounted cash flow analysis and recent comparable sales transactions. The evaluation of real estate assets for potential impairment requires the Company's management to exercise significant judgment and to make certain key assumptions, including, but not limited to, the following: (1) capitalization rate; (2) discount rates; (3) number of years property will be held; (4) property operating expenses; and (5) re-leasing assumptions including number of months to re-lease, market rental income and required tenant improvements. There are inherent uncertainties in making these estimates such as market conditions and performance and sustainability of the Company's tenants. For the Company's impairment tests for the real estate assets during the six months ended June 30, 2018, the Company used a range of discount rates from 7.4% to 7.5% with a weighted-average rate of 7.4% and capitalization rates from 6.9% to 7.7% with a weighted-average rate of 7.5%.

The following table presents the impairment charges by asset class recorded during the six months ended June 30, 2018 and 2017 (dollar amounts in thousands):

As of June 30, 2018, the Company had \$6.0 billion of debt outstanding, including net premiums and net deferred financing costs, with a weighted-average years to maturity of 4.0 years and a weighted-average interest rate of 4.2%. The following table summarizes the carrying value of debt as of June 30, 2018 and December 31, 2017, and the debt activity for the six months ended June 30, 2018 (in thousands):

**June 30, 2018 (Unaudited) – (Continued)**

The Company's mortgage loan agreements generally restrict corporate guarantees and require the maintenance of financial covenants, including maintenance of certain financial ratios (such as debt service coverage ratios and minimum net operating income). The mortgage loan agreements contain no dividend restrictions except in the event of default or when a distribution would drive liquidity below the applicable thresholds. At June 30, 2018, the Company believes it was in compliance with the financial covenants under the mortgage loan agreements and had no restrictions on the payment of dividends.

On April 12, 2018, the Company entered into a deed-in-lieu of foreclosure agreement with the lender of the mortgage loan, secured by one property, with an outstanding balance of \$16.2 million at the time of default and conveyed all interest in the property to satisfy the mortgage loan. As a result of the deed-in-lieu of foreclosure transaction, the Company recognized a gain on forgiveness of debt of \$5.2 million, which is included in gain on extinguishment and forgiveness of debt, net in the accompanying consolidated statements of operations.

The following table summarizes the scheduled aggregate principal repayments due on mortgage notes subsequent to June 30, 2018 (in thousands):

As of June 30, 2018, the OP had \$2.85 billion aggregate principal amount of senior unsecured notes (the "Senior Notes") outstanding comprised of the following (dollar amounts in thousands):

	<b>Outstanding Balance June 30, 2018</b>	<b>Interest Rate</b>	<b>Maturity Date</b>
2019 Senior Notes	\$ 750,000	3.000%	February 6, 2019

Total balance and weighted-average interest rate	<b>\$ 2,850,000</b>	<b>4.033%</b>	

The Senior Notes are guaranteed by the General Partner. The OP may redeem all or a part of any series of the Senior Notes at any time, at its option, for the redemption prices set forth in the indenture governing the Senior Notes. If the redemption date is 30 or fewer days prior to the maturity date with respect to the 2019 Senior Notes and the 2021 Senior Notes or is 90 or fewer days prior to the maturity date with respect to the 2024 Senior Notes, the 2026 Senior Notes and the 2027 Senior Notes, the redemption price will equal 100% of the principal amount of the Senior Notes of the applicable series to be redeemed, plus accrued and unpaid interest on the amount being redeemed to, but excluding, the applicable redemption date. The Senior Notes are registered under the Securities Act of 1933, as amended (the "Securities Act") and are freely transferable.

The indenture governing our Senior Notes requires us to maintain financial ratios which include maintaining (i) a maximum limitation on incurrence of total debt less than or equal to 65% of Total Assets (as defined in the indenture), (ii) maximum limitation on incurrence of secured debt less than or equal to 40% of Total Assets (as defined in the indenture), (iii) a minimum debt service coverage ratio of at least 1.5x and (iv) a minimum unencumbered asset value of at least 150% of the aggregate principal amount of all of the outstanding Unsecured Debt (as defined in the indenture). The Company believes it was in compliance with the financial covenants pursuant to the indenture governing the Senior Notes as of June 30, 2018.

The OP has issued corresponding identical convertible notes to the General Partner.

<b>Total balance and weighted-average interest rate</b>	<b>\$ 1,000,000</b>	<b>3.30%</b>		

(1) Excludes the carrying value of the conversion options recorded within additional paid-in capital of \$28.6 million and the unamortized discount of \$5.1 million as of June 30, 2018. The discount will be amortized over the remaining weighted average term of 1.0 years.

(2) Conversion rate represents the amount of the General Partner OP Units per \$1,000 principal amount of Convertible Notes that would be converted as of June 30, 2018, as adjusted in accordance with the applicable indentures as a result of cash dividend payments.

The 2020 Convertible Notes may be converted into cash, shares of the Company's common stock or a combination thereof, in limited circumstances prior to June 15, 2020, and may be converted into such consideration at any time on or after June 15, 2020. There were no changes to the terms of the Convertible Notes and the Company believes it was in compliance with the financial covenants pursuant to the indenture governing the Convertible Notes as of June 30, 2018.

**Credit Facility**

On May 23, 2018, the General Partner, as guarantor, and the OP, as borrower, entered into a credit agreement with Wells Fargo Bank, National Association ("Wells Fargo") as administrative agent and other lenders party thereto (the "Credit Agreement"). The Credit Agreement provides for a \$2.0 billion unsecured revolving credit facility (the "Revolving Credit Facility") and a \$900.0 million unsecured delayed-draw term loan facility (the "Delayed-Draw Term Loan", together with the Revolving Credit Facility, the "Credit Facility"). In connection with entering into the Credit Agreement, the OP repaid all of the outstanding obligations under the amended and restated credit agreement dated as of June 30, 2014 (as amended, the "2014 Credit Agreement") and the 2014 Credit Agreement was terminated. The 2014 Credit Agreement provided for a \$2.3 billion revolving credit facility and was scheduled to terminate on June 30, 2018.

As of June 30, 2018, the outstanding balance under the Revolving Credit Facility was \$195.0 million. The maximum aggregate dollar amount of letters of credit that may be outstanding at any one time under the Credit Facility is \$50.0 million. As of June 30, 2018, no amounts had been drawn on the Delayed-Draw Term Loan.

The Revolving Credit Facility generally bears interest at an annual rate of London Inter-Bank Offer Rate ("LIBOR") plus 0.775% to 1.55% or Base Rate plus 0.00% to 0.55% (based upon the General Partner's then current credit rating). "Base Rate" is defined as the highest of the prime rate, the federal funds rate plus 0.50% or a floating rate based on one month LIBOR plus 1.0%, determined on a daily basis. The Delayed-Draw Term Loan generally bears interest at an annual rate of LIBOR plus 0.85% to 1.75%, or Base Rate plus 0.00% to 0.75% (based upon the General Partner's then current credit rating). In addition, the Credit Agreement provides the flexibility for interest rate auctions, pursuant to which, at the Company's election, the Company may request that lenders make competitive bids to provide revolving loans, which competitive bids may be at pricing levels that differ from the foregoing interest rates.

In the event of default, at the election of a majority of the lenders (or automatically upon a bankruptcy event of default with respect to the OP or the General Partner), the commitments of the lenders under the Credit Facility will terminate, and payment of any unpaid amounts in respect of the Credit Facility will be accelerated. The Revolving Credit Facility terminates on May 23, 2022, unless extended in accordance with the terms of the Credit Agreement. The Credit Agreement provides for two six-month extension options with respect to the Revolving Credit Facility, exercisable at the OP's election and subject to certain customary conditions, as well as certain customary "amend and extend" provisions. Any term loans outstanding under the Delayed-Draw Term Loan mature on May 23, 2023. At any time, upon timely notice by the OP and subject to any breakage fees, the OP may prepay borrowings under the Credit Facility (subject to certain limitations applicable to the prepayment of any loans obtained through an interest rate auction, as described above). The OP incurs a facility fee equal to 0.10% to 0.30% per annum (based upon the General Partner's then current credit rating) multiplied by the commitments (whether or not utilized) in respect of the Revolving Credit Facility. In addition, the OP incurs a ticking fee equal to 0.25% multiplied by unused commitments in respect of the Delayed-

Draw Term Loan. The OP also incurs customary administrative agent, letter of credit issuance, letter of credit fronting, extension and other fees.

The Credit Facility requires restrictions on corporate guarantees, as well as the maintenance of financial covenants, including the maintenance of certain financial ratios (such as specified debt to equity and debt service coverage ratios). The key financial covenants in the Credit Facility, as defined and calculated per the terms of the Credit Agreement, include maintaining (i) a maximum leverage ratio less than or equal to 60%, (ii) a minimum fixed charge coverage ratio of at least 1.5x, (iii) a secured leverage ratio less than or equal to 45%, (iv) a total unencumbered asset value ratio less than or equal to 60% and (v) a minimum unencumbered interest coverage ratio of at least 1.75x. The Company believes it was in compliance with the financial covenants pursuant to the Credit Agreement and is not restricted from accessing any borrowing availability under the Credit Facility as of June 30, 2018.

In connection with entering into the Credit Agreement, the Company capitalized an aggregate \$20.7 million in lender fees and third-party costs in respect of the Revolving Credit Facility and the Delayed-Draw Term Loan, which will be amortized over the respective terms. Deferred financing costs, net of accumulated amortization, are included in rent and other tenant receivables and other assets, net in the accompanying consolidated balance sheets.

**Note 10 – Derivatives and Hedging Activities**

***Risk Management Objective of Using Derivatives***

The Company may use derivative financial instruments, including interest rate swaps, caps, options, floors and other interest rate derivative contracts, to hedge all or a portion of the interest rate risk associated with its borrowings. The principal objective of such arrangements is to minimize the risks and/or costs associated with the Company's operating and financial structure as well as to hedge specific anticipated transactions. The Company does not intend to utilize derivatives for purposes other than interest rate risk management. The use of derivative financial instruments carries certain risks, including the risk that the counterparties to these contractual arrangements are not able to perform under the agreements. To mitigate this risk, the Company only enters into derivative financial instruments with counterparties with high credit ratings and with major financial institutions with which the Company and its affiliates may also have other financial relationships. The Company does not anticipate that any of the counterparties will fail to meet their obligations.

As of June 30, 2018 and December 31, 2017, the Company had no interest rate derivatives that were designated as cash flow hedges of interest rate risk. During the three and six months ended June 30, 2018, one loan associated with one derivative instrument not designated as a hedge with a notional value of \$27.4 million and \$27.6 million at the respective settlement date, was repaid in full. As of June 30, 2018 and December 31, 2017, the Company had the following outstanding interest rate derivatives that were not designated as qualifying hedging relationships (dollar amounts in thousands):

<b>Interest Rate Swap</b>	<b>June 30, 2018</b>	<b>December 31, 2017</b>
Number of Instruments	1	2
Notional Amount	\$ 51,015	\$ 78,949

The table below presents the fair value of the Company's derivative financial instruments not designated as a hedge as well as their classification in the consolidated balance sheets as of June 30, 2018 and December 31, 2017 (in thousands):

<b>Derivatives Not Designated as Hedging Instruments</b>	<b>Balance Sheet Location</b>	<b>June 30, 2018</b>	<b>December 31, 2017</b>
Interest rate swaps	Rent and tenant receivables and other assets, net	\$ 820	\$ 627

Derivatives not designated as hedges are not speculative and are used to manage the Company's exposure to interest rate movements and other identified risks but do not meet the requirements to be classified as hedging instruments. A gain of \$0.1 million and \$0.4 million for the three and six months ended June 30, 2018, respectively, related to the change in the fair value of derivatives not designated as hedging instruments was recorded in gain on derivative instruments, net in the accompanying consolidated statements of operations. The Company recorded a loss of \$0.1 million and \$4,700 for the three and six months ended June 30, 2017. During the three and six months ended June 30, 2017, the Company had interest rate derivatives that were designated as cash flow hedges of interest rate risk and recorded a gain of \$0.7 million and \$1.4 million, respectively, in earnings related to the ineffective portion of the change in fair value of these derivatives, which is included in gain on derivative instruments, net in the accompanying consolidated statement of operations.

***Credit Risk Related Contingent Features***

The Company has agreements with each of its derivative counterparties that contain a provision specifying that if the Company either defaults or is capable of being declared in default on any of its indebtedness, the Company could also be declared in default on its derivative obligations.

***Effect of hedge accounting on the Condensed Consolidated Statements of Income***

As discussed in Note 2 – Summary of Significant Accounting Policies, ASU 2017-12, all changes in the fair value of highly effective cash flow hedges will be recorded in accumulated other comprehensive income rather than separately recognizing any ineffective portion directly in earnings. The following table summarizes the gains from hedging activities recognized in the accompanying consolidated statements of operations for the three and six months ended June 30, 2018 and 2017 (in thousands):

**Litigation**

The Company is involved in various routine legal proceedings and claims incidental to the ordinary course of its business. There are no material legal proceedings pending against the Company, except as follows:

*Government Investigations and Litigation Relating to the Audit Committee Investigation*

As previously reported, on October 29, 2014, the Company filed a Current Report on Form 8-K (the “October 29 8-K”) reporting the Audit Committee’s conclusion, based on the preliminary findings of its investigation, that certain previously issued consolidated financial statements of the Company, including those included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013 and Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014 and June 30, 2014, and related financial information should no longer be relied upon. The Company also reported that the Audit Committee had based its conclusion on the preliminary findings of its investigation into concerns regarding accounting practices and other matters that were first reported to the Audit Committee in early September 2014 and that the Audit Committee believed that an error in the calculation of adjusted funds from operations for the first quarter of 2014 had been identified but intentionally not corrected when the Company reported its financial results for the three and six months ended June 30, 2014. Prior to the filing of the October 29 8-K, the Audit Committee previewed for the SEC the information contained in the filing. Subsequent to that filing, the SEC provided notice that it had commenced a formal investigation and issued subpoenas calling for the production of various documents. In

addition, the United States Attorney's Office for the Southern District of New York contacted counsel for the Audit Committee and counsel for the Company with respect to this matter, and the Secretary of the Commonwealth of Massachusetts issued a subpoena calling for the production of various documents. The Company has been cooperating with these regulators in their investigations.

In connection with these investigations, on September 8, 2016, the United States Attorney's Office for the Southern District of New York announced the filing of criminal charges against the Company's former Chief Financial Officer and former Chief Accounting Officer (the "Criminal Action"), as well as the fact that the former Chief Accounting Officer pleaded guilty to the charges filed. Also on September 8, 2016, the SEC announced the filing of a civil complaint against the same two individuals in the United States District Court for the Southern District of New York (the "SEC Civil Action"). On June 30, 2017, following a jury trial, the former Chief Financial Officer was convicted of the charges filed. Both the former Chief Accounting Officer and the former Chief Financial Officer have entered into settlement agreements with the SEC resolving the charges brought against them.

The United States Attorney's Office has indicated that it does not intend to bring criminal charges against the Company arising from its investigation. In March 2018, investigative staff of the SEC's enforcement division inquired whether the Company wishes to discuss a resolution of potential civil charges the SEC may bring with respect to certain matters investigated by the staff stemming from the announcement made on October 29, 2014. The Company has been cooperating with the SEC staff's investigation since its inception and is engaged in such discussions with the staff. The timing and substance of the ultimate resolution of these discussions is unknown.

As discussed below, the Company and certain of its former officers and directors have been named as defendants in a number of lawsuits filed following the October 29 8-K, including class actions, derivative actions, and individual actions seeking money damages and other relief under the federal securities laws and state laws in both federal and state courts in New York, Maryland and Arizona.

Between October 30, 2014 and January 20, 2015, the Company and certain of its former officers and directors, among other individuals and entities, were named as defendants in ten securities class action complaints filed in the United States District Court for the Southern District of New York. The court consolidated these actions under the caption *In re American Realty Capital Properties, Inc. Litigation*, No. 15-MC-00040 (AKH) (the "SDNY Consolidated Securities Class Action"). The plaintiffs filed a second amended class action complaint on December 11, 2015, which asserted claims for violations of Sections 11, 12(a)(2) and 15 of the Securities Act of 1933 and Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder. Certain defendants, including the Company and the OP, filed motions to dismiss the second amended class action complaint (or portions thereof), which were granted in part and denied in part by the court. The Company and the OP answered the second amended class action complaint on July 29, 2016. On September 8, 2016, the court issued an order directing plaintiffs to file a third amended complaint to reflect certain prior rulings by the court. The third amended complaint was filed on September 30, 2016 and the defendants were not required to file new answers. Discovery is ongoing. Plaintiffs in the SDNY Consolidated Securities Class Action filed a motion for class certification and a hearing on the motion was held on August 24, 2017. On August 31, 2017, the court issued an order granting plaintiffs' motion for class certification. Defendants' petitions seeking leave to appeal the court's order granting class certification were denied on January 24, 2018. During a status conference with the court on June 11, 2018, the court ordered that all fact depositions should be completed by the end of 2018 and set a trial date for September 9, 2019. The next status conference with the court is scheduled for November 29, 2018.

American Realty Capital Properties, Inc. et al., No. 16-cv-05475; Eton Park Fund, L.P. v. American Realty Capital Properties, Inc., et al., No. 16-cv-09393; Reliance Standard Life Insurance Company, et al. v. American Realty Capital Properties, Inc. et al, No. 17-cv-02796; and Fir Tree Capital Opportunity Master Fund, L.P. et al. v. American Realty Capital Properties, Inc. et al., No. 17-cv-04975 (the “Fir Tree Action”) (collectively, the “Opt-Out Actions”). The Opt-Out Actions assert claims arising out of allegedly false and misleading statements in connection with the purchase or sale of the Company’s securities. Discovery in the Opt-Out Actions is being coordinated with discovery in the SDNY Consolidated Securities Class Action. On March 28, 2018, plaintiffs in the Opt-Out Actions filed a motion for partial summary judgment against the Company as to certain elements of certain of the alleged claims. On July 12, 2018, the court denied the plaintiffs’ motion with leave to refile after discovery is completed. On July 27, 2018, an individual securities fraud action was filed in the United States District Court for the Southern District of New York captioned Cohen & Steers Institutional Realty Shares, Inc. et al v. American Realty Capital Properties, Inc. et al., No. 18-cv-06770, asserting claims similar to those in the Opt-Out Actions. The Company has not yet responded to the complaint.

On October 27, 2015, the Company and certain of its former officers, among others, were named as defendants in an individual securities fraud action filed in the United States District Court for the District of Arizona, captioned Vanguard Specialized Funds, et al. v. VEREIT, Inc. et al., No. 15-cv-02157 (the “Vanguard Action”, and such plaintiffs, “Plaintiffs”). The Vanguard Action asserted claims arising out of allegedly false and misleading statements in connection with the purchase or sale of the Company’s securities. On June 7, 2018, the Company entered into a Settlement Agreement and Release (the “Settlement Agreement”) to settle the Vanguard Action. Pursuant to the terms of the Settlement Agreement, the Plaintiffs filed a motion to dismiss all claims against the Company and the other defendants with prejudice and the Company paid Plaintiffs the sum of \$90 million in connection with the settlement of the claims, which is recorded in “Litigation and other non-routine costs, net of insurance recoveries” in the accompanying consolidated statement of operations for the three and six months ended June 30, 2018. The Settlement Agreement contains mutual releases by both Plaintiffs and the Company, although the Company retains the right to pursue any and all claims against the other defendants in the Action and/or third parties, including claims for contribution for amounts paid in the settlement. The Settlement Agreement does not contain any admission of liability, wrongdoing or responsibility by any of the parties. On June 19, 2018, the court entered an order dismissing all of Vanguard’s claims with prejudice. Vanguard’s holdings accounted for approximately 13 percent of the Company’s outstanding shares of common stock held at the end of the period covered by the various pending shareholder actions. In light of the fact that the Vanguard lawsuit was proceeding in a different federal district court than the other related pending cases, the Company believes that if the Vanguard lawsuit continued, it could have found itself facing successive trials on similar factual and legal issues that could have subjected the Company to increased legal risk.

The Company was also named as a nominal defendant, and certain of its former officers and directors were named as defendants, in shareholder derivative actions filed in the United States District Court for the Southern District of New York: Witchko v. Schorsch, et al., No. 15-cv-06043 (the “Witchko Action”); and Serafin, et al. v. Schorsch, et al., No. 15-cv-08563 (the “Serafin Action”). The court consolidated the Witchko Action and the Serafin Action (together “the SDNY Derivative Action”) and the plaintiffs designated the complaint filed in the Witchko Action as the operative complaint in the SDNY Derivative Action. The SDNY Derivative Action seeks money damages and other relief on behalf of the Company for alleged breaches of fiduciary duty, among other claims. On February 12, 2016, the Company and other defendants filed a motion to dismiss the SDNY Derivative Action due to plaintiffs’ failure to plead facts demonstrating that the Board’s decision to refuse plaintiffs’ pre-suit demands was wrongful and not a protected business judgment. On June 9, 2016, the court granted in part and denied in part the Company’s and other defendants’ motions to dismiss. Plaintiffs filed an amended complaint on June 30, 2016, and the Company and other defendants filed answers to the amended complaint on July 22, 2016. Discovery in the Witchko Action is being coordinated with discovery in the SDNY Consolidated Securities Class Action.

On December 3, 2015, the Company was named as a nominal defendant and certain of its former officers and directors were named as defendants in a shareholder derivative action filed in the Circuit Court for Baltimore City in Maryland, Frampton v. Schorsch, et al., No. 24-C-15-006269 (the “Frampton Action”). The Frampton Action seeks money damages and other relief on behalf of the Company for, among other things, alleged breaches of fiduciary duty and contribution and indemnification. By order dated November 4, 2016, the Frampton Action was stayed pending resolution of the SDNY Derivative Action.

**June 30, 2018 (Unaudited) – (Continued)**

On June 10, 2016, the Company was named as a nominal defendant, and certain of its former officers and directors, among others, were named as defendants, in a shareholder derivative action filed in the Supreme Court of the State of New York, *Kosky v. Schorsch, et al.*, No. 653093/2016 (the “Kosky Action”). The Kosky Action seeks money damages and other relief on behalf of the Company for, among other things, alleged breaches of fiduciary duty, negligence, and breach of contract. On October 6, 2016, the parties filed a stipulation staying the Kosky Action until resolution of the SDNY Consolidated Securities Class Action.

On October 6, 2016, the Company was named as a nominal defendant, and certain of its former officers and directors, among others, were named as defendants, in a shareholder derivative action filed in the United States District Court for the District of Maryland, captioned *Meloche v. Schorsch, et al.*, 16-cv-03366 (the “Meloche Action”). An amended complaint was filed on January 17, 2017. The Meloche Action seeks money damages and other relief on behalf of the Company for alleged breaches of fiduciary duty and negligence. By order dated May 16, 2017, the Meloche Action was stayed until resolution of the SDNY Derivative Action.

There can be no assurance as to whether or how the Vanguard settlement may affect any potential future resolution of any other pending lawsuit, the timing of any such resolution, or the amount at which any other matter may be resolved. The Company has not reserved amounts for the SEC investigation, the on-going class action and the remaining opt out litigations discussed above either because it has not concluded that a loss is probable in the particular matter or because it believes that a loss is probable but that any probable loss or reasonably possible range of loss is not reasonably estimable at this time. The Company is currently unable to reasonably estimate a range of reasonably possible loss because these matters involve significant uncertainties, including, but not limited to, the complexity of the facts, the legal theories and the nature of the claims, the information to be produced in discovery, as well as the methodology for determining damages for each of the different types of claims. The ultimate resolution of these litigation matters, the timing and substance of which is unknown, may materially impact the Company’s business, financial condition, liquidity and results of operations.

*Cole Litigation Matter*

In December 2013, Realistic Partners filed a putative class action lawsuit against the Company and the then-members of its board of directors in the Supreme Court for the State of New York, captioned *Realistic Partners v. American Realty Capital Partners, et al.*, No. 654468/2013. The plaintiff alleged, among other things, that the board of the Company breached its fiduciary duties in connection with the transactions contemplated under the Cole Merger Agreement (in connection with the merger between a wholly owned subsidiary of Cole Credit Property Trust III, Inc. and Cole Holdings Corporation) and that Cole Credit Property Trust III, Inc. aided and abetted those breaches. In January 2014, the parties entered into a memorandum of understanding regarding settlement of all claims asserted on behalf of the alleged class of the Company’s stockholders. The proposed settlement terms required the Company to make certain additional disclosures related to the Cole Merger, which were included in a Current Report on Form 8-K filed by the Company with the SEC on January 17, 2014. The memorandum of understanding also contemplated that the parties would enter into a stipulation of settlement, which would be subject to customary conditions, including confirmatory discovery and court approval following notice to the Company’s stockholders, and provided that the defendants would not object to a payment of up to \$625,000 for attorneys’ fees. If the parties enter into a stipulation of settlement, which has not occurred, a hearing will be scheduled at which the court will consider the fairness, reasonableness and adequacy of the settlement. There can be no assurance that the parties will enter into a stipulation of settlement, that the court will approve any proposed settlement, or that any eventual settlement will be under the same terms as those contemplated by the memorandum of understanding.

The Series F Preferred Stock is not redeemable by the Company before January 3, 2019, the fifth anniversary of the date on which such Series F Preferred Stock was issued (the "Initial Redemption Date"), except under circumstances intended to preserve the General Partner's status as a REIT for federal and/or state income tax purposes and except upon the occurrence of a change of control. On and after the Initial Redemption Date, the General Partner may, at its option, redeem shares of the Series F Preferred Stock, in whole or from time to time in part, at a redemption price of \$25.00 per share plus, subject to exceptions, any accrued and unpaid dividends thereon to the date fixed for redemption. The shares of Series F Preferred Stock have no stated maturity, are not subject to any sinking fund or mandatory redemption and will remain outstanding indefinitely unless the General Partner redeems or otherwise repurchases them or they become convertible and are converted into Common Stock (or, if applicable, alternative consideration). The Series F Preferred Stock trades on the NYSE under the symbol "VER PRF". The Series F Preferred Units contain the same terms as the Series F Preferred Stock.

As of June 30, 2018, the Company has received redemption requests totaling approximately 13.1 million Limited Partner OP Units from certain affiliates of the Former Manager, which would have been redeemable for a corresponding number of shares of Common Stock. The Company believes it has potential claims against recipients of those OP Units and has engaged in discussions with affiliates of the Former Manager regarding the redemption requests. Pending any resolution, the Company does not currently intend to satisfy any of the redemption requests. In light of the potential claims, since October 15, 2015, the OP has not paid distributions in respect of a substantial portion of the outstanding Limited Partner OP Units when the Common Stock dividends were otherwise paid.

On May 3, 2018, the Company's board of directors terminated the 2017 Share Repurchase Program and authorized a new program (the "2018 Share Repurchase Program"), collectively with the 2017 Share Repurchase Program (the "Share Repurchase Programs") that permits the Company to repurchase up to \$200.0 million of its outstanding Common Stock through May 3, 2019, as market conditions warrant. Repurchases can be made through open market purchases, privately negotiated transactions, structured or derivative transactions, including accelerated stock repurchase transactions, or other methods of acquiring shares in accordance with applicable securities laws and other legal requirements. The Share Repurchase Programs do not obligate the Company to make any repurchases at a specific time or in a specific situation. During the period from January 1, 2018 through May 2, 2018, the Company repurchased approximately 6.4 million shares of Common Stock in multiple open market transactions, at a weighted average share price of \$6.94 for an aggregate purchase price of \$44.6 million as part of the 2017 Share Repurchase Program, which are currently deemed to be authorized but unissued shares of Common Stock. In addition, the Company was responsible for raising capital for certain Cole REITs, advised them regarding offerings, managed relationships with participating broker-dealers and financial advisors, and provided assistance in connection with compliance matters relating to the offerings. As of June 30, 2018 and December 31, 2017, the Company owned aggregate equity investments of \$7.8 million and \$3.3 million, respectively, in the Cole REITs. As discussed in Note 2 – Summary of Significant Accounting Policies, subsequent to the sale of Cole Capital and the adoption of ASU 2016-01, the Company carries these investments at fair value, as the Company does not exert significant influence over CCIT II, CCIT III or CCPT V, in rent and tenant receivables and other assets, net in the accompanying consolidated balance sheet as of June 30, 2018 and any changes in the fair value are recognized in other income, net in the accompanying consolidated statement of operations for the three and six months ended June 30, 2018. During the six months ended June 30, 2018, the Company recognized a gain of \$5.1 million related to the change in fair value from the carrying value at December 31, 2017, which is included in other income, net in the accompanying consolidated statement of operations. Prior to the sale of Cole Capital, the Company accounted for these investments using the equity method of accounting, which requires the investment to be initially recorded at cost and subsequently adjusted for the Company's share of equity in the respective Cole REIT's earnings and distributions. The Company recorded its proportionate share of net income or loss from the Cole REITs in equity in income and gain on disposition of unconsolidated entities in the consolidated statement of operations for the three and six months ended June 30, 2017. During the three and six months ended June 30, 2017, the Company recognized a net loss of \$0.1 million and \$0.5 million from the Cole REITs, respectively.

**Due to Cole REITs**

As of June 30, 2018, approximately \$11,000 was due to the Cole REITs, which is included in accounts payable and accrued expenses in the accompanying consolidated balance sheet. As of December 31, 2017, due to affiliates was \$0.1 million, related to amounts due to the Cole REITs, which is included in due to affiliates, net in the accompanying consolidated balance sheet.

**Due from Cole REITs**

As of June 30, 2018, approximately \$63,000 was expected to be collected from the Cole REITs, excluding any outstanding balances from a line of credit with one of the Cole REITs, discussed below. As of December 31, 2017, \$4.4 million was expected to be collected from affiliates, excluding any outstanding balances from a line of credit with one of the Cole REITs, discussed below, related to services provided by the Company and expenses subject to reimbursement by the Cole REITs in accordance with their respective advisory and property management agreements.

On September 23, 2016, the Company entered into a \$30.0 million revolving line of credit (the "Subordinate Promissory Note") with Cole Corporate Income Operating Partnership III, LP ("CCI III OP"), the operating partnership of CCIT III (the "Subordinate Promissory Note Agreement"). The Subordinate Promissory Note bears variable interest rates of one-month LIBOR plus the Credit Facility Margin (as defined in the Subordinate Promissory Note Agreement), which ranges from 2.20% to 2.75%, plus 1.75% and was originally scheduled to mature on September 22, 2017. On March 28, 2017, CCI III OP entered into a modification agreement in order to extend the maturity date of the Subordinate Promissory Note from September 22, 2017 to September 30, 2018. As of June 30, 2018, the Subordinate Promissory Note had an interest rate of 5.9% and no amounts were outstanding. As of December 31, 2017, \$1.6 million was outstanding, which is included in due from affiliates, net in the accompanying consolidated balance sheet.

**Note 16 – Net Income (Loss) Per Share/Unit**

The General Partner's unvested restricted shares contain non-forfeitable rights to dividends and are considered to be participating securities in accordance with U.S. GAAP and, therefore, are included in the computation of earnings per share under the two-class computation method. Under the two-class computation method, net losses are not allocated to participating securities unless the holder of the security has a contractual obligation to share in the losses. The unvested restricted shares are not allocated losses as the awards do not have a contractual obligation to share in losses of the General Partner. The two-class computation method is an earnings allocation formula that determines earnings per share for each class of shares of Common Stock and participating securities according to dividends declared (or accumulated) and participation rights in undistributed earnings.

We make statements in this section that are forward-looking statements within the meaning of the federal securities laws. Certain risks may cause our actual results, performance or achievements to differ materially from those expressed or implied by the following discussion. For a complete discussion of such risk factors, see the Company’s Annual Report on Form 10-K for the year ended December 31, 2017. Capitalized terms used herein, but not otherwise defined, shall have the meaning ascribed to those terms in the “Part I – Financial Information,” including the notes to the consolidated financial statements contained therein.

### Forward-Looking Statements

This Quarterly Report on Form 10-Q includes “forward-looking statements” (within the meaning of the federal securities laws, Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Exchange Act of 1934, as amended (the “Exchange Act”)) that reflect our expectations and projections about our future results, performance, prospects and opportunities. We have attempted to identify these forward-looking statements by the use of words such as “may,” “will,” “seek,” “expects,” “anticipates,” “believes,” “targets,” “intends,” “should,” “estimates,” “could,” “continue,” “assume,” “projects,” “plans” or similar expressions. These forward-looking statements are based on information currently available to us and are subject to a number of known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. These factors include, among other things, those discussed below. We intend for all such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act and Section 21E of the Exchange Act, as applicable by law. We do not undertake publicly to update or revise any forward-looking statements, whether as a result of changes in underlying assumptions or new information, future events or otherwise, except as may be required to satisfy our obligations under federal securities law.

The following are some, but not all, of the assumptions, risks, uncertainties and other factors that could cause our actual results to differ materially from those presented in our forward-looking statements:

- We could be subject to risks associated with bankruptcies or insolvencies of tenants or from tenant defaults generally.
- We are subject to risks associated with pending government investigations relating to the findings of the Audit Committee Investigation and related litigation, including the expense of such investigations and litigation and any potential payments upon resolution.
- We have substantial indebtedness, which may affect our ability to pay dividends, and expose us to interest rate fluctuation risk and the risk of default under our debt obligations.
- Our overall borrowing and operating flexibility may be adversely affected by the terms and restrictions within the indenture governing the Senior Notes and the terms of the Credit Facility.
- Our access to capital and terms of future financings may be affected by adverse changes to our credit rating.
- We may be affected by the incurrence of additional secured or unsecured debt.
- We may not be able to achieve and maintain profitability.

- We may fail to remain qualified as a real estate investment trust (“REIT”) for U.S. federal income tax purposes.
- Compliance with the REIT annual distribution requirements may limit our operating flexibility.
- We may be unable to retain or hire key personnel.

All forward-looking statements should be read in light of the risks identified in Part I, Item 1A. Risk Factors within our Annual Report on Form 10-K for the December 31, 2017.

We use certain defined terms throughout this Quarterly Report on Form 10-Q that have the following meanings:

## Table of Contents

When we refer to “annualized rental income,” we mean the rental revenue under our leases on operating properties owned at the respective reporting date on a straight-line basis, which includes the effect of rent escalations and any tenant concessions, such as free rent, and excludes any bad debt allowances and any contingent rent, such as percentage rent. Management uses annualized rental income as a basis for tenant, industry and geographic concentrations and other metrics within the portfolio. Annualized rental income is not indicative of future performance.

When we refer to a “creditworthy tenant,” we mean a tenant that has entered into a lease that we determine is creditworthy and may include tenants with an investment grade or below investment grade credit rating, as determined by major credit rating agencies, or unrated tenants. To the extent we determine that a tenant is a “creditworthy tenant” even though it does not have an investment grade credit rating, we do so based on our management’s determination that a tenant should have the financial wherewithal to honor its obligations under its lease with us. As explained further below, this determination is based on our management’s substantial experience performing credit analysis and is made after evaluating all of a tenant’s due diligence materials that are made available to us, including financial statements and operating data.

When we refer to a “direct financing lease,” we mean a lease that requires specific treatment due to the significance of the lease payments from the inception of the lease compared to the fair value of the property, term of the lease, a transfer of ownership, or a bargain purchase option. These leases are recorded as a net asset on the balance sheet. The amount recorded is calculated as the fair value of the remaining lease payments on the leases and the estimated fair value of any expected residual property value at the end of the lease term.

When we refer to properties that are net leased on a “long term basis,” we mean properties with remaining primary lease terms of generally seven to 10 years or longer on average, depending on property type.

Under a “net lease,” the tenant occupying the leased property (usually as a single tenant) does so in much the same manner as if the tenant were the owner of the property. There are various forms of net leases, most typically classified as triple net or double net. Triple net leases typically require that the tenant pay all expenses associated with the property (*e.g.*, real estate taxes, insurance, maintenance and repairs). Double net leases typically require that the tenant pay all operating expenses associated with the property (*e.g.*, real estate taxes, insurance and maintenance), but excludes some or all major repairs (*e.g.*, roof, structure and parking lot). Accordingly, the owner receives the rent “net” of these expenses, rendering the cash flow associated with the lease predictable for the term of the lease. Under a net lease, the tenant generally agrees to lease the property for a significant term and agrees that it will either have no ability or only limited ability to terminate the lease or abate rent prior to the expiration of the term of the lease as a result of real estate driven events such as casualty, condemnation or failure by the landlord to fulfill its obligations under the lease.

When we refer to “operating properties” we mean properties owned by the Company, omitting properties for which (i) the related mortgage loan is in default, and (ii) management decides to transfer the properties to the lender in connection with settling the mortgage note obligation (the “Excluded Properties”). During the three and six months ended June 30, 2018, one vacant industrial property was considered an Excluded Property. The Company entered into a deed-in-lieu of foreclosure agreement and conveyed its interest in this property to the lender in April 2018. As of June 30, 2018, there were no Excluded Properties. During the three and six months ended June 30, 2017, Excluded Properties included two vacant office properties and five industrial properties, two of which were vacant.

## Results of Operations

On February 1, 2018, the Company sold substantially all of Cole Capital, which is presented as discontinued operations for all periods presented. The Company's continuing operations represent primarily those of the real estate investment segment.

### Rental Income

The table below sets forth, for the periods presented, rental income information and the dollar amount change year over year (dollar amounts in thousands):

	Three Months Ended June 30,			Six Months Ended June 30,

The increase in rental income of \$3.9 million and \$0.4 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to the acquisition and disposition of real estate properties. Subsequent to January 1, 2017 the Company acquired 107 occupied properties for an aggregate purchase price of \$905.4 million and disposed of 214 consolidated properties, of which 49 were vacant, for an aggregate sales price of \$750.5 million.

### Acquisition-Related Expenses

Acquisition-related expenses remained relatively constant as there were no significant changes in the Company's acquisition activity during the three and six months ended June 30, 2018, as compared to the same periods in 2017.

### Litigation and Other Non-routine Costs, Net of Insurance Recoveries

The increase of \$92.7 million and \$101.5 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to a settlement payment of \$90.0 million related to the Vanguard Action during the three and six months ended June 30, 2018, as well as an overall increase in the level of activity related to the litigation and investigations stemming from the results of the 2014 Audit Committee Investigation and increased expenses recognized in connection with the Company's advancement obligations or claims for advancement which continue to be disputed by the Company.

[Table of Contents](#)*Property Operating Expenses and Operating Expense Reimbursements*

The table below sets forth, for the periods presented, the property operating expenses, net of operating expense reimbursements, and the dollar amount change year over year (dollar amounts in thousands):

	Three Months Ended June 30,			Six Months Ended June 30,		
	2018	2017	2018 vs 2017 Increase/ (Decrease)	2018	2017	2018 vs 2017 Increase/ (Decrease)
Property operating expenses	\$ 31,436	\$ 31,627	\$ (191)	\$ 62,001	\$ 65,643	\$ (3,642)
Less: Operating expense reimbursements	25,023	21,551	3,472	49,466	48,277	1,189
Property operating expenses, net of operating expense reimbursements	\$ 6,413	\$ 10,076	\$ (3,663)	\$ 12,535	\$ 17,366	\$ (4,831)

Property operating expenses such as taxes, insurance, ground rent and maintenance include both reimbursable and non-reimbursable property expenses. Operating expense reimbursement revenue represents reimbursements for such costs that are reimbursable by the tenants per their respective leases. The decrease in net property operating expenses of \$3.7 million and \$4.8 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to the disposition of vacant properties and certain properties subject to gross, modified gross and double-net leases.

*General and Administrative Expenses*

The increase of \$1.9 million and \$4.4 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to an increase in compensation and benefits, including equity based compensation.

*Depreciation and Amortization Expenses*

The decrease of \$15.9 million and \$28.8 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to property and equipment reaching the end of its useful life and the disposition of 214 consolidated properties, partially offset by the acquisition of 107 properties, subsequent to January 1, 2017. During the six months ended June 30, 2018 and the year ended December 31, 2017, the Company recorded \$17.7 million and \$50.5 million, respectively, of impairment charges on real estate investments, which reduced the carrying value being depreciated and amortized.

*Impairments*

The decrease of \$6.1 million and \$6.8 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to the decrease in the number of properties impaired. The Company impaired 19 and 31 properties during the three and six months ended June 30, 2018, respectively, as compared to 24 and 38 properties impaired during the same periods in 2017.

***Interest Expense***

The decrease of \$3.3 million and \$6.6 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017 was primarily due to the reduction of net borrowings under the credit facilities of \$305.0 million and a \$342.9 million reduction of secured debt subsequent to June 30, 2017, partially offset by the issuance of \$600.0 million of unsecured notes subsequent to June 30, 2017.

***Gain on Extinguishment and Forgiveness of Debt, Net***

Gain on extinguishment and forgiveness of debt, net decreased \$3.8 million and \$3.7 million during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017. During the three and six months ended June 30, 2018, the Company entered into a deed-in-lieu of foreclosure agreement with the lender of a mortgage loan, which was secured by one property, which resulted in a gain on forgiveness of debt of \$5.2 million. During the same periods in 2017, the Company entered into a deed-in-lieu of foreclosure agreement with the lender of a mortgage loan, which was secured by four properties, which resulted in a gain on forgiveness of debt of \$9.0 million.

***Other Income, Net***

The decrease of \$1.2 million during the three months ended June 30, 2018 as compared to the same period in 2017 was primarily due to a reduction in 1031 real estate program revenues. The increase of \$5.5 million during the six months ended June 30, 2018 as compared to the same period in 2017 was primarily due to a \$5.1 million gain on measuring the Company's investments in the Cole REITs at fair value after the investments were no longer accounted for using the equity method, as discussed in Note 2 – Summary of Significant Accounting Policies, and a \$0.6 million gain recognized upon the sale of certain investments in the Cole REITs to the Cole Purchaser, offset by a reduction of \$1.2 million in 1031 real estate program revenues during the six months ended June 30, 2018.

### *Equity in Income and Gain on Disposition of Unconsolidated Entities*

Equity in income and gain on disposition of unconsolidated entities remained relatively constant during the three months ended June 30, 2018 and 2017. The increase of \$1.0 million during the six months ended June 30, 2018 as compared to the same period in 2017 was primarily the result of a gain of \$0.7 million recognized on the disposition and liquidation of one property owned by an unconsolidated joint venture during the six months ended June 30, 2018.

### *Gain on Derivative Instruments, Net*

The \$0.5 million and \$1.0 million decrease during the three and six months ended June 30, 2018, respectively, as compared to the same periods in 2017, was primarily a result of the termination of 13 derivative instruments with aggregate notional value of \$662.4 million and the de-designation of one derivative instrument with a notional value of \$27.8 million during 2017.

### *Gain on Disposition of Real Estate and Real Estate Assets Held For Sale, Net*

The decrease in gain on disposition of real estate and held for sale assets, net of \$36.8 million during the three months ended June 30, 2018 as compared to the same period in 2017 was due to the Company's disposition of 36 properties, excluding one property conveyed to a lender in a deed-in-lieu of foreclosure transaction, for an aggregate sales price of \$60.8 million, which resulted in a gain of \$6.0 million during the three months ended June 30, 2018, as compared to the disposal of 33 properties, excluding four properties conveyed to a lender in a deed-in-lieu of foreclosure transaction, for an aggregate gross sales price of \$224.8 million during the same period in 2017 for a gain of \$43.1 million. The decrease in provision for income taxes of \$1.9 million during the six months ended June 30, 2018 as compared to the same period in 2017 is primarily due to a tax on the gain on the sale of certain Canadian properties during the six months ended June 30, 2017.

### *Income from Discontinued Operations, Net of Income Taxes*

The decrease in income from discontinued operations, net of income taxes of \$4.4 million and \$3.8 million during the three and six months ended June 30, 2018, respectively, was due to the completion of the sale of Cole Capital on February 1, 2018.

## Non-GAAP Measures

Our results are presented in accordance with U.S. GAAP. We also disclose certain non-GAAP measures, as discussed further below. Management uses these non-GAAP financial measures in our internal analysis of results and believes these measures are useful to investors for the reasons explained below. These non-GAAP financial measures should not be considered as substitutes for any measures derived in accordance with U.S. GAAP.

### *Funds from Operations and Adjusted Funds from Operations*

Due to certain unique operating characteristics of real estate companies, as discussed below, the National Association of Real Estate Investment Trusts, Inc. (“Nareit”), an industry trade group, has promulgated a supplemental performance measure known as funds from operations (“FFO”), which we believe to be an appropriate supplemental performance measure to reflect the operating performance of a REIT. FFO is not equivalent to our net income or loss as determined under U.S. GAAP.

Nareit defines FFO as net income or loss computed in accordance with U.S. GAAP, excluding gains or losses from disposition of property, depreciation and amortization of real estate assets and impairment write-downs on depreciable real estate including the pro rata share of adjustments for unconsolidated partnerships and joint ventures. We calculated FFO in accordance with Nareit’s definition described above.

In addition to FFO, we use adjusted funds from operations (“AFFO”) as a non-GAAP supplemental financial performance measure to evaluate the operating performance of the Company. AFFO, as defined by the Company, excludes from FFO non-routine items such as acquisition-related expenses, litigation and other non-routine costs, net of insurance recoveries, held for sale loss on discontinued operations, net revenue or expense earned or incurred that is related to the services agreement we entered into with Cole Capital on February 1, 2018, gains or losses on sale of investment securities or mortgage notes receivable and legal settlements and insurance recoveries not in the ordinary course of business. We also exclude certain non-cash items such as impairments of goodwill and intangible assets, straight-line rent, net of bad debt expense related to straight-line rent, net direct financing lease adjustments, gains or losses on derivatives, reserves for loan loss, gains or losses on the extinguishment or forgiveness of debt, non-current portion of the tax benefit or expense, equity-based compensation and amortization of intangible assets, deferred financing costs, premiums and discounts on debt and investments, above-market lease assets and below-market lease liabilities. We omit the impact of the Excluded Properties and related non-recourse mortgage notes from FFO to calculate AFFO. Management believes that excluding these costs from FFO provides investors with supplemental performance information that is consistent with the performance models and analysis used by management, and provides investors a view of the performance of our portfolio over time. AFFO allows for a comparison of the performance of our operations with other publicly-traded REITs, as AFFO, or an equivalent measure, is routinely reported by publicly-traded REITs, and we believe often used by analysts and investors for comparison purposes.

For all of these reasons, we believe FFO and AFFO, in addition to net income (loss), as defined by U.S. GAAP, are helpful supplemental performance measures and useful in understanding the various ways in which our management evaluates the performance of the Company over time. However, not all REITs calculate FFO and AFFO the same way, so comparisons with other REITs may not be meaningful. FFO and AFFO should not be considered as alternatives to net income (loss) and are not intended to be used as a liquidity measure indicative of cash flow available to fund our cash needs. Neither the SEC, Nareit, nor any other regulatory body has evaluated the acceptability of the exclusions used to adjust FFO in order to calculate AFFO and its use as a non-GAAP financial performance measure.

### *Continuous Equity Offering Program*

On September 19, 2016, the Company registered a continuous equity offering program pursuant to which the Company can offer and sell, from time to time through September 19, 2019 in “at-the-market” offerings or certain other transactions, shares of common stock with an aggregate gross sales price of up to \$750.0 million, through its sales agents. The Company intends to use the proceeds from any sale of shares for general corporate purposes, which may include funding potential acquisitions and repurchasing or repaying outstanding indebtedness. As of June 30, 2018, no shares of common stock have been issued pursuant to the Program.

### *Share Repurchase Program*

On May 12, 2017, the Company’s board of directors authorized the repurchase of up to \$200.0 million of the Company’s outstanding Common Stock over the subsequent 12 months, as market conditions warranted under the 2017 Share Repurchase Program. On May 3, 2018, the Company’s board of directors terminated the 2017 Share Repurchase Program and authorized the 2018 Share Repurchase Program that permits the Company to repurchase up to \$200.0 million of its outstanding Common Stock through May 3, 2019, as market conditions warrant.

During the period from January 1, 2018 through May 2, 2018, the Company repurchased approximately 6.4 million shares of Common Stock in multiple open market transactions, at a weighted average share price of \$6.94 for an aggregate purchase price of \$44.6 million as part of the 2017 Share Repurchase Program, which are currently deemed to be authorized but unissued shares of Common Stock. During the period from May 12, 2017 through December 31, 2017, the Company repurchased approximately 69,000 shares of Common Stock in multiple open market transactions, at a weighted average share price of \$7.50 for an aggregate purchase price of \$0.5 million, for an aggregate of \$45.1 million of shares repurchased as part of the 2017 Share Repurchase Program.

From May 3, 2018 through June 30, 2018, the Company repurchased 0.8 million shares of Common Stock in multiple open market transactions, at a weighted average share price of \$6.95 for an aggregate purchase price of \$5.6 million as part of the 2018 Share Repurchase Program, which are currently deemed to be authorized but unissued shares of Common Stock. As of June 30, 2018, the Company had \$194.4 million available for share repurchases under the 2018 Share Repurchase Program. Additional shares of Common Stock repurchased by the Company under the 2018 Share Repurchase Program, if any, will be returned to the status of authorized but unissued shares of Common Stock.

### *Disposition Activity*

As part of our effort to optimize our real estate portfolio by focusing on holding core assets, during the six months ended June 30, 2018, the Company disposed of 77 properties, including one property conveyed to a lender in a deed-in-lieu of foreclosure transaction, and one property owned by an unconsolidated joint venture for an aggregate sales price of \$215.7 million, of which the Company’s share was \$192.6 million, resulting in consolidated proceeds of \$180.7 million after repayment of the unconsolidated joint venture’s mortgage loan and closing costs. We expect to continue to explore opportunities to sell additional properties to provide us further financial flexibility and fund property acquisitions.

## ***Credit Facility***

### *Summary and Obligations*

On May 23, 2018, the Company, as guarantor, and the Operating Partnership, as borrower, entered into a Credit Agreement with Wells Fargo Bank, National Association, as administrative agent, and the other lenders party thereto that allows for maximum borrowings of \$2.9 billion, consisting of a \$2.0 billion Revolving Credit Facility and a \$900.0 million Delayed-Draw Term Loan. As of June 30, 2018, the Revolving Credit Facility had an outstanding balance of \$195.0 million and no amounts had been drawn on the Delayed-Draw Term Loan. The maximum aggregate dollar amount of letters of credit that may be outstanding at any one time under the Credit Facility is \$50.0 million. In connection with entering into the Credit Agreement, the OP repaid all of the outstanding obligations under the 2014 Credit Agreement.

The Revolving Credit Facility generally bears interest at an annual rate of LIBOR plus 0.775% to 1.55% or Base Rate plus 0.00% to 0.55% (based upon our then current credit rating). “Base Rate” is defined as the highest of the prime rate, the federal funds rate plus 0.50% or a floating rate based on one month LIBOR plus 1.0%, determined on a daily basis. The Delayed-Draw Term Loan generally bears interest at an annual rate of LIBOR plus 0.85% to 1.75%, or Base Rate plus 0.00% to 0.75% (based upon our then current credit rating). In addition, the Credit Agreement provides the flexibility for interest rate auctions, pursuant to which, at the Company’s election, the Company may request that lenders make competitive bids to provide revolving loans, which competitive bids may be at pricing levels that differ from the foregoing interest rates.

In the event of default, at the election of a majority of the lenders (or automatically upon a bankruptcy event of default with respect to the OP or the General Partner), the commitments of the lenders under the Credit Facility will mature, and payment of any unpaid amounts in respect of the Credit Facility will be accelerated. The Revolving Credit Facility terminates on May 23, 2022, unless extended in accordance with the terms of the Credit Agreement. The Credit Agreement provides for two six-month extension options with respect to the Revolving Credit Facility, exercisable at the Company’s election and subject to certain customary conditions, as well as certain customary “amend and extend” provisions. Amounts borrowed under the Delayed-Draw Term Loan mature on May 23, 2023. At any time, upon timely notice by the OP and subject to any breakage fees, the OP may prepay borrowings under the Credit Facility (subject to certain limitations applicable to the prepayment of any loans obtained through an interest rate auction, as described above). The OP incurs a facility fee equal to 0.10% to 0.30% per annum (based upon the General Partner’s then current credit rating) multiplied by the commitments (whether or not utilized) in respect of the Revolving Credit Facility. In addition, the OP incurs a ticking fee equal to 0.25% multiplied by unused commitments in respect of the Delayed-Draw Term Loan. The OP also incurs customary administrative agent, letter of credit issuance, letter of credit fronting, extension and other fees.

### *Credit Facility Covenants*

The Credit Facility requires restrictions on corporate guarantees, as well as the maintenance of certain financial covenants. The key financial covenants in the Credit Facility, as defined and calculated per the terms of the Credit Agreement include maintaining the following:

<b>Unsecured Credit Facility Key Covenants</b>	<b>Required</b>
Ratio of total indebtedness to total asset value	≤ 60%
Ratio of adjusted EBITDA to fixed charges	≥ 1.5x
Ratio of secured indebtedness to total asset value	≤ 45%
Ratio of unsecured indebtedness to unencumbered asset value	≤ 60%
Ratio of unencumbered adjusted NOI to unsecured interest expense	≥ 1.75x

The Company believes that it was in compliance with the financial covenants pursuant to the Credit Agreement and is not restricted from accessing any borrowing availability under the Credit Facility as of June 30, 2018.

## **Corporate Bonds**

### *Summary and Obligations*

As of June 30, 2018, the OP had \$2.85 billion aggregate principal amount of Senior Notes outstanding. The indenture governing the Senior Notes requires that the Company be in compliance with certain key financial covenants, including maintaining the following:

<b>Corporate Bond Key Covenants</b>	<b>Required</b>
Limitation on incurrence of total debt	≤ 65%
Limitation on incurrence of secured debt	≤ 40%
Debt service coverage ratio	≥ 1.5x
Maintenance of total unencumbered assets	≥ 150%

There were no changes to the financial covenants of our existing Senior Notes during the six months ended June 30, 2018. As of June 30, 2018, the Company believes that it was in compliance with these financial covenants based on the covenant limits and calculations in place at that time.

## **Convertible Debt**

### *Summary and Obligations*

As of June 30, 2018, the Company had \$1.0 billion aggregate principal amount of Convertible Notes. The OP has issued corresponding identical convertible notes to the General Partner. There were no changes to the terms of the Convertible Notes during the six months ended June 30, 2018 and the Company believes it was in compliance with the financial covenants pursuant to the indenture governing the Convertible Notes as of June 30, 2018.

On August 1, 2018, the Company repaid \$597.5 million of principal outstanding related to the 2018 Convertible Notes, which was temporarily funded using borrowings under the Revolving Credit Facility. The Company is evaluating options for permanent financing, including borrowings on the Delayed-Draw Term Loan or the issuance of a senior note offering.

## **Mortgage Notes Payable and Other Debt**

### *Summary and Obligations*

As of June 30, 2018, the Company had non-recourse mortgage indebtedness of \$2.0 billion, which was collateralized by 470 properties, reflecting a decrease from December 31, 2017 of \$48.4 million derived primarily from our disposition activity during the six months ended June 30, 2018. Our mortgage indebtedness bore interest at the weighted-average rate of 4.89% per annum and had a weighted-average maturity of 3.8 years. We may in the future incur additional mortgage debt on the properties we currently own or use long-term non-recourse financing to acquire additional properties.

The payment terms of our loan obligations vary. In general, only interest amounts are payable monthly with all unpaid principal and interest due at maturity. Some of our loan agreements require that we comply with specific reporting and financial covenants mainly related to debt coverage ratios and loan-to-value ratios. Each loan that has these requirements has specific ratio thresholds that must be met.

### *Restrictions on Loan Covenants*

Our mortgage loan obligations generally restrict corporate guarantees and require the maintenance of financial covenants, including maintenance of certain financial ratios (such as specified debt to equity and debt service coverage ratios), as well as the maintenance of a minimum net worth. The mortgage loan agreements contain no dividend restrictions except in the event of default or when a distribution would drive liquidity below the applicable thresholds. The Company believes that it was in compliance with the financial covenants under the mortgage loan agreements as of June 30, 2018.

## **Dividends**

On May 3, 2018, the Company's board of directors declared a quarterly cash dividend of \$0.1375 per share of common stock (equaling an annualized dividend rate of \$0.55 per share) for the second quarter of 2018 to stockholders of record as of June 29, 2018, which was paid on July 16, 2018. An equivalent distribution by the Operating Partnership is applicable per OP unit.

Our Series F Preferred Stock, as discussed in "Note 14 – Equity" to our consolidated financial statements, will pay cumulative

The decrease was primarily due to an increase of \$101.5 million in litigation and other non-routine costs, of which \$90.0 million related to the Vanguard Action settlement payment, during the six months ended June 30, 2018.

**Investing Activities** – Net cash provided by investing activities for the six months ended June 30, 2018 decreased \$15.9 million to \$121.0 million from \$136.9 million during the same period in 2017. The change was primarily related to net proceeds from disposition of discontinued operations of \$122.9 million, partially offset by an increase in investments in real estate assets of \$24.8 million and a decrease in cash proceeds from dispositions of real estate and joint ventures of \$120.6 million.

**Financing Activities** – Net cash used in financing activities of \$399.1 million decreased \$91.6 million during the six months ended June 30, 2018 from \$490.7 million during the same period in 2017. The change was primarily related to a decrease in payments on mortgage notes payable and other debt, including debt extinguishment costs of \$154.7 million, offset by repurchases of common stock under the Share Repurchase Program of \$50.2 million with no comparable repurchases during the same period in 2017 and an increase in the payment of deferred financing costs of \$20.6 million.

### Election as a REIT

The General Partner elected to be taxed as a REIT for U.S. federal income tax purposes under Sections 856 through 860 of the Internal Revenue Code commencing with the taxable year ended December 31, 2011. As a REIT, except as discussed below, the General Partner generally is not subject to federal income tax on taxable income that it distributes to its stockholders so long as it distributes at least 90% of its annual taxable income (computed without regard to the deduction for dividends paid and excluding net capital gains). REITs are subject to a number of other organizational and operational requirements. Even if the General Partner maintains its qualification for taxation as a REIT, it may be subject to certain state and local taxes on its income and property, federal income taxes on certain income and excise taxes on its undistributed income. We believe we are organized and operating in such a manner as to qualify to be taxed as a REIT for the taxable year ended December 31, 2018.

The Operating Partnership is classified as a partnership for U.S. federal income tax purposes. As a partnership, the Operating Partnership is not a taxable entity for U.S. federal income tax purposes. Instead, each partner in the Operating Partnership is required to take into account its allocable share of the Operating Partnership's income, gains, losses, deductions and credits for each taxable year. However, the Operating Partnership may be subject to certain state and local taxes on its income and property.

## [Table of Contents](#)

Under the LPA, the Operating Partnership is required to conduct business in such a manner as to permit the General Partner at all times to qualify as a REIT.

As discussed in Note 4 —Discontinued Operations, on February 1, 2018, the Company completed the sale of its investment management segment, Cole Capital. The Company conducted substantially all of the Cole Capital business activities through a TRS. A TRS is a subsidiary of a REIT that is subject to corporate federal, state and local income taxes, as applicable. The Company's use of a TRS enables it to engage in certain business activities while complying with the REIT qualification requirements and to retain any income generated by these businesses for reinvestment without the requirement to distribute those earnings. The Company conducts all of its business in the United States, Puerto Rico and Canada and, as a result, it files income tax returns in the U.S. federal jurisdiction, the Canadian federal jurisdiction and various state and local jurisdictions. Certain of the Company's inter-company transactions that have been eliminated in consolidation for financial accounting purposes are also subject to taxation.

### **Inflation**

We may be adversely impacted by inflation on any leases that do not contain indexed escalation provisions. However, net leases that require the tenant to pay its allocable share of operating expenses, including common area maintenance costs, real estate taxes and insurance, may reduce our exposure to increases in costs and operating expenses resulting from inflation.

### **Related Party Transactions and Agreements**

Through the closing of the Cole Capital sale, we were contractually responsible for managing the Cole REITs' affairs on a day-to-day basis, identifying and making acquisitions and investments on the Cole REITs' behalf, and recommending to each of the Cole REITs' respective board of directors an approach for providing investors with liquidity. In addition, we distributed the shares of common stock for certain of the Cole REITs and advised them regarding offerings, managed relationships with participating broker-dealers and financial advisors, and provided assistance in connection with compliance matters relating to the offerings. We received compensation and reimbursement for services relating to the Cole REITs' offerings and the investment, management and disposition of their respective assets, as applicable. See "Note 15 – Related Party Transactions and Arrangements" to our consolidated financial statements in this report for a further explanation of the various related party transactions, agreements and fees.

### **Off-Balance Sheet Arrangements**

We have no material off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

### **Critical Accounting Policies and Significant Accounting Estimates**

Our accounting policies have been established to conform with U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires us to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Management believes that we have made these estimates and assumptions in an appropriate manner and in a way that accurately reflects our financial condition. We continually test and evaluate these estimates and assumptions using our historical knowledge of the business, as well as other factors, to ensure that they are reasonable for reporting purposes. However, actual results may differ from these estimates and assumptions. If our judgment or interpretation of the facts and circumstances relating to the various transactions had been different, it is possible that different accounting policies would have been applied, thus resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses. We believe the following critical accounting policies govern the significant judgments and estimates used in the preparation of our financial statements, which should be read in conjunction with the more complete discussion of our accounting policies and procedures included in our Annual Report on Form 10-K for the year ended December 31, 2017:

- Goodwill Impairment;
- Real Estate Investment Impairment;
- Loans Held for Investment Impairment;
- Allocation of Purchase Price of Real Estate Assets; and
- Income Taxes.

### Item 3. Quantitative and Qualitative Disclosures About Market Risk.

#### *Market Risk*

The market risk associated with financial instruments and derivative financial instruments is the risk of loss from adverse changes in market prices or interest rates. Our market risk arises primarily from interest rate risk relating to variable-rate borrowings. To meet our short and long-term liquidity requirements, we borrow funds at a combination of fixed and variable rates. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to manage our overall borrowing costs. To achieve these objectives, from time to time, we may enter into interest rate hedge contracts such as swaps, collars and treasury lock agreements in order to mitigate our interest rate risk with respect to various debt instruments. We would not hold or issue these derivative contracts for trading or speculative purposes. We have limited operations in Canada and thus, are not exposed to material foreign currency fluctuations.

#### *Interest Rate Risk*

As of June 30, 2018, our debt included fixed-rate debt, including debt that has interest rates that are fixed with the use of derivative instruments, with a fair value and carrying value each of \$5.9 billion. Changes in market interest rates on our fixed rate debt impact the fair value of the debt, but they have no impact on interest incurred or cash flow. For instance, if interest rates rise 100 basis points, and the fixed rate debt balance remains constant, we expect the fair value of our debt to decrease, the same way the price of a bond declines as interest rates rise. The sensitivity analysis related to our fixed-rate debt assumes an immediate 100 basis point move in interest rates from their June 30, 2018 levels, with all other variables held constant. A 100 basis point increase in market interest rates would result in a decrease in the fair value of our fixed rate debt of \$192.7 million. A 100 basis point decrease in market interest rates would result in an increase in the fair value of our fixed-rate debt of \$204.8 million.

As of June 30, 2018, our debt included variable-rate debt with a fair value and carrying value each of \$209.9 million. The sensitivity analysis related to our variable-rate debt assumes an immediate 100 basis point move in interest rates from their June 30, 2018 levels, with all other variables held constant. A 100 basis point increase or decrease in variable interest rates on our variable-rate notes payable would increase or decrease our interest expense by \$2.1 million annually. See “Note 9 – Debt” to our consolidated financial statements.

As of June 30, 2018, our interest rate swaps had a fair value that resulted in assets of \$0.8 million. See “Note 10 – Derivatives and Hedging Activities” to our consolidated financial statements for further discussion.

As the information presented above includes only those exposures that existed as of June 30, 2018, it does not consider exposures or positions arising after that date. The information presented herein has limited predictive value. Future actual realized gains or losses with respect to interest rate fluctuations will depend on cumulative exposures, hedging strategies employed and the magnitude of the fluctuations.

These amounts were determined by considering the impact of hypothetical interest rate changes on our borrowing costs and assume no other changes in our capital structure.

#### *Credit Risk*

Concentrations of credit risk arise when a number of tenants are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations, including those to the Company, to be similarly affected by changes in economic conditions. The Company is subject to tenant, geographic and industry concentrations. Any downturn of the economic conditions in one or more of these tenants, geographies or industries could result in a material reduction of our cash flows or material losses to us.

The factors considered in determining the credit risk of our tenants include, but are not limited to: payment history; credit status and change in status (credit ratings for public companies are used as a primary metric); change in tenant space needs (*i.e.*, expansion/downsize); tenant financial performance; economic conditions in a specific geographic region; and industry specific credit considerations. We believe that the credit risk of our portfolio is reduced by the high quality of our existing tenant base, reviews of prospective tenants’ risk profiles prior to lease execution and consistent monitoring of our portfolio to identify potential problem tenants.
