EXPLANATORY NOTE

This report combines the Quarterly Reports on Form 10-Q for the three and six months ended June 30, 2020 of VEREIT, Inc., a Maryland corporation, and VEREIT Operating Partnership, L.P., a Delaware limited partnership, of which VEREIT, Inc. is the sole general partner. Unless otherwise indicated or unless the context requires otherwise, all references in this report to “we,” “us,” “our,” “VEREIT,” the “Company” or the “General Partner” mean VEREIT, Inc. together with its consolidated subsidiaries, including VEREIT Operating Partnership, L.P., and all references to the “Operating Partnership” or “OP” mean VEREIT Operating Partnership, L.P. together with its consolidated subsidiaries.

As the sole general partner of VEREIT Operating Partnership, L.P., VEREIT, Inc. has the full, exclusive and complete responsibility for the Operating Partnership’s day-to-day management and control.

We believe combining the Quarterly Reports on Form 10-Q of VEREIT, Inc. and VEREIT Operating Partnership, L.P. into this single report results in the following benefits:

- enhancing investors’ understanding of the Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation since a substantial portion of the disclosure applies to both the Company and the Operating Partnership; and
- creating time and cost efficiencies through the preparation of one combined report instead of two separate reports.

There are a few differences between the Company and the Operating Partnership, which are reflected in the disclosure in this report. We believe it is important to understand the differences between the Company and the Operating Partnership in the context of how we operate as an interrelated consolidated company. VEREIT, Inc. is a real estate investment trust whose only material asset is its ownership of partnership interests of the Operating Partnership. As a result, VEREIT, Inc. does not conduct business itself, other than acting as the sole general partner of the Operating Partnership, issuing equity or debt from time to time and guaranteeing certain unsecured debt of the Operating Partnership and certain of its subsidiaries. The Operating Partnership holds substantially all of the assets of the Company and holds the ownership interests in the Company’s joint ventures. The Operating Partnership conducts the operations of the business and is structured as a partnership with no publicly traded equity. Except for net proceeds from public equity or debt issuances by VEREIT, Inc., which are generally contributed to the Operating Partnership in exchange for partnership units, the Operating Partnership generates the capital required by the Company’s business through the Operating Partnership’s operations, by the Operating Partnership’s direct or indirect incurrence of indebtedness or through the issuance of partnership units. To help investors understand the significant differences between VEREIT, Inc. and the Operating Partnership, there are separate sections in this report that separately discuss VEREIT, Inc. and the Operating Partnership, including the consolidated financial statements and certain notes to the consolidated financial statements as well as separate disclosures in Item 4. Controls and Procedures and Exhibit 31 and Exhibit 32 certifications. As sole general partner with control of the Operating Partnership, VEREIT, Inc. consolidates the Operating Partnership for financial reporting purposes. Therefore, the assets and liabilities of VEREIT, Inc. and VEREIT Operating Partnership, L.P. are the same on their respective consolidated financial statements. The separate discussions of VEREIT, Inc. and VEREIT Operating Partnership, L.P. in this report should be read in conjunction with each other to understand the results of the Company on a consolidated basis and how management operates the Company.

VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020 (Unaudited)

Note 1 – Organization

VEREIT is a Maryland corporation, incorporated on December 2, 2010, that qualified as a real estate investment trust (“REIT”) for U.S. federal income tax purposes beginning in the taxable year ended December 31, 2011. The OP is a Delaware limited partnership of which the General Partner is the sole general partner. VEREIT’s common stock, par value \$0.01 per share (“Common Stock”), and its 6.70% Series F Cumulative Redeemable Preferred Stock, par value \$0.01 per share (“Series F Preferred Stock”) trade on the New York Stock Exchange (“NYSE”) under the trading symbols, “VER” and “VER PRF,” respectively. As used herein, the terms the “Company,” “we,” “our” and “us” refer to VEREIT, together with its consolidated subsidiaries, including the OP.

VEREIT is a full-service real estate operating company which owns and manages one of the largest portfolios of single-tenant commercial properties in the U.S. VEREIT’s business model provides equity capital to creditworthy corporations in return for long-term leases on their properties. The Company actively manages its portfolio considering a number of metrics including property type, concentration and key economic factors for appropriate balance and diversity.

Substantially all of the Company’s operations are conducted through the OP. VEREIT is the sole general partner and holder of 99.9% of the common equity interests in the OP as of June 30, 2020. Under the limited partnership agreement of the OP, as amended (the “LPA”), after holding common units of limited partner interests in the OP (“OP Units”) or Series F Preferred Units of limited partnership interests in the OP (“Series F Preferred Units”), for a period of one year and meeting the other requirements in the LPA, unless we otherwise consent to an earlier redemption, holders have the right to redeem the units for the cash value of a corresponding number of shares of Common Stock or Series F Preferred Stock, as applicable, or, at our option, a corresponding number of shares of Common Stock or Series F Preferred Stock, as applicable, subject to adjustment pursuant to the terms of the LPA. The remaining rights of the holders of OP Units are limited, however, and do not include the ability to replace the General Partner or to approve the sale, purchase or refinancing of the OP’s assets.

The actions of the OP and its relationship with the General Partner are governed by the LPA. The General Partner does not have any significant assets other than its investment in the OP. Therefore, the assets and liabilities of the General Partner and the OP are the same. Additionally, pursuant to the LPA, all administrative expenses and expenses associated with the formation, continuity, existence and operation of the General Partner incurred by the General Partner on the OP’s behalf shall be treated as expenses of the OP. Further, when the General Partner issues any equity instrument that has been approved by the General Partner’s Board of Directors, the LPA requires the OP to issue to the General Partner equity instruments with substantially similar terms, to protect the integrity of the Company’s umbrella partnership REIT structure, pursuant to which each holder of interests in the OP has a proportionate economic interest in the OP reflecting its capital contributions thereto. OP Units and Series F Preferred Units issued to the General Partner are referred to as “General Partner OP Units” and “General Partner Series F Preferred Units,” respectively. OP Units and Series F Preferred Units issued to parties other than the General Partner are referred to as “Limited Partner OP Units” and “Limited Partner Series F Preferred Units,” respectively. The LPA also provides that the OP issue debt with terms and provisions consistent with debt issued by the General Partner. The LPA will be amended to provide for the issuance of any additional class of equivalent equity instruments to the extent the General Partner’s Board of Directors authorizes the issuance of any new class of equity securities.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The consolidated financial statements of the Company presented herein include the accounts of the General Partner and its consolidated subsidiaries, including the OP. All intercompany transactions have been eliminated upon consolidation. The financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (“U.S. GAAP”). The information furnished includes all adjustments and accruals of a normal recurring nature, which, in the opinion of management, are necessary for a fair presentation of results for the interim periods. The results of operations for the three and six months ended June 30, 2020 are not necessarily indicative of the results for the entire year or any subsequent interim period.

These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto as of and for the year ended December 31, 2019 of the Company, which are included in the Company’s Annual Report on Form 10-K filed on February 26, 2020. Information and footnote disclosures normally included in financial statements have been condensed or omitted pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”) and U.S. GAAP.

Principles of Consolidation and Basis of Presentation

The consolidated financial statements include the accounts of the Company and its consolidated subsidiaries and a consolidated joint venture. The portion of the consolidated joint venture not owned by the Company is presented as non-controlling interest in VEREIT's and the OP's consolidated balance sheets, statements of operations, statements of comprehensive income and statements of changes in equity. In addition, certain third parties have been issued OP Units and Series F Preferred Units. Holders of OP Units are considered to be non-controlling interest holders in the OP and their ownership interest in the limited partner's share is presented as non-controlling interests in VEREIT's consolidated balance sheets, statements of operations, statements of comprehensive income and statements of changes in equity. Further, a portion of the earnings and losses of the OP are allocated to non-controlling interest holders based on their respective ownership percentages. Equity is reallocated between controlling and noncontrolling interests in the OP upon a change in ownership. At the end of each annual reporting period, noncontrolling interests in the OP are adjusted to reflect their ownership percentage in the OP through a reallocation between controlling and noncontrolling interests in the OP, as applicable. As of each of June 30, 2020 and December 31, 2019, there were approximately 0.8 million Limited Partner OP Units issued and outstanding, and 49,766 Limited Partner Series F Preferred Units issued and outstanding.

For legal entities being evaluated for consolidation, the Company must first determine whether the interests that it holds and fees it receives qualify as variable interests in the entity. A variable interest is an investment or other interest that will absorb portions of an entity's expected losses or receive portions of the entity's expected residual returns. The Company's evaluation includes consideration of fees paid to the Company where the Company acts as a decision maker or service provider to the entity being evaluated. If the Company determines that it holds a variable interest in an entity, it evaluates whether that entity is a variable interest entity ("VIE"). VIEs are entities where investors lack sufficient equity at risk for the entity to finance its activities without additional subordinated financial support or where equity investors, as a group, lack one of the following characteristics: (a) the power to direct the activities that most significantly impact the entity's economic performance, (b) the obligation to absorb the expected losses of the entity, or (c) the right to receive the expected returns of the entity. The Company consolidates entities that are not VIEs if it has a majority voting interest or other rights that result in effectively controlling the entity.

The Company then qualitatively assesses whether it is (or is not) the primary beneficiary of a VIE, which is generally defined as the party who has a controlling financial interest in the VIE. Consideration of various factors include, but are not limited to, the Company's ability to direct the activities that most significantly impact the entity's economic performance and its obligation to absorb losses from or right to receive benefits of the VIE that could potentially be significant to the VIE. The Company consolidates any VIEs when the Company is determined to be the primary beneficiary of the VIE and the difference between consolidating the VIE and accounting for it using the equity method could be material to the Company's consolidated financial statements. The Company continually evaluates the need to consolidate these VIEs based on standards set forth in U.S. GAAP.

Reclassification

The fees from managed partnerships, which are fees earned from the Company's unconsolidated joint venture entities, previously included in other income (loss), net have been presented in its own line item for prior periods presented to be consistent with the current year presentation.

Revenue Recognition

Rental Revenue

The Company continually reviews receivables related to rent, straight-line rent and property operating expense reimbursements and determines collectability by taking into consideration the tenant's payment history, the financial condition of the tenant, business conditions in the industry in which the tenant operates and economic conditions in the area in which the property is located. The review includes a binary assessment of whether or not substantially all of the amounts due under a tenant's lease agreement are probable of collection. For leases that are deemed probable of collection, revenue continues to be recorded on a straight-line basis over the lease term and the Company recognizes a general allowance on a portfolio-wide basis. For leases that are deemed not probable of collection, revenue is recorded as cash is received and the Company reduces rental revenue for any straight-line rent receivables. The Company recognizes all changes in the collectability assessment for an operating lease as an adjustment to rental revenue. During the three and six months ended June 30, 2020, rental revenue was reduced by \$13.2 million and \$18.5 million, respectively, which included (i) \$2.1 million and \$1.5 million, respectively, of an increase to the general allowance, (ii) \$7.4 million and \$9.4 million, respectively, for amounts not probable of collection, and (iii) \$3.7 million and \$7.6 million, respectively, for straight-line rent receivables. Of the \$13.2 million reduction to rental revenue for the three months ended June 30, 2020, \$8.4 million was related to the impact of the novel coronavirus ("COVID-19") pandemic, of which \$0.9 million represented an increase to the general allowance, \$3.8 million represented amounts not probable of collection, and \$3.7 million was for straight-line rent receivables.

Rental revenue also includes lease termination income collected from tenants to allow for the tenant to vacate their space prior to their scheduled termination dates, as well as amortization of above and below-market leases.

Accounting for Lease Concessions Related to the Effects of the COVID-19 Pandemic

The FASB issued a question-and-answer document, Accounting for Lease Concessions Related to the Effects of the COVID-19 Pandemic for concessions related to the effects of COVID-19 that provide a deferral of payments with no substantive changes to the consideration of the original contract allows an entity to elect to not analyze each contract to determine whether enforceable rights and obligations for concessions exist in the contract and to elect to apply or not apply the lease modification guidance in Accounting Standards Codification ("ASC") Topic 842, Leases ("ASC 842"), to those contracts (the "COVID-19 Lease Concessions Relief"). For eligible concessions, the Company has elected not to apply the lease modification guidance in ASC 842. As such, the Company accounts for eligible deferral concessions as if there were no changes made to the lease agreement and, accordingly, continues to recognize income and increases the lease receivable. Ineligible concessions are accounted for as a lease modification under ASC 842, which requires the Company to reevaluate the lease classification and remeasure and reallocate the consideration over the remaining lease term, and include any prepaid rent liabilities and accrued rent assets relating to the original lease as part of the lease payments for the modified lease.

During the three months ended June 30, 2020, the Company had \$3.6 million of rental revenue related to deferral agreements executed through June 30, 2020 and \$5.3 million related to deferral agreements executed from July 1, 2020 through July 27, 2020, which qualify for the COVID-19 Lease Concessions Relief. The Company did not record rental revenue for \$11.2 million of second quarter rental revenue abated pursuant to lease amendments executed through June 30, 2020, which increased the weighted average lease term for the related properties.

Fees from Managed Partnerships

The Company provides various services to our unconsolidated joint venture entities in exchange for fees. Total asset and property management and acquisition fees earned in connection with these entities was \$0.4 million and \$0.1 million for the three months ended June 30, 2020 and 2019, respectively, and \$1.0 million and \$0.2 million for the six months ended June 30, 2020 and 2019, respectively.

(1) Includes all fees and costs associated with various litigations and investigations prompted by the results of the 2014 investigation conducted by the audit committee (the "Audit Committee") of the Company's Board of Directors (the "Audit Committee Investigation"), including fees and costs incurred pursuant to the Company's advancement obligations, litigation related thereto and in connection with related insurance recovery matters, net of accrual reversals.

(2) The negative balance for the three and six months ended June 30, 2020 is a result of estimated costs accrued in prior periods that exceeded actual expenses incurred.

(3) Represents the surrender of 2.9 million Limited Partner OP Units in connection with an SEC settlement entered into by principals of the Company's former external manager.

Equity-based Compensation

The Company has an equity-based incentive award plan (the "Equity Plan") for non-executive directors, officers, other employees and advisors or consultants who provide services to the Company, as applicable, and a non-executive director restricted share plan, which are accounted for under U.S. GAAP for share-based payments. The expense for such awards is recognized over the vesting period or when the requirements for exercise of the award have been met. As of June 30, 2020, the General Partner had cumulatively awarded under its Equity Plan approximately 18.0 million shares of Common Stock, which was comprised of 4.0 million restricted share awards ("Restricted Shares"), net of the forfeiture of 3.7 million Restricted Shares through that date, 7.9 million restricted stock units ("Restricted Stock Units"), net of the forfeiture/cancellation of 2.0 million Restricted Stock Units through that date, 0.8 million deferred stock units ("Deferred Stock Units"), and 5.3 million stock options ("Stock Options"), net of forfeiture/cancellation of 0.3 million Stock Options through that date. Accordingly, as of such date, approximately 95.1 million additional shares were available for future issuance, excluding the effect of the 5.3 million Stock Options. At June 30, 2020, a total of 45,000 shares were awarded under the non-executive director restricted share plan out of the 99,000 shares reserved for issuance.

The following is a summary of equity-based compensation expense for the three and six months ended June 30, 2020 and 2019 (in thousands):

Restructuring

During the six months ended June 30, 2020, there were no restructuring expenses recorded. During the six months ended June 30, 2019, the Company's obligation to provide certain transition services for CCA Acquisition, LLC (the "Cole Purchaser") terminated in accordance with the terms of a services agreement (the "Services Agreement") with the Cole Purchaser and the Company recorded \$9.4 million of restructuring expenses related to the reorganization of its business.

Recent Accounting Pronouncements

Financial Instruments - Credit Losses

The Company adopted ASU 2016-13, Financial Instruments – Credit Losses and subsequent amendments (collectively Topic 326), effective January 1, 2020. Topic 326 was intended to improve financial reporting by requiring more timely recognition of credit losses on loans and other financial instruments that are not accounted for at fair value through net income and required that financial assets measured at amortized cost be presented at the net amount expected to be collected, through an allowance for credit losses that was deducted from the amortized cost basis. The amendments in Topic 326 required the Company to measure all expected credit losses based upon historical experience, current conditions, and reasonable and supportable forecasts that affect the collectability of the financial assets and eliminated the "incurred loss" methodology under current U.S. GAAP.

Upon adoption, the Company determined the following to be within the scope of Topic 326: (i) investments in direct financing leases and (ii) other immaterial miscellaneous short term receivables. Due to the short term nature and collection history of the direct financing leases and management fee receivables and the creditworthiness of the direct financing lease tenants, the adoption of this guidance did not have a material impact on the Company's consolidated financial statements.

Reference Rate Reform

During the first quarter of 2020, the Financial Accounting Standards Board (the "FASB") issued ASU 2020-04, Reference Rate Reform (Topic 848). ASU 2020-04 contains practical expedients for reference rate reform related activities that impact debt, leases, derivatives and other contracts. The guidance in ASU 2020-04 is optional and may be elected over time as reference rate reform activities occur. During the first quarter of 2020, the Company elected to apply the hedge accounting expedients related to probability and the assessments of effectiveness for future London Inter-Bank Offer Rate ("LIBOR")-indexed cash flows to assume that the index upon which future hedged transactions will be based matches the index on the corresponding derivatives. Application of these expedients preserves the presentation of derivatives consistent with past presentation. The Company continues to evaluate the impact of the guidance and may apply other elections as applicable as additional changes in the market occur.

Note 3 – Real Estate Investments and Related Intangibles

Property Acquisitions

During the six months ended June 30, 2020, the Company acquired controlling financial interests in 25 commercial properties for an aggregate purchase price of \$147.1 million (the "2020 Acquisitions"), which includes one land parcel for build-to-suit development, further discussed below and \$0.9 million of external acquisition-related expenses that were capitalized.

During the six months ended June 30, 2019, the Company acquired controlling financial interests in 33 commercial properties for an aggregate purchase price of \$200.5 million (the "2019 Acquisitions"), which includes \$1.0 million of external acquisition-related expenses that were capitalized.

(2) The weighted average amortization period for acquired above-market leases is 20.1 years for 2020 Acquisitions.

As of June 30, 2020, the Company invested \$23.4 million, including \$0.3 million of external acquisition-related expenses and interest that were capitalized, in one build-to-suit development project. The Company's estimated remaining committed investment is \$21.4 million, and the project is expected to be completed within the next 12 months.

Property Dispositions and Real Estate Assets Held for Sale

During the six months ended June 30, 2020, the Company disposed of 47 properties, including the sale of two consolidated properties to the office partnership, for an aggregate gross sales price of \$219.2 million, of which our share was \$216.7 million after the profit participation payments related to the disposition of three Red Lobster properties. The dispositions resulted in proceeds of \$204.1 million after closing costs, including proceeds from the contribution of properties to the office partnership. The Company recorded a gain of \$34.2 million related to the dispositions, which is included in gain on disposition of real estate and real estate assets held for sale, net in the accompanying consolidated statements of operations.

During the six months ended June 30, 2019, the Company disposed of 75 properties, including the sale of six consolidated properties to the industrial partnership for an aggregate gross sales price of \$809.2 million, of which our share was \$796.4 million after the profit participation payment related to the disposition of 23 Red Lobster properties. The dispositions resulted in proceeds of \$739.9 million after closing costs and contributions to the industrial partnership. The Company recorded a gain of \$233.4 million related to the sales which is included in gain on disposition of real estate and real estate assets held for sale, net in the accompanying consolidated statements of operations.

As of June 30, 2020, there were eight properties classified as held for sale with a carrying value of \$48.1 million, included in real estate assets held for sale, net, primarily comprised of land of \$2.5 million and building, fixtures and improvements, net of \$41.7 million, in the accompanying consolidated balance sheets, and are expected to be sold in the next 12 months as part of the Company's portfolio management strategy. As of December 31, 2019, there were five properties classified as held for sale. During the six months ended June 30, 2020, the Company recorded a loss of \$0.2 million related to held for sale properties. During the six months ended June 30, 2019 the Company recorded a loss of \$0.8 million related to held for sale properties.

Consolidated Joint Venture

The Company had an interest in one consolidated joint venture that owned one property as of June 30, 2020 and December 31, 2019. As of June 30, 2020 and December 31, 2019, the consolidated joint venture had total assets of \$33.6 million and \$32.5 million, respectively, of which \$30.0 million and \$29.6 million, respectively, were real estate investments, net of accumulated depreciation and amortization at each of the respective dates. The property is secured by a mortgage note payable, which is non-recourse to the Company and had a balance of \$15.2 million and \$14.3 million as of June 30, 2020 and December 31, 2019, respectively. The Company has the ability to control operating and financing policies of the consolidated joint venture. There are restrictions on the use of these assets as the Company is generally required to obtain the approval of the joint venture partner in accordance with the joint venture agreement for any major transactions. The Company and the joint venture partner are subject to the provisions of the joint venture agreement, which includes provisions for when additional contributions may be required to fund certain cash shortfalls.

Office Partnership ⁽⁴⁾	20%	3	9,967	—	199	—

- (1) The Company's ownership interest reflects its legal ownership interest. Legal ownership may, at times, not equal the Company's economic interest in the listed properties because of various provisions in certain joint venture agreements regarding capital contributions, distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. As a result, the Company's actual economic interest (as distinct from its legal ownership interest) in certain of the properties could fluctuate from time to time and may not wholly align with its legal ownership interests.
- (2) The total carrying amount of the investment was greater than the underlying equity in net assets by \$4.6 million and \$4.7 million as of June 30, 2020 and December 31, 2019, respectively. This difference relates to a purchase price allocation of goodwill and a step up in fair value of the investment asset acquired in connection with mergers. The step up in fair value was allocated to the individual investment asset and is being amortized in accordance with the Company's depreciation policy.
- (3) During the six months ended June 30, 2020, the Company made a capital contribution to the industrial partnership, in anticipation of the acquisition of a property.
- (4) During the six months ended June 30, 2020, the office partnership acquired one property from a third party for a purchase price of \$33.1 million.

The unconsolidated joint ventures had total aggregate debt outstanding of \$341.8 million as of June 30, 2020, which is non-recourse to the Company, as discussed in Note 6 – Debt. There was \$269.3 million of debt outstanding related to the unconsolidated joint ventures as of December 31, 2019.

The Company and the respective unconsolidated joint venture partners are subject to the provisions of the applicable joint venture agreements, which include provisions for when additional contributions may be required to fund certain cash shortfalls, including the Company's share of expansion project capital expenditures.

- (3) Amortization expense for leasehold improvements totaled \$0.1 million for each of the three months ended June 30, 2020 and 2019, and \$0.3 million and \$0.4 million for the six months ended June 30, 2020 and 2019, respectively, with no related write-offs. Accumulated amortization was \$3.1 million and \$2.8 million as of June 30, 2020 and December 31, 2019, respectively. Depreciation expense for property and equipment totaled \$0.3 million for each of the three months ended June 30, 2020 and 2019, with no related write-offs. Depreciation expense for property and equipment totaled \$0.6 million and \$0.7 million for the six months ended June 30, 2020 and 2019, respectively, inclusive of write-offs of less than \$0.1 million for six months ended June 30, 2019. Accumulated depreciation was \$6.0 million and \$5.4 million as of June 30, 2020 and December 31, 2019, respectively.

Note 5 – Fair Value Measures

The Company determines fair value based on quoted prices when available or through the use of alternative approaches, such as discounting the expected cash flows using market interest rates commensurate with the credit quality and duration of the investment. U.S. GAAP guidance defines three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the entire contractual term of the asset or liability.

Level 3 – Unobservable inputs reflect the entity’s own assumptions about the assumptions that market participants would use in the pricing of the asset or liability and are consequently not based on market activity, but rather through particular valuation techniques.

The determination of where an asset or liability falls in the hierarchy requires significant judgment and considers factors specific to the asset or liability. In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company evaluates its hierarchy disclosures each quarter and depending on various factors, it is possible that an asset or liability may be classified differently from quarter to quarter. Changes in the type of inputs may result in a reclassification for certain assets. The Company does not expect that changes in classifications between levels will be frequent.

Items Measured at Fair Value on a Recurring Basis

The following tables present information about the Company’s assets and liabilities measured at fair value on a recurring basis as of June 30, 2020 and December 31, 2019, aggregated by the level in the fair value hierarchy within which those instruments fall (in thousands):

	Level 1	Level 2	Level 3	Balance as of June 30, 2020
Assets:				
Investment in Cole REITs	\$ —	\$ —	\$ 6,867	\$ 6,867
Liabilities:

Total assets	\$ —	\$ 250	\$ 7,552	\$ 7,802
Liabilities:				
Derivative liabilities	\$ —	\$ (28,081)	\$ —	\$ (28,081)

Derivative Assets and Liabilities – The Company’s derivative financial instruments relate to interest rate swaps. The valuation of derivative instruments is determined using a discounted cash flow analysis on the expected cash flows of each derivative. This analysis reflects the contractual terms of the derivatives, including the period to maturity, as well as observable market-based inputs, including interest rate curves and implied volatilities. In addition, credit valuation adjustments are incorporated into the fair values to account for the Company’s potential nonperformance risk and the performance risk of the counterparties.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020 (Unaudited) – (Continued)

Although the Company determined that the majority of the inputs used to value its derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with those derivatives utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by the Company and its counterparties. However, as of June 30, 2020 and December 31, 2019, the Company assessed the significance of the impact of the credit valuation adjustments on the overall valuation of its derivative positions and determined that the credit valuation adjustments are not significant to the overall valuation of the Company's derivatives. As a result, the Company determined that its derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

Investment in Cole REITs – The fair values of CCIT II, CCIT III and CCPT V were estimated using the net asset value per share, as most recently disclosed by each applicable REIT. Each of the Cole REIT's share redemption programs includes restrictions that limit the number of shares redeemed by the respective Cole REIT.

The following are reconciliations of the changes in assets and liabilities with Level 3 inputs in the fair value hierarchy for the six months ended June 30, 2020 and 2019 (in thousands):

	Investment in Cole REITs

Items Measured at Fair Value on a Non-Recurring Basis

Certain financial and nonfinancial assets and liabilities are measured at fair value on a non-recurring basis and are subject to fair value adjustments in certain circumstances, such as when there is evidence of impairment.

Real Estate Investments – The Company performs quarterly impairment review procedures for real estate investments and investments in unconsolidated entities, primarily through continuous monitoring of events and changes in circumstances that could indicate the carrying value of its real estate assets may not be recoverable.

As part of the Company's quarterly impairment review procedures, net real estate assets representing 38 properties were deemed to be impaired resulting in impairment charges of \$20.5 million during the six months ended June 30, 2020. The impairment charges relate to certain retail and restaurant properties whose tenants filed for Chapter 11 bankruptcy during the six months ended June 30, 2020, were identified by management for potential sale or were determined would not be re-leased by the tenant.

As a result of the COVID-19 pandemic, the Company considered whether there was any indication of impairment for properties that did not otherwise have potential impairment indicators and did not identify additional properties as of June 30, 2020. Based on the Company's expected holding period for the properties and the economic conditions as of June 30, 2020, the Company believes that their carrying values are recoverable. However, the COVID-19 pandemic has negatively impacted the businesses of certain of our tenants so the Company continues to monitor for circumstances and events in future periods, which may result in impairment charges.

During the six months ended June 30, 2019, net real estate assets related to 42 properties, were deemed to be impaired resulting in impairment charges of \$20.3 million. The impairment charges related to certain office, retail and restaurant properties that, during the six months ended June 30, 2019, management identified for potential sale or determined, based on discussions with the current tenants, would not be re-leased by the tenant and the Company believed the property would not be leased to another tenant at a rental rate that supports the current book value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020 (Unaudited) – (Continued)

The Company estimates fair values using Level 3 inputs and uses a combined income and market approach, specifically using discounted cash flow analysis and recent comparable sales transactions. The evaluation of real estate assets for potential impairment requires the Company’s management to exercise significant judgment and make certain key assumptions, including, but not limited to, the following: (1) capitalization rate; (2) discount rates; (3) number of years property will be held; (4) property operating expenses; and (5) re-leasing assumptions including number of months to re-lease, market rental revenue and required tenant improvements. There are inherent uncertainties in making these estimates such as market conditions and performance and sustainability of the Company’s tenants. For the Company’s impairment tests for the real estate assets during the six months ended June 30, 2020, the Company used a range of discount rates from 7.9% to 8.4% with a weighted-average rate of 8.2% and capitalization rates from 7.4% to 7.9% with a weighted-average rate of 7.7%.

Goodwill – The Company evaluates goodwill for impairment annually or more frequently when an event occurs or circumstances change that indicate the carrying value may not be recoverable.

As a result of a decrease in the Company’s stock price during the six months ended June 30, 2020, the Company assessed its goodwill for impairment as of June 30, 2020, which resulted in no impairments. The Company continues to monitor factors that may impact the fair value of goodwill including, but not limited to, market comparable company multiples, interest rates, and global economic conditions.

Fair Value of Financial Instruments

The fair value of short-term financial instruments such as cash and cash equivalents, restricted cash and accounts payable approximate their carrying value in the accompanying consolidated balance sheets due to their short-term nature and are classified as Level 1 under the fair value hierarchy. The fair values of the Company’s financial instruments are reported below (dollar amounts in thousands):

	Level	Carrying Amount at June 30, 2020	Fair Value at June 30, 2020	Carrying Amount at December 31, 2019	Fair Value at December 31, 2019
Liabilities ⁽¹⁾:					
Mortgage notes payable and other debt, net	2	\$ 1,400,317	\$ 1,446,194	\$ 1,535,918	\$ 1,590,915

Total liabilities		<u>\$ 6,006,205</u>	<u>\$ 6,191,604</u>	<u>\$ 5,745,446</u>	<u>\$ 5,990,239</u>

(1) Current and prior period liabilities’ carrying and fair values exclude net deferred financing costs.

Debt – The fair value is estimated by an independent third party using a discounted cash flow analysis, based on management’s estimates of observable market interest rates. Corporate bonds and convertible debt are valued using quoted market prices in active markets with limited trading volume when available.

- (1) Net premiums on mortgage notes payable were recorded upon the assumption of the respective mortgage notes in relation to the various mergers and acquisitions. Amortization of these net premiums is recorded as a reduction to interest expense over the remaining term of the respective mortgage notes using the effective-interest method.
- (2) Discounts on the corporate bonds and convertible debt were recorded based upon the fair value of the respective debt instruments as of the respective issuance dates. Amortization of these discounts is recorded as an increase to interest expense over the remaining term of the respective debt instruments using the effective-interest method.
- (3) Deferred costs relate to the Credit Facility Term Loan, as defined in the “Credit Facility” section below.

- (1) Net carrying value is real estate assets, including investment in direct financing leases, net of real estate liabilities.
- (2) Weighted average interest rate is computed using the interest rate in effect until the anticipated repayment date. Should the loan not be repaid at the anticipated repayment date, the applicable interest rate will increase as specified in the respective loan agreement until the extended maturity date.
- (3) Weighted average years remaining to maturity is computed using the anticipated repayment date as specified in each loan agreement, where applicable.
- (4) Weighted-average interest rate for variable-rate debt represents the interest rate in effect as of June 30, 2020.
- (5) The table above does not include mortgage notes associated with unconsolidated joint ventures of \$341.8 million, which are non-recourse to the Company.

The Company’s mortgage loan agreements generally restrict corporate guarantees and require the maintenance of financial covenants, including maintenance of certain financial ratios (such as debt service coverage ratios and minimum net operating income). The mortgage loan agreements contain no dividend restrictions except in the event of default or when a distribution would drive liquidity below the applicable thresholds. At June 30, 2020, the Company believes that it was in compliance with the financial covenants under the mortgage loan agreements and had no restrictions on the payment of dividends.

The following table summarizes the scheduled aggregate principal repayments due on mortgage notes subsequent to June 30, 2020 (in thousands):

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020 (Unaudited) – (Continued)

The Senior Notes are guaranteed by the General Partner. The OP may redeem all or a part of any series of the Senior Notes at any time, at its option, for the redemption prices set forth in the indenture governing the Senior Notes. If the redemption date is 60 or fewer days prior to the maturity date with respect to the 2025 Senior Notes, 90 or fewer days prior to the maturity date with respect to the 2024 Senior Notes, the 2026 Senior Notes, the 2027 Senior Notes and the 2029 Senior Notes, or on or after November 15, 2027, with respect to the 2028 Senior Notes, the redemption price will equal 100% of the principal amount of the Senior Notes of the applicable series to be redeemed, plus accrued and unpaid interest on the amount being redeemed to, but excluding, the applicable redemption date. The Senior Notes are registered under the Securities Act of 1933, as amended (the “Securities Act”) and are freely transferable.

The indenture governing our Senior Notes requires us to maintain financial ratios which include maintaining (i) a maximum limitation on incurrence of total debt less than or equal to 65% of Total Assets (as defined in the indenture), (ii) maximum limitation on incurrence of secured debt less than or equal to 40% of Total Assets (as defined in the indenture), (iii) a minimum debt service coverage ratio of at least 1.5x and (iv) a minimum unencumbered asset value of at least 150% of the aggregate principal amount of all of the outstanding Unsecured Debt (as defined in the indenture). As of June 30, 2020, the Company believes that it was in compliance with the financial covenants of our Senior Notes based on the covenant limits and calculations in place at that time.

Convertible Debt

On June 25, 2020, the Company repurchased \$50.2 million of its 3.75% Convertible Senior Notes due 2020. As of June 30, 2020, the Company’s 2020 Convertible Notes had a balance of \$271.6 million outstanding, which excludes the carrying value of the conversion options recorded within additional paid-in capital of \$12.1 million and the unamortized discount of \$0.8 million. The discount will be amortized over the remaining term of 0.5 years. The 2020 Convertible Notes bear interest at an annual rate of 3.75%.

The 2020 Convertible Notes may be converted into cash, shares of the Company’s Common Stock or a combination thereof, in limited circumstances prior to June 15, 2020, and may be converted into such consideration at any time on or after June 15, 2020. As of June 30, 2020, the conversion rate was 66.7249 shares of the Company’s Common Stock per \$1,000 principal amount of 2020 Convertible Notes, which reflects adjustments to the initial conversion rate pursuant to the terms of the applicable indenture as a result of cash dividend payments. There were no changes to the terms of the 2020 Convertible Notes during the six months ended June 30, 2020 and the Company believes that it was in compliance with the financial covenants pursuant to the indenture governing the 2020 Convertible Notes as of June 30, 2020.

Credit Facility

On May 23, 2018, the General Partner, as guarantor, and the OP, as borrower, entered into a credit agreement with Wells Fargo Bank, National Association as administrative agent and other lenders party thereto (the “Credit Agreement”). The Credit Agreement provided for maximum borrowings of \$2.9 billion, originally consisting of a \$2.0 billion unsecured revolving credit facility (the “Revolving Credit Facility”) and a \$900.0 million unsecured term loan facility (the “Credit Facility Term Loan,” together with the Revolving Credit Facility, the “Credit Facility”). Effective December 27, 2019, the Company reduced the amount available under its Revolving Credit Facility from \$2.0 billion to \$1.5 billion. On May 27, 2020, the Operating Partnership and the Company, entered into Amendment No. 1 to the Credit Agreement (the “Amendment”) which, among other things, modifies the measurement period for certain financial covenants (and relevant associated definitions) from either the prior quarterly period annualized or the prior six month period to the four consecutive fiscal quarter period most recently ending.

As of June 30, 2020, no amounts were outstanding under the Revolving Credit Facility and the full \$900.0 million was drawn on the Credit Facility Term Loan. The maximum aggregate dollar amount of letters of credit that may be outstanding at any one time under the Credit Facility is \$50.0 million. As of June 30, 2020, there were no letters of credit outstanding.

The Revolving Credit Facility generally bears interest at an annual rate of LIBOR plus 0.775% to 1.55% or Base Rate plus 0.00% to 0.55% (based upon the General Partner’s then current credit rating). “Base Rate” is defined as the highest of the prime rate, the federal funds rate plus 0.50% or a floating rate based on one month LIBOR plus 1.0%, determined on a daily basis. The Credit Facility Term Loan generally bears interest at an annual rate of LIBOR plus 0.85% to 1.75%, or Base Rate plus 0.00% to 0.75% (based upon the General Partner’s then current credit rating). In addition, the Credit Agreement provides the flexibility for interest rate auctions, pursuant to which, at the Company’s election, the Company may request that lenders make competitive bids to provide revolving loans, which competitive bids may be at pricing levels that differ from the foregoing interest rates. The Credit Facility Term Loan interest rate was 3.59% as of June 30, 2020, pursuant to the terms of the related swap agreements discussed in Note 7 – Derivatives and Hedging Activities.

VEREIT, INC. and VEREIT OPERATING PARTNERSHIP, L.P.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2020 (Unaudited) – (Continued)

In the event of default, at the election of a majority of the lenders (or automatically upon a bankruptcy event of default with respect to the OP or the General Partner), the commitments of the lenders under the Credit Facility will terminate, and payment of any unpaid amounts in respect of the Credit Facility will be accelerated. The Revolving Credit Facility terminates on May 23, 2022, unless extended in accordance with the terms of the Credit Agreement. The Credit Agreement provides for two six-month extension options with respect to the Revolving Credit Facility, exercisable at the OP's election and subject to certain customary conditions, as well as certain customary "amend and extend" provisions. The outstanding Credit Facility Term Loan matures on May 23, 2023. At any time, upon timely notice by the OP and subject to any breakage fees, the OP may prepay borrowings under the Credit Facility (subject to certain limitations applicable to the prepayment of any loans obtained through an interest rate auction, as described above). The OP incurs a facility fee equal to 0.10% to 0.30% per annum (based upon the General Partner's then current credit rating) multiplied by the commitments (whether or not utilized) in respect of the Revolving Credit Facility. The OP also incurs customary administrative agent, letter of credit issuance, letter of credit fronting, extension and other fees.

The Credit Facility requires restrictions on corporate guarantees, as well as the maintenance of financial covenants, including the maintenance of certain financial ratios (such as specified debt to equity and debt service coverage ratios). The key financial covenants in the Credit Facility, as defined and calculated per the terms of the Credit Agreement, include maintaining (i) a maximum leverage ratio less than or equal to 60%, (ii) a minimum fixed charge coverage ratio of at least 1.5x, (iii) a secured leverage ratio less than or equal to 45%, (iv) a total unencumbered asset value ratio less than or equal to 60% and (v) a minimum unencumbered interest coverage ratio of at least 1.75x. The Company believes that it was in compliance with the financial covenants pursuant to the Credit Agreement and is not restricted from accessing any borrowing availability under the Credit Facility as of June 30, 2020.

Note 7 – Derivatives and Hedging Activities

Cash Flow Hedges of Interest Rate Risk

The Company has interest rate swap agreements with an aggregate \$900.0 million notional amount, which were designated as cash flow hedges. The Company also has forward starting interest rate swaps with a total notional amount of \$400.0 million, which were designated as cash flow hedges to hedge the risk of changes in the interest-related cash outflows associated with the anticipated issuance of long-term debt.

The table below presents the fair value of the Company's derivative financial instruments designated as cash flow hedges as well as their classification in the consolidated balance sheets as of June 30, 2020 and December 31, 2019 (in thousands):

Derivatives Designated as Hedging Instruments	Balance Sheet Location	June 30, 2020	December 31, 2019
Interest rate swaps	Rent and tenant receivables and other assets, net	\$ —	\$ 250
Interest rate swaps	Derivative, deferred rent and other liabilities	\$ (106,520)	\$ (28,081)

During the three and six months ended June 30, 2020, the Company recorded unrealized losses of \$6.5 million and \$85.0 million, respectively, and losses of \$16.3 million and \$27.6 million, respectively, for the three and six months ended June 30, 2019 for changes in the fair value of the cash flow hedges in accumulated other comprehensive income.

The Company reclassified previous losses of \$4.6 million and \$6.6 million for the three and six months ended June 30, 2020, respectively, and losses of \$0.1 million and \$0.2 million for the three and six months ended June 30, 2019, respectively, from accumulated other comprehensive income into interest expense as a result of the hedged transactions impacting earnings.

During the next twelve months, the Company estimates that an additional \$24.4 million will be reclassified from other comprehensive income as an increase to interest expense.

Credit Risk Related Contingent Features

The Company has agreements with each of its derivative counterparties that contain a provision specifying that if the Company either defaults or is capable of being declared in default on any of its indebtedness, the Company could also be declared in default on its derivative obligations.

As of June 30, 2020, the Company has not posted any collateral related to these agreements and was not in breach of any provisions in these agreements. If the Company had breached any of these agreements, it could have been required to settle its obligations under the agreements at their aggregate termination value of \$107.3 million at June 30, 2020.

Note 8 – Supplemental Cash Flow Disclosures

Supplemental cash flow information was as follows for the six months ended June 30, 2020 and 2019 (in thousands):

Note 10 – Commitments and Contingencies

Litigation

The Company is involved in various routine legal proceedings and claims incidental to the ordinary course of its business. There are no material legal proceedings pending against the Company, except as follows:

Government Investigations and Litigation Relating to the Audit Committee Investigation

As previously reported, on October 29, 2014, the Company filed a Current Report on Form 8-K (the “October 29 8-K”) reporting the Audit Committee’s conclusion, based on the preliminary findings of its investigation, that certain previously issued consolidated financial statements of the Company, including those included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013 and Quarterly Reports on Form 10-Q for the quarters ended March 31, 2014 and June 30, 2014, and related financial information should no longer be relied upon. The Company also reported that the Audit Committee had based its conclusion on the preliminary findings of its investigation into concerns regarding accounting practices and other matters that were first reported to the Audit Committee in early September 2014 and that the Audit Committee believed that an error in the calculation of adjusted funds from operations for the first quarter of 2014 had been identified but intentionally not corrected when the Company reported its financial results for the three and six months ended June 30, 2014. Prior to the filing of the October 29 8-K, the Audit Committee previewed for the SEC the information contained in the filing. Subsequent to that filing, the SEC provided notice that it had commenced a formal investigation and issued subpoenas calling for the production of various documents. In addition, the United States Attorney’s Office for the Southern District of New York contacted counsel for the Audit Committee and counsel for the Company with respect to this matter, and the Secretary of the Commonwealth of Massachusetts issued a subpoena calling for the production of various documents. The Company cooperated with these regulators throughout their investigations. The U.S. Attorney’s Office concluded that it did not intend to bring any criminal charges against the Company arising from its investigation and the Company believes that the investigation by the Secretary of the Commonwealth of Massachusetts is no longer pending.

On November 18, 2019, the Company announced it had reached agreement with the staff of the Enforcement Division of the SEC on the material terms of a negotiated resolution relating to the SEC’s investigation of the matters disclosed in the Company’s October 29 8-K. The agreement with the SEC staff, which was approved by the SEC’s Commissioners on June 23, 2020, required payment of \$8.0 million as a civil penalty, which payment was made by the Company subsequent to quarter end.

Purchase Commitments

In the normal course of business, the Company enters into various types of commitments to purchase real estate properties. These commitments are generally subject to the Company’s customary due diligence process and, accordingly, a number of specific conditions must be met before the Company is obligated to purchase the properties.

Environmental Matters

In connection with the ownership and operation of real estate, the Company may potentially be liable for costs and damages related to environmental matters. The Company has not been notified by any governmental authority of any non-compliance, liability or other claim, and is not aware of any other environmental condition, in each case, that it believes will have a material adverse effect on the results of operations.

Note 11 – Leases
Lessor

The Company is the lessor for its 3,836 retail, restaurant, office and industrial properties. The Company's operating and direct financing leases have non-cancelable lease terms of 0.03 years to 24.6 years. Certain leases with tenants include options to extend or terminate the lease agreements or to purchase the underlying asset. Lease agreements may also contain rent increases that are based on an index or rate (e.g., the consumer price index ("CPI") or LIBOR). The Company believes the residual value risk is not a primary risk because of the long-lived nature of the assets.

The components of rental revenue from the Company's operating and direct financing leases were as follows (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2020	2019	2020	2019
Fixed:				
Cash rent ⁽¹⁾	\$ 253,117	\$ 277,324	\$ 522,702	\$ 559,899
Straight-line rent ⁽²⁾	3,404	8,043	5,458	15,455
Lease intangible amortization	(788)	(611)	(1,536)	(1,342)
Property operating cost reimbursements	1,363	1,422	2,791	2,886
Sub-lease ⁽³⁾	5,279	5,282	10,543	10,771
Total fixed	262,375	291,460	539,958	587,669
Variable ⁽⁴⁾	16,039	20,372	36,852	40,789
Income from direct financing leases	162	211	352	428
Total rental revenue	\$ 278,576	\$ 312,043	\$ 577,162	\$ 628,886

(1) For the three months ended June 30, 2020, includes rental revenue that represents deferred rent of \$3.6 million related to deferral agreements executed through June 30, 2020, and \$5.3 million related to deferral agreements executed from July 1, 2020 through July 27, 2020, which qualify for the COVID-19 Lease Concessions Relief. For the three months ended June 30, 2020, cash rent was negatively impacted by (i) \$11.2 million of abated rental revenue pursuant to lease amendments executed through June 30, 2020, which increased the weighted average lease term for the related properties and (ii) a reduction to rental revenue of \$4.7 million that was related to the impact of the COVID-19 pandemic, of which \$0.9 million represented an increase to the general allowance for rental revenue that the Company believes it may abate as a result of lease amendments and \$3.8 million represented amounts not probable of collection at June 30, 2020 and rental revenue will be recognized as cash is received.

(2) For the three months ended June 30, 2020, was negatively impacted by a reduction to rental revenue that was related to the impact of the COVID-19 pandemic of \$3.7 million of straight-line rent receivables.

(3) The Company's tenants are generally sub-tenants under certain ground leases and are responsible for paying the rent under these leases.

(4) Includes costs reimbursed related to property operating expenses, common area maintenance and percentage rent, including these costs reimbursed by ground lease sub-tenants.

The following table presents future minimum operating lease payments due to the Company over the next five years and thereafter as of June 30, 2020 (in thousands). These amounts exclude contingent rent payments, as applicable, that may be collected from certain tenants based on provisions related to sales thresholds and increases in annual rent based on exceeding certain economic indexes.

2024	848,833	510
2025	743,217	169
Thereafter	4,556,368	655
Total	\$ 9,608,794	\$ 7,906

(1) Related to 19 properties which are subject to direct financing leases and, therefore, revenue is recognized as rental income on the discounted cash flows of the lease payments. Amounts reflect undiscounted cash flows to be received by the Company under the lease agreements on these respective properties.

Lessee

The Company is the lessee under ground lease arrangements and corporate office leases. All leases for which the Company is the lessee meet the criteria of an operating lease. The Company's leases have remaining lease terms of 0.1 years to 79.1 years, some of which include options to extend. The weighted average remaining lease term for the Company's operating leases was 16.1 years as of June 30, 2020. Under certain ground lease arrangements, the Company pays variable costs, including property operating expenses and common area maintenance, which are generally reimbursed by the ground lease sub-tenants. The weighted average discount rate for the Company's operating leases was 4.99% as of June 30, 2020. As the Company's leases do not provide an implicit rate, the Company used an estimated incremental borrowing rate based on the information available at the adoption date in determining the present value of lease payments.

The Company incorporated renewal periods in the calculation of the majority of ground lease right-of-use assets and lease liabilities. Pursuant to certain leases, the Company is required to execute renewal options available under the ground lease through the building lease term. No renewals were incorporated in the calculation of the corporate lease right-of-use assets and liabilities, as it is not reasonably certain that the Company will exercise the options. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

The following table presents the lease expense components for the three and six months ended June 30, 2020 and 2019 (in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2020	2019	2020	2019
Operating lease cost ⁽¹⁾	\$ 6,135	\$ 5,418	\$ 13,710	\$ 12,396
Sublease income ⁽²⁾	\$ (5,279)	\$ (5,282)	\$ (10,543)	\$ (10,771)

(1) No cash paid for operating lease liabilities was capitalized.

(2) The Company's tenants are generally sub-tenants under certain ground leases and are responsible for paying the rent under these leases.

Subsequent to initial measurement of \$233.3 million and \$236.3 million, respectively, the Company reduced the right-of-use assets by \$2.8 million and operating lease liabilities by \$3.1 million, for non-cash activity related to dispositions and lease modifications during the six months ended June 30, 2019. During the six months ended June 30, 2020, the Company increased the right-of-use assets and operating lease liabilities each by less than \$0.1 million.

Note 12 – Equity

Common Stock and General Partner OP Units

The General Partner is authorized to issue up to 1.5 billion shares of Common Stock. As of June 30, 2020, the General Partner had approximately 1.1 billion shares of Common Stock issued and outstanding. Additionally, the Operating Partnership had approximately 1.1 billion General Partner OP Units issued and outstanding as of June 30, 2020, corresponding to the General Partner's outstanding shares of Common Stock.

Common Stock Continuous Offering Program

The Company has a continuous equity offering program pursuant to which the Company may sell shares of Common Stock having an aggregate offering price of up to \$750.0 million from time to time through April 15, 2022 in “at-the-market” offerings or certain other transactions (the “ATM Program”). The proceeds from any sale of shares under the ATM Program have been or will be used for general corporate purposes, which may include funding potential acquisitions and repurchasing or repaying outstanding indebtedness.

There were no issuances under the ATM Program during the six months ended June 30, 2020. As of June 30, 2020, the Company had \$663.3 million available to be sold under the ATM Program.

Series F Preferred Stock and Series F Preferred OP Units

The Series F Preferred Stock pays cumulative cash dividends at the rate of 6.70% per annum on their liquidation preference of \$25.00 per share (equivalent to \$1.675 per share on an annual basis). The General Partner may, at its option, redeem shares of the Series F Preferred Stock, in whole or from time to time in part, at a redemption price of \$25.00 per share plus, subject to exceptions, any accrued and unpaid dividends thereon to the date fixed for redemption. The shares of Series F Preferred Stock have no stated maturity, are not subject to any sinking fund or mandatory redemption and will remain outstanding indefinitely unless the General Partner redeems or otherwise repurchases them or they become convertible and are converted into Common Stock (or, if applicable, alternative consideration). The Series F Preferred Stock trades on the NYSE under the symbol VER PRF. The Series F Preferred Units contain the same terms as the Series F Preferred Stock.

As of June 30, 2020, there were approximately 30.9 million shares of Series F Preferred Stock, approximately 30.9 million corresponding General Partner Series F Preferred Units and 49,766 Limited Partner Series F Preferred Units issued and outstanding. On June 22, 2020, the Company issued notice that it would redeem \$150.0 million of Series F Preferred Stock, plus accrued and unpaid dividends thereon.

Limited Partner OP Units

As of June 30, 2020 the Operating Partnership had approximately 0.8 million Limited Partner OP Units outstanding.

Common Stock Dividends

On May 18, 2020, the Company’s Board of Directors declared a quarterly cash dividend of \$0.077 per share of Common Stock for the second quarter of 2020 to stockholders of record as of June 30, 2020, which was paid on July 15, 2020. An equivalent distribution by the Operating Partnership is applicable per OP Unit.

Share Repurchase Program

The Company has a share repurchase program (the “2019 Share Repurchase Program”) that permits the Company to repurchase up to \$200.0 million of its outstanding Common Stock through May 6, 2022. Under the 2019 Share Repurchase Program, repurchases can be made through open market purchases, privately negotiated transactions, structured or derivative transactions, including accelerated stock repurchase transactions, or other methods of acquiring shares in accordance with applicable securities laws and other legal requirements. The 2019 Share Repurchase Program does not obligate the Company to make any repurchases at a specific time or in a specific situation and repurchases are influenced by prevailing market conditions, the trading price of the Common Stock, the Company’s financial performance and other conditions. Shares of Common Stock repurchased by the Company under the 2019 Share Repurchase Program, if any, will be returned to the status of authorized but unissued shares of Common Stock.

There were no share repurchases under the 2019 Share Repurchase Program during the six months ended June 30, 2020. As of June 30, 2020, the Company had \$200.0 million available for share repurchases under the 2019 Share Repurchase Program.

Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis should be read in conjunction with the accompanying consolidated financial statements and notes thereto appearing elsewhere in this Quarterly Report on Form 10-Q. We make statements in this section that are forward-looking statements. Certain risks may cause our actual results, performance or achievements to differ materially from those expressed or implied by the following discussion. For a complete discussion of such risk factors, see “Risk Factors” in Part I, Item 1A. of the Company’s Annual Report on Form 10-K for the year ended December 31, 2019, as supplemented in Part II, Item 1A. of this Quarterly Report on Form 10-Q. Capitalized terms used herein, but not otherwise defined, shall have the meaning ascribed to those terms in the “Part I – Financial Information,” including the notes to the consolidated financial statements contained therein.

Forward-Looking Statements

This Quarterly Report on Form 10-Q includes “forward-looking statements” which reflect our expectations and projections regarding future events and plans, future financial condition, results of operations, liquidity and business, including acquisitions, rent receipts, rent relief requests and rent relief granted, debt levels, maturities and refinancings, liquidity, the payment of future dividends and the impact of the coronavirus (COVID-19) on our business. Generally, the words “anticipates,” “assumes,” “believes,” “continues,” “could,” “estimates,” “expects,” “goals,” “intends,” “may,” “plans,” “projects,” “seeks,” “should,” “targets,” “will,” variations of such words and similar expressions identify forward-looking statements. These forward-looking statements are based on information currently available and involve a number of known and unknown assumptions and risks, uncertainties and other factors, which may be difficult to predict and beyond the Company’s control, that could cause actual events and plans or could cause our business, financial condition, liquidity and results of operations to differ materially from those expressed or implied in the forward-looking statements. Further, information regarding historical rent collections should not serve as an indication of future rent collection. These factors include, among other things, those discussed below. We disclaim any obligation to publicly update or revise any forward-looking statements, whether as a result of changes in underlying assumptions or factors, new information, future events or otherwise, except as may be required by law.

The following are some, but not all, of the assumptions, risks, uncertainties and other factors that could cause our actual results to differ materially from those presented in our forward-looking statements:

- The uncertain duration and extent of the impact of COVID-19 on our business and the businesses of our tenants (including their ability to timely make rental payments) and the economy generally.
- Federal, state or local legislation or regulation that could impact the timely payment of rent by tenants in light of COVID-19.
- We may be unable to renew leases, lease vacant space or re-lease space as leases expire on favorable terms or at all.
- We are subject to risks associated with tenant, geographic and industry concentrations with respect to our properties.
- We may be subject to risks accompanying the management of our industrial and office partnerships.
- Our properties may be subject to impairment charges.
- We could be subject to unexpected costs or liabilities that may arise from potential dispositions, including related to limited partnership, tenant-in-common and Delaware statutory trust real estate programs (“1031 real estate programs”) and our management of such programs.
- We are subject to competition in the acquisition and disposition of properties and in the leasing of our properties including that we may be unable to acquire, dispose of, or lease properties on advantageous terms or at all.
- We are subject to risks associated with bankruptcies or insolvencies of tenants, from tenant defaults generally or from the unpredictability of the business plans and financial condition of our tenants, which are heightened as a result of the COVID-19 pandemic.
- We have substantial indebtedness, which may affect our ability to pay dividends, and expose us to interest rate fluctuation risk and the risk of default under our debt obligations.
- We may be subject to increases in our borrowing costs as a result of changes in interest rates and other factors, including the potential phasing out of London Inter-Bank Offer Rate (“LIBOR”) after 2021.
- Our overall borrowing and operating flexibility may be adversely affected by the terms and restrictions within the indenture governing the senior unsecured notes (the “Senior Notes”), and the Credit Agreement governing the terms of the Credit Facility (as both terms are defined in Liquidity and Capital Resources), and compliance with such covenants may be more difficult as a result of the impact of COVID-19.
- Our access to capital and terms of future financings may be affected by adverse changes to our credit rating.
- We may be affected by the incurrence of additional secured or unsecured debt.
- We may not be able to achieve and maintain profitability.
- We may not generate cash flows sufficient to pay our dividends to stockholders or meet our debt service obligations.

[Table of Contents](#)

- We may be affected by risks resulting from losses in excess of insured limits.
- We may fail to remain qualified as a real estate investment trust (“REIT”) for U.S. federal income tax purposes.
- Compliance with the REIT annual distribution requirements may limit our operating flexibility.
- We may be unable to retain or hire key personnel.

All forward-looking statements should be read in light of the risks identified in Part I, Item 1A. Risk Factors within our Annual Report on Form 10-K for the year ended December 31, 2019, as supplemented in Part II, Item 1A. of this Quarterly Report on Form 10-Q.

We use certain defined terms throughout this Quarterly Report on Form 10-Q that have the following meanings:

When we refer to “annualized rental income,” we mean the rental revenue under our leases on operating properties on a straight-line basis, which includes the effect of rent escalations and any tenant concessions, such as free rent, and our pro rata share of such revenues from properties owned by unconsolidated joint ventures. Annualized rental income excludes any adjustments to rental income due to changes in the collectability assessment, contingent rent, such as percentage rent, and operating expense reimbursements. Management uses annualized rental income as a basis for tenant, industry and geographic concentrations and other metrics within the portfolio. Annualized rental income is not indicative of future performance.

When we refer to a “creditworthy tenant,” we mean a tenant that has entered into a lease that we determine is creditworthy and may include tenants with an investment grade or below investment grade credit rating, as determined by major credit rating agencies, or unrated tenants. To the extent we determine that a tenant is a “creditworthy tenant” even though it does not have an investment grade credit rating, we do so based on our management’s determination that a tenant should have the financial wherewithal to honor its obligations under its lease with us. As explained further below, this determination is based on our management’s substantial experience performing credit analysis and is made after evaluating a tenant’s due diligence materials that are made available to us, including financial statements and operating data.

When we refer to a “direct financing lease,” we mean a lease that requires specific treatment due to the significance of the lease payments from the inception of the lease compared to the fair value of the property, term of the lease, a transfer of ownership, or a bargain purchase option. These leases are recorded as a net asset on the balance sheet. The amount recorded is calculated as the fair value of the remaining lease payments on the leases and the estimated fair value of any expected residual property value at the end of the lease term.

When we refer to properties that are net leased on a “long term basis,” we mean properties with remaining primary lease terms of generally seven to 10 years or longer on average, depending on property type.

Under a “net lease,” the tenant occupying the leased property (usually as a single tenant) does so in much the same manner as if the tenant were the owner of the property. There are various forms of net leases, most typically classified as triple net or double net. Triple net leases typically require that the tenant pay all expenses associated with the property (*e.g.*, real estate taxes, insurance, maintenance and repairs). Double net leases typically require that the tenant pay all operating expenses associated with the property (*e.g.*, real estate taxes, insurance and maintenance), but excludes some or all major repairs (*e.g.*, roof, structure and parking lot). Accordingly, the owner receives the rent “net” of these expenses, rendering the cash flow associated with the lease predictable for the term of the lease. Under a net lease, the tenant generally agrees to lease the property for a significant term and agrees that it will either have no ability or only limited ability to terminate the lease or abate rent prior to the expiration of the term of the lease as a result of real estate driven events such as casualty, condemnation or failure by the landlord to fulfill its obligations under the lease.

When we refer to “operating properties” we mean properties owned and consolidated by the Company, omitting properties (the “Excluded Properties”) for which (i) the related mortgage loan is in default, and (ii) management decides to transfer the properties to the lender in connection with settling the mortgage note obligation. At and during the three and six months ended June 30, 2020, there were no Excluded Properties. At and during the three months ended June 30, 2019, there was one Excluded Property which was an office property comprising 145,186 square feet, of which 6,926 square feet was vacant, with an outstanding principal balance of \$19.5 million.

Effective April 1, 2019, the Company determined that the real estate portfolio and economic metrics of operating properties should include the Company's pro rata share of square feet and annualized rental income from the Company's unconsolidated joint ventures, based upon the Company's legal ownership percentage, which may, at times, not equal the Company's economic interest because of various provisions in certain joint venture agreements regarding distributions of cash flow based on capital account balances, allocations of profits and losses and payments of preferred returns. The Company did not update data presented for prior periods as the impact on prior period metrics was immaterial.

As of June 30, 2020, our portfolio was comprised of 3,836 retail, restaurant, office and industrial real estate properties with an aggregate 89.2 million square feet, of which 98.7% was leased, with a weighted-average remaining lease term of 8.5 years. Omitting the square feet of one redevelopment property and including the pro rata share of square feet and annualized rental income from the Company's unconsolidated joint ventures, we owned an aggregate of 88.9 million square feet, of which 98.8% was leased, with a weighted-average remaining lease term of 8.5 years as of June 30, 2020.

Overview

Our financial performance is influenced by the timing of acquisitions and dispositions and the operating performance of our operating properties. The following table shows the property statistics of our operating properties as of June 30, 2020 and 2019:

	June 30, 2020	June 30, 2019
Portfolio Metrics		
Operating properties	3,836	3,950
Rentable square feet (in millions) ⁽¹⁾	88.9	90.6
Economic occupancy rate ⁽¹⁾⁽²⁾	98.8%	99.0%
Investment-grade tenants ⁽¹⁾⁽³⁾	37.0%	39.6%

(1) As of June 30, 2020, rentable square feet, economic occupancy rate and annualized rental income include the Company's pro rata share of square feet and annualized rental income from the Company's unconsolidated joint ventures. As of June 30, 2019, rentable square feet and economic occupancy rate exclude one redevelopment property.

(2) Economic occupancy rate equals the sum of square feet leased (including space subject to month-to-month agreements) divided by rentable square feet.

(3) Based on annualized rental income of our real estate portfolio as of June 30, 2020 and 2019, respectively. Investment-grade tenants are those with a credit rating of BBB- or higher by Standard & Poor's Financial Services LLC or a credit rating of Baa3 or higher by Moody's Investor Service, Inc. The ratings may reflect those assigned by Standard & Poor's Financial Services LLC or Moody's Investor Service, Inc. to the lease guarantor or the parent company, as applicable.

The following table shows the economic metrics of our operating properties as of June 30, 2020 and 2019:

Results of Operations

COVID-19 has impacted all states where our tenants operate their businesses or where our properties are located, and measures taken to prevent or remediate COVID-19, including “shelter-in-place” or “stay-at-home” orders, other quarantine mandates and restriction on the operations of certain types of businesses issued by local, state or federal authorities, have had an adverse effect on our business and the businesses of our tenants. While our business was not materially impacted during the six months ended June 30, 2020 from the COVID-19 pandemic, our rent collection was impacted and for the second quarter was 85% of rental revenue on an annualized basis. The full extent of the future impact of the COVID-19 pandemic on our business, financial condition, liquidity and results of operations is uncertain.

Our dedicated property type asset management teams have been in discussion with tenants to understand the impact of COVID-19 on their businesses. As of July 27, 2020, we received rent relief requests, most often in the form of rent deferral requests, from tenants representing approximately 33% of rental revenue on an annualized basis, including some tenants that paid April, May, June and/ or July rent. These rent relief requests vary in timeframes, but are concentrated within the two to four month range. We evaluate each tenant request on a case-by-case basis, including by analyzing metrics such as industry segment, corporate financial health, rent coverage, and the tenant's liquidity. As of July 27, 2020, we collected the following percent of rent, which included contractual rent and recoveries paid by tenants to cover estimated tax, insurance and common area maintenance expenses, including our pro rata share of such amounts related to properties owned by unconsolidated joint ventures:

	April	May	June	July ⁽¹⁾
Rent collection	86%	85%	86%	91%

(1) Includes approximately 2% to be paid in arrears by a Government agency tenant.

During the three months ended June 30, 2020, we had \$3.6 million of rental revenue related to deferral agreements executed through June 30, 2020 and \$5.3 million related to deferral agreements executed from July 1, 2020 through July 27, 2020, which qualify for the COVID-19 Lease Concessions Relief. We abated \$11.2 million of second quarter rental revenue pursuant to lease amendments executed through June 30, 2020, which increased the weighted average lease term for the related properties, pursuant to the terms of the amendments. During the three months ended June 30, 2020, rental revenue was reduced by \$13.2 million (4.5% of gross rental revenue), which included (i) \$2.1 million of an increase to the general allowance, (ii) \$7.4 million for amounts not probable of collection, and (iii) \$3.7 million for straight-line rent receivables. Of the \$13.2 million reduction to rental revenue for the three months ended June 30, 2020, \$8.4 million (2.9% of gross rental revenue) was related to the impact of the COVID-19 pandemic, of which \$0.9 million represented an increase to the general allowance, \$3.8 million represented amounts not probable of collection, and \$3.7 million was for straight-line rent receivables.

Revenues

The table below sets forth, for the periods presented, revenue information and the dollar amount change year over year (in thousands):

	Three Months Ended June 30,			Six Months Ended June 30,		
	2020	2019	2020 vs 2019 Increase/ (Decrease)	2020	2019	2020 vs 2019 Increase/ (Decrease)
Revenues:						
Rental	\$ 278,576	\$ 312,043	\$ (33,467)	\$ 577,162	\$ 628,886	\$ (51,724)

Total revenues	\$ 278,997	\$ 312,188	\$ (33,191)	\$ 578,179	\$ 629,068	\$ (50,889)

Rental

The decrease in rental revenue of \$33.5 million and \$51.7 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was primarily due to real estate dispositions and rent abatements and reserves related to COVID-19, partially offset by real estate acquisitions. Subsequent to January 1, 2019, the Company acquired 91 occupied properties for an aggregate purchase price of \$550.7 million and disposed of 248 consolidated properties for an aggregate sales price of \$1.4 billion.

Fees from Managed Partnerships

Fees from managed partnerships consist of fees earned for providing various services to the Company's unconsolidated joint venture entities. The increase of \$0.3 million and \$0.8 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was due to fees earned from the industrial partnership and office partnership, which were formed subsequent to January 1, 2019.

Operating Expenses

Acquisition-Related Expenses

Acquisition-related expenses consist of allocated internal salaries related to time spent on acquiring commercial properties and costs associated with un consummated deals.

Litigation and Non-Routine Costs, Net

Litigation and non-routine costs, net increased \$3.7 million during the three months ended June 30, 2020, as compared to the same period in 2019. During the three months ended June 30, 2020, the Company reversed estimated costs accrued in 2019 which exceeded actual expenses incurred. During the three months ended June 30, 2019, the Company recorded \$26.5 million of other recoveries related to the surrender of Limited Partner OP Units by principals of the Company's former external manager, offset by \$22.8 million of fees and costs associated with litigations.

Litigation and non-routine costs, net increased \$16.6 million during the six months ended June 30, 2020, as compared to the same period in 2019. During the six months ended June 30, 2020, the Company reversed \$6.8 million of estimated costs accrued in 2019, which exceeded actual expenses incurred of \$0.6 million, and recorded \$2.5 million of insurance recoveries. During the six months ended June 30, 2019, the Company recorded \$48.4 million of insurance recoveries and \$26.5 million of other recoveries related to the surrender of Limited Partner OP Units by principals of the Company's former external manager, offset by \$37.5 million of fees and costs associated with litigations and \$12.2 million of litigation settlements.

Property Operating Expenses

Property operating expenses such as taxes, insurance, ground rent and maintenance include both reimbursable and non-reimbursable property expenses. The decrease in property operating expenses of \$3.4 million and \$5.3 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was primarily due to the impact of property dispositions.

General and Administrative Expenses

General and administrative expenses remained relatively constant during the three and six months ended June 30, 2020 as compared to the same periods in 2019.

[Table of Contents](#)

Depreciation and Amortization Expenses

The decrease in depreciation and amortization expenses of \$7.4 million and \$19.9 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was primarily due to real estate dispositions and furniture and fixtures that were fully depreciated during 2019, as they had reached the end of their useful lives, partially offset by real estate acquisitions.

Impairments

Impairments of \$12.1 million and \$8.3 million were recorded during the three months ended June 30, 2020 and 2019, respectively. Impairments of \$20.5 million and \$20.3 million were recorded during the six months ended June 30, 2020 and 2019, respectively. During the three and six months ended June 30, 2020, certain retail and restaurant properties whose tenants filed for Chapter 11 bankruptcy were identified by management for potential sale or were determined would not be re-leased by the tenant.

Restructuring Expenses

There were no restructuring expenses recorded during the three and six months ended June 30, 2020. During the three and six months ended June 30, 2019, the Company recorded \$0.3 million and \$9.4 million, respectively, of restructuring expenses related to the reorganization of the business and cessation of services performed pursuant to the terms of a services agreement (the "Services Agreement") with CCA Acquisition, LLC (the "Cole Purchaser").

Other (Expense) Income and Provision for Income Taxes

The table below sets forth, for the periods presented, certain financial information and the dollar amount change year over year (in thousands):

Interest Expense

The decrease in interest expense of \$4.2 million and \$10.7 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was primarily due to decreases in average debt outstanding and weighted average interest rates. At June 30, 2020, the weighted average interest rate was 4.20%, as compared to 4.52% at June 30, 2019.

Loss on Extinguishment and Forgiveness of Debt, Net

The decrease in loss on extinguishment and forgiveness of debt, net of \$1.3 million during the three months ended June 30, 2020, as compared to the same period in 2019 was due to prepayments of mortgage notes payable during the three months ended June 30, 2019 with minimal activity during the same period in 2020. Loss on extinguishment and forgiveness of debt, net remained relatively constant during the six months ended June 30, 2020, as compared to the same period in 2019.

Other Income, Net

The decrease of \$2.3 million and \$1.6 million in other income, net during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019 was primarily due to a \$2.5 million payment received in 2019 related to the Company's bankruptcy claim related to a prior tenant, with no comparable payments received during in 2020.

[Table of Contents](#)

Equity in Income of Unconsolidated Entities

The increase in equity in income of \$1.0 million and \$0.7 million during the three and six months ended June 30, 2020, respectively, as compared to the same periods in 2019, was primarily due to increased equity in income from the industrial partnership and office partnership.

Gain on Disposition of Real Estate and Real Estate Assets Held for Sale, Net

The decrease in gain on disposition of real estate and real estate assets held for sale, net of \$213.0 million during the three months ended June 30, 2020, as compared to the same period in 2019 was due to the Company's disposition of 17 properties for an aggregate sales price of \$67.0 million which resulted in a gain of \$9.0 million during the three months ended June 30, 2020, as compared to the disposition of 53 properties for an aggregate sales price of \$743.2 million during the same period in 2019, which resulted in a gain of \$222.5 million. During the three months ended June 30, 2020, the Company also recorded \$0.2 million of losses related to held for sale properties, as compared to \$0.8 million of losses during the same period in 2019.

The decrease in gain on disposition of real estate and real estate assets held for sale, net of \$198.5 million during the six months ended June 30, 2020, as compared to the same period in 2019 was due to the Company's disposition of 47 properties for an aggregate sales price of \$219.2 million which resulted in a gain of \$34.2 million during the six months ended June 30, 2020, as compared to the disposition of 75 properties for an aggregate sales price of \$809.2 million during the same period in 2019, which resulted in a gain of \$233.4 million. During the six months ended June 30, 2020, the Company also recorded \$0.2 million of losses related to held for sale properties, as compared to a loss of \$0.8 million during the same period in 2019.

Provision for Income Taxes

The provision for income taxes consists of certain state and local income and franchise taxes.

Non-GAAP Measures

Our results are presented in accordance with U.S. GAAP. We also disclose certain non-GAAP measures, as discussed further below. Management uses these non-GAAP financial measures in our internal analysis of results and believes these measures are useful to investors for the reasons explained below. These non-GAAP financial measures should not be considered as substitutes for any measures derived in accordance with U.S. GAAP.

Funds from Operations and Adjusted Funds from Operations

Due to certain unique operating characteristics of real estate companies, as discussed below, the National Association of Real Estate Investment Trusts, Inc. (“Nareit”), an industry trade group, has promulgated a supplemental performance measure known as funds from operations (“FFO”), which we believe to be an appropriate supplemental performance measure to reflect the operating performance of a REIT. FFO is not equivalent to our net income or loss as determined under U.S. GAAP.

Nareit defines FFO as net income or loss computed in accordance with U.S. GAAP adjusted for gains or losses from disposition of property, depreciation and amortization of real estate assets, impairment write-downs on real estate, and our pro rata share of FFO adjustments related to unconsolidated partnerships and joint ventures. We calculate FFO in accordance with Nareit’s definition described above.

In addition to FFO, we use adjusted funds from operations (“AFFO”) as a non-GAAP supplemental financial performance measure to evaluate the operating performance of the Company. AFFO, as defined by the Company, excludes from FFO non-routine items such as acquisition-related expenses, litigation and non-routine costs, net, net revenue or expense earned or incurred that is related to the services agreement associated with a discontinued operation, gains or losses on sale of investment securities or mortgage notes receivable, payments on fully reserved loan receivables and restructuring expenses. We also exclude certain non-cash items such as impairments of goodwill and intangible assets, straight-line rent, net direct financing lease adjustments, gains or losses on derivatives, reserves for loan loss, gains or losses on the extinguishment or forgiveness of debt, non-current portion of the tax benefit or expense, equity-based compensation and amortization of intangible assets, deferred financing costs, premiums and discounts on debt and investments, above-market lease assets and below-market lease liabilities. We omit the impact of the Excluded Properties and related non-recourse mortgage notes from FFO to calculate AFFO. Management believes that excluding these costs from FFO provides investors with supplemental performance information that is consistent with the performance models and analysis used by management, and provides investors a view of the performance of our portfolio over time. AFFO allows for a comparison of the performance of our operations with other publicly-traded REITs, as AFFO, or an equivalent measure, is routinely reported by publicly-traded REITs, and we believe often used by analysts and investors for comparison purposes.

For all of these reasons, we believe FFO and AFFO, in addition to net income (loss), as defined by U.S. GAAP, are helpful supplemental performance measures and useful in understanding the various ways in which our management evaluates the performance of the Company over time. However, not all REITs calculate FFO and AFFO the same way, so comparisons with other REITs may not be meaningful. FFO and AFFO should not be considered as alternatives to net income (loss) and are not intended to be used as a liquidity measure indicative of cash flow available to fund our cash needs. Neither the U.S. Securities and Exchange Commission (the “SEC”), Nareit, nor any other regulatory body has evaluated the acceptability of the exclusions used to adjust FFO in order to calculate AFFO and its use as a non-GAAP financial performance measure.

(1) AFFO for the three months ended June 30, 2020, includes rental revenue that represents deferred rent of \$3.6 million related to deferral agreements executed through June 30, 2020, and \$5.3 million related to deferral agreements executed from July 1, 2020 through July 27, 2020, which qualify for the COVID-19 Lease Concessions Relief.

(2) Dilutive securities include unvested restricted share awards (“Restricted Shares”), unvested restricted stock units (“Restricted Stock Units”) and stock options (“Stock Options”). During the first quarter of 2019, all Restricted Shares vested.

(3) Weighted-average shares for all periods presented exclude the effect of the convertible debt as the Company would expect to settle the debt with cash and any shares underlying Restricted Stock Units that are not issuable based on the Company’s level of achievement of certain performance targets through the respective reporting period.

Liquidity and Capital Resources

General

Our principal liquidity needs for the next twelve months and beyond are to:

- fund normal operating expenses;
- fund potential capital expenditures, tenant improvements and leasing costs;
- meet debt service and principal repayment obligations, including balloon payments on maturing debt;
- pay dividends; and
- fund property acquisitions.

We expect to be able to satisfy these obligations using one or more of the following sources:

- cash flow from operations;
- proceeds from real estate dispositions;
- utilization of the existing Revolving Credit Facility;
- cash and cash equivalents balance; and
- issuance of VEREIT debt and equity securities.

COVID-19

In light of COVID-19, we have taken certain steps to preserve and ensure adequate access to liquidity including (i) temporarily ceased property acquisitions, and monitoring necessary capital expenditures and planned build-to-suit development projects, (ii) reduced the quarterly cash dividend beginning the second quarter of 2020, (iii) closed on the senior note offering, consisting of \$600.0 million aggregate principal amount of 3.40% Senior Notes due 2028, and (iv) amended the Credit Agreement. As a result of measures undertaken by the Company, we do not currently expect liquidity constraints. However, the financial impact of COVID-19 could still have a material and adverse effect on our results of operations, liquidity and cash flows subsequent to June 30, 2020, in particular due to the potential inability of our tenants to satisfy their rent obligations and inability of the Company to renew leases, lease vacant space or re-let space as leases expire on favorable terms, or at all. The effect of COVID-19 may also negatively impact our future compliance with financial covenants in our Credit Facility, indentures governing our Senior Notes and other debt agreements and result in a default and acceleration of indebtedness which could negatively impact our ability to make additional borrowings under our Credit Facility. The financial impact of COVID-19 could also negatively affect our ability to pay dividends or fund acquisitions in the future.

Disposition Activity

As part of our effort to optimize our real estate portfolio by focusing on holding core assets, during the six months ended June 30, 2020, the Company disposed of 47 properties, including the sale of two consolidated properties to the office partnership, for an aggregate gross sales price of \$219.2 million, of which our share was \$216.7 million, resulting in proceeds of \$204.1 million after closing costs and contributions to the office partnership. We expect to continue to explore opportunities to sell additional properties to provide further financial flexibility, however, due to current economic circumstances, we may not be able to dispose of properties on advantageous terms or at all.

Credit Facility

Summary and Obligations

On May 23, 2018, the General Partner, as guarantor, and the OP, as borrower, entered into a credit agreement with Wells Fargo Bank, National Association as administrative agent and other lenders party thereto (the "Credit Agreement"). The Credit Agreement provided for maximum borrowings of \$2.9 billion, originally consisting of a \$2.0 billion unsecured revolving credit facility (the "Revolving Credit Facility") and a \$900.0 million unsecured term loan facility (the "Credit Facility Term Loan," together with the Revolving Credit Facility, the "Credit Facility"). Effective December 27, 2019, the Company reduced the amount available under its Revolving Credit Facility from \$2.0 billion to \$1.5 billion. On May 27, 2020, the Operating Partnership and the Company, entered into Amendment No. 1 to the Credit Agreement (the "Amendment") which, among other things, modifies the measurement period for certain financial covenants (and relevant associated definitions) from either the prior quarterly period annualized or the prior six month period to the four consecutive fiscal quarter period most recently ending.

As of June 30, 2020, no amounts were outstanding under the Revolving Credit Facility and the full \$900.0 million was drawn on the Credit Facility Term Loan. The maximum aggregate dollar amount of letters of credit that may be outstanding at any one time under the Credit Facility is \$50.0 million. As of June 30, 2020, there were no letters of credit outstanding.

[Table of Contents](#)

The Revolving Credit Facility generally bears interest at an annual rate of LIBOR plus 0.775% to 1.55% or Base Rate plus 0.00% to 0.55% (based upon the General Partner's then current credit rating). "Base Rate" is defined as the highest of the prime rate, the federal funds rate plus 0.50% or a floating rate based on one month LIBOR plus 1.0%, determined on a daily basis. The Credit Facility Term Loan generally bears interest at an annual rate of LIBOR plus 0.85% to 1.75%, or Base Rate plus 0.00% to 0.75% (based upon the General Partner's then current credit rating). In addition, the Credit Agreement provides the flexibility for interest rate auctions, pursuant to which, at the Company's election, the Company may request that lenders make competitive bids to provide revolving loans, which competitive bids may be at pricing levels that differ from the foregoing interest rates.

Credit Facility Covenants

The Credit Facility requires restrictions on corporate guarantees, as well as the maintenance of certain financial covenants. The key financial covenants in the Credit Facility, as defined and calculated per the terms of the Credit Agreement include maintaining the following:

Unsecured Credit Facility Key Covenants	Required
Ratio of total indebtedness to total asset value	≤ 60%
Ratio of adjusted EBITDA to fixed charges	≥ 1.5x
Ratio of secured indebtedness to total asset value	≤ 45%
Ratio of unsecured indebtedness to unencumbered asset value	≤ 60%
Ratio of unencumbered adjusted NOI to unsecured interest expense	≥ 1.75x

The Company believes that it was in compliance with the financial covenants pursuant to the Credit Agreement and is not restricted from accessing any borrowing availability under the Credit Facility as of June 30, 2020.

Corporate Bonds

Summary and Obligations

On June 29, 2020, the Company closed a senior note offering, consisting of \$600.0 million aggregate principal amount of 3.40% Senior Notes due 2028. The OP used the net proceeds from the offering of \$591.1 million after underwriting discounts, before offering expenses, for the following: (i) to repay borrowings under its Revolving Credit Facility, (ii) for the repurchase of \$50.2 million of its 3.75% Convertible Senior Notes due 2020 and (iii) for the redemption of 6.0 million shares Series F Preferred Stock subsequent to June 30, 2020, as discussed in Note 14 – Subsequent Events.

As of June 30, 2020, the Operating Partnership had \$3.45 billion aggregate principal amount of Senior Notes outstanding. The indenture governing the Senior Notes requires that the Company be in compliance with certain key financial covenants, including maintaining the following:

Corporate Bond Key Covenants	Required
Limitation on incurrence of total debt	≤ 65%
Limitation on incurrence of secured debt	≤ 40%
Debt service coverage ratio	≥ 1.5x
Maintenance of total unencumbered assets	≥ 150%

As of June 30, 2020, the Company believes that it was in compliance with these financial covenants based on the covenant limits and calculations in place at that time.

Convertible Debt

Summary and Obligations

On June 25, 2020, the Company repurchased \$50.2 million of its 3.75% Convertible Senior Notes due 2020. As of June 30, 2020, the Company had \$271.6 million aggregate principal amount of the 2020 Convertible Notes outstanding. The OP has issued corresponding identical convertible notes to the General Partner. There were no changes to the terms of the 2020 Convertible Notes during the six months ended June 30, 2020 and the Company believes that it was in compliance with the financial covenants pursuant to the indenture governing the 2020 Convertible Notes as of June 30, 2020.

Mortgage Notes Payable

Summary and Obligations

As of June 30, 2020, the Company had mortgage notes payable of \$1.4 billion, which was collateralized by 314 properties, reflecting a decrease from December 31, 2019 of \$132.6 million during the six months ended June 30, 2020, primarily related to prepayments of mortgage notes payable. Our mortgage indebtedness bore interest at the weighted-average rate of 5.00% per annum and had a weighted-average maturity of 2.5 years. We may in the future incur additional mortgage debt on the properties we currently own or use long-term non-recourse financing to acquire additional properties.

The payment terms of our loan obligations vary. In general, only interest amounts are payable monthly with all unpaid principal and interest due at maturity. Some of our loan agreements require that we comply with specific reporting and financial covenants mainly related to debt coverage ratios and loan-to-value ratios. Each loan that has these requirements has specific ratio thresholds that must be met.

Restrictions on Loan Covenants

Our mortgage loan obligations generally restrict corporate guarantees and require the maintenance of financial covenants, including maintenance of certain financial ratios (such as specified debt to equity and debt service coverage ratios), as well as the maintenance of a minimum net worth. The mortgage loan agreements contain no dividend restrictions except in the event of default or when a distribution would drive liquidity below the applicable thresholds. The Company believes that it was in compliance with the financial covenants under the mortgage loan agreements and had no restrictions on the payment of dividends as of June 30, 2020.

Dividends

On May 18, 2020, the Company's Board of Directors reduced the quarterly cash dividend in the second quarter of 2020 to \$0.077 per share of Common Stock to stockholders of record as of June 30, 2020, which was paid on July 15, 2020 in an effort to minimize debt due to current economic uncertainty. An equivalent distribution by the Operating Partnership is applicable per OP Unit.

Our Series F Preferred Stock, as discussed in Note 12 – Equity to our consolidated financial statements, will pay cumulative cash dividends at the rate of 6.70% per annum on their liquidation preference of \$25.00 per share (equivalent to \$1.675 per share on an annual basis).

Common Stock Continuous Offering Program

The Company has a continuous equity offering program pursuant to which the Company may sell shares of Common Stock having an aggregate offering price of up to \$750.0 million from time to time through April 15, 2022 in “at-the-market” offerings or certain other transactions (the “ATM Program”). The proceeds from any sale of shares under the ATM Program have been or will be used for general corporate purposes, which may include funding potential acquisitions and repurchasing or repaying outstanding indebtedness.

There were no issuances under the ATM Program during the six months ended June 30, 2020. As of June 30, 2020, the Company had \$663.3 million available to be sold under the ATM Program.

Share Repurchase Program

The Company has a share repurchase program (the “2019 Share Repurchase Program”) that permits the Company to repurchase up to \$200.0 million of its outstanding Common Stock through May 6, 2022. Under the 2019 Share Repurchase Program, repurchases can be made through open market purchases, privately negotiated transactions, structured or derivative transactions, including accelerated stock repurchase transactions, or other methods of acquiring shares in accordance with applicable securities laws and other legal requirements. The 2019 Share Repurchase Program program does not obligate the Company to make any repurchases at a specific time or in a specific situation and repurchases are influenced by prevailing market conditions, the trading price of the Common Stock, the Company's financial performance and other conditions. Shares of Common Stock repurchased by the Company under the 2019 Share Repurchase Program program, if any, will be returned to the status of authorized but unissued shares of Common Stock.

There were no share repurchases under the 2019 Share Repurchase Program during the six months ended June 30, 2020. As of June 30, 2020, the Company had \$200.0 million available for share repurchases under the 2019 Share Repurchase Program.

Contractual Obligations

The following is a summary of our contractual obligations as of June 30, 2020 (in thousands):

	Payments due by period

Total	\$ 7,517,069	\$ 508,604	\$ 1,056,794	\$ 2,487,276	\$ 3,464,395

(1) Interest payments due in future periods on the \$15.2 million of variable rate debt were calculated using a forward LIBOR curve.

(2) As of June 30, 2020, we had \$900.0 million of variable rate debt on the Credit Facility Term Loan effectively fixed through the use of interest rate swap agreements. We used the interest rates effectively fixed under our swap agreements to calculate the debt payment obligations in future periods.

Cash Flow Analysis for the six months ended June 30, 2020

Operating Activities – During the six months ended June 30, 2020, net cash provided by operating activities decreased \$27.0 million to \$321.0 million from \$348.0 million during the same period in 2019. The decrease was primarily due to a decrease in cash insurance recoveries received of \$45.9 million, an increase of \$23.2 million in tenant receivables, net of reserves and the abatement of \$11.2 million of rental revenue, offset by a decrease in cash interest payments of \$21.1 million, a decrease in litigation settlement payments of \$27.9 million and a decrease in restructuring expenses paid of \$5.3 million during the six months ended June 30, 2020.

Investing Activities – Net cash provided by investing activities for the six months ended June 30, 2020 decreased \$504.8 million to \$18.2 million from \$523.0 million during the same period in 2019. The decrease was primarily related to a decrease in cash proceeds from dispositions of real estate and joint ventures of \$535.8 million, offset by an increase in investments in real estate assets of \$44.4 million.

Financing Activities – Net cash used in financing activities of \$72.9 million decreased \$619.6 million during the six months ended June 30, 2020 from \$692.5 million during the same period in 2019. The decrease was primarily due to the issuance of \$600.0 million of Senior Notes during the six months ended June 30, 2020.

Election as a REIT

The General Partner elected to be taxed as a REIT for U.S. federal income tax purposes under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended, commencing with the taxable year ended December 31, 2011. As a REIT, except as discussed below, the General Partner generally is not subject to federal income tax on taxable income that it distributes to its stockholders so long as it distributes at least 90% of its annual taxable income (computed without regard to the deduction for dividends paid and excluding net capital gains). REITs are subject to a number of other organizational and operational requirements. Even if the General Partner maintains its qualification for taxation as a REIT, it may be subject to certain state and local taxes on its income and property, federal income taxes on certain income and excise taxes on its undistributed income. We believe we are organized and operating in such a manner as to qualify to be taxed as a REIT for the taxable year ended December 31, 2020.

The Operating Partnership is classified as a partnership for U.S. federal income tax purposes. As a partnership, the Operating Partnership is not a taxable entity for U.S. federal income tax purposes. Instead, each partner in the Operating Partnership is required to take into account its allocable share of the Operating Partnership's income, gains, losses, deductions and credits for each taxable year. However, the Operating Partnership may be subject to certain state and local taxes on its income and property. Under the limited partnership agreement of the OP, as amended (the "LPA"), the Operating Partnership is required to conduct business in such a manner as to permit the General Partner at all times to qualify as a REIT.

[Table of Contents](#)

The Company conducts all of its business in the United States and Puerto Rico and, as a result, it files income tax returns in the U.S. federal jurisdiction, Puerto Rico, and various state and local jurisdictions. Certain of the Company's inter-company transactions that have been eliminated in consolidation for financial accounting purposes are also subject to taxation.

Inflation

We may be adversely impacted by inflation on any leases that do not contain indexed escalation provisions. However, net leases that require the tenant to pay its allocable share of operating expenses, including common area maintenance costs, real estate taxes and insurance, may reduce our exposure to increases in costs and operating expenses resulting from inflation.

Off-Balance Sheet Arrangements

We have no material off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Critical Accounting Policies and Significant Accounting Estimates

Our accounting policies have been established to conform with U.S. GAAP. The preparation of financial statements in conformity with U.S. GAAP requires us to use judgment in the application of accounting policies, including making estimates and assumptions. These judgments affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Management believes that we have made these estimates and assumptions in an appropriate manner and in a way that accurately reflects our financial condition. We continually test and evaluate these estimates and assumptions using our historical knowledge of the business, as well as other factors, to ensure that they are reasonable for reporting purposes. However, actual results may differ from these estimates and assumptions. If our judgment or interpretation of the facts and circumstances relating to the various transactions had been different, it is possible that different accounting policies would have been applied, thus resulting in a different presentation of the financial statements. Additionally, other companies may utilize different estimates that may impact comparability of our results of operations to those of companies in similar businesses. We believe the following critical accounting policies govern the significant judgments and estimates used in the preparation of our financial statements, which should be read in conjunction with the more complete discussion of our accounting policies and procedures included in our Annual Report on Form 10-K for the year ended December 31, 2019:

- Goodwill Impairment;
- Real Estate Investment Impairment; and
- Allocation of Purchase Price of Real Estate Assets

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Market Risk

The market risk associated with financial instruments and derivative financial instruments is the risk of loss from adverse changes in market prices or interest rates. Our market risk arises primarily from interest rate risk relating to variable-rate borrowings. To meet our short and long-term liquidity requirements, we borrow funds at a combination of fixed and variable rates. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to manage our overall borrowing costs. To achieve these objectives, from time to time, we may enter into interest rate hedge contracts such as swaps, caps, collars, treasury locks, options and forwards in order to mitigate our interest rate risk with respect to various debt instruments. We would not hold or issue these derivative contracts for trading or speculative purposes.

Interest Rate Risk

As of June 30, 2020, our debt included fixed-rate debt, including debt that has interest rates that are fixed with the use of derivative instruments, with a fair value and carrying value of \$6.2 billion and \$6.0 billion, respectively. Changes in market interest rates on our fixed rate debt impact the fair value of the debt, but they have no impact on interest incurred or cash flow. For instance, if interest rates rise 100 basis points, and the fixed rate debt balance remains constant, we expect the fair value of our debt to decrease, the same way the price of a bond declines as interest rates rise. The sensitivity analysis related to our fixed-rate debt assumes an immediate 100 basis point move in interest rates from their June 30, 2020 levels, with all other variables held constant. A 100 basis point increase in market interest rates would result in a decrease in the fair value of our fixed rate debt of \$231.2 million. A 100 basis point decrease in market interest rates would result in an increase in the fair value of our fixed-rate debt of \$247.0 million.

As of June 30, 2020, our debt included variable-rate debt with a fair value and carrying value of \$15.3 million and \$15.2

[Table of Contents](#)

million, respectively. The sensitivity analysis related to our variable-rate debt assumes an immediate 100 basis point move in interest rates from their June 30, 2020 levels, with all other variables held constant. A 100 basis point increase or decrease in variable interest rates on our variable-rate debt would increase or decrease our interest expense by \$0.2 million annually. See Note 6 – Debt to our consolidated financial statements.

As of June 30, 2020, our interest rate swaps had a fair value that resulted in liabilities of \$106.5 million. See Note 7 – Derivatives and Hedging Activities to our consolidated financial statements for further discussion.

As the information presented above includes only those exposures that existed as of June 30, 2020, it does not consider exposures or positions arising after that date. The information presented herein has limited predictive value. Future actual realized gains or losses with respect to interest rate fluctuations will depend on cumulative exposures, hedging strategies employed and the magnitude of the fluctuations.

These amounts were determined by considering the impact of hypothetical interest rate changes on our borrowing costs and assume no other changes in our capital structure.

In July 2017, the Financial Conduct Authority (“FCA”) announced it intends to stop compelling banks to submit rates for the calculation of LIBOR after 2021. The Company is not able to predict when LIBOR will cease to be available or when there will be sufficient liquidity in the Secured Overnight Financing Rate (“SOFR”) markets. The Company has contracts that are indexed to LIBOR and is monitoring and evaluating the related risks, which include interest amounts on our variable rate debt as discussed in Note 6 – Debt and the swap rate for our interest rate swaps, as discussed in Note 7 – Derivatives and Hedging Activities. See Item 1A. Risk Factors included in the Company’s Annual Report on Form 10-K for further discussion on risks related to changes in LIBOR reporting practices, the method in which LIBOR is determined, or the use of alternative reference rates.

Credit Risk

Concentrations of credit risk arise when a number of tenants are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations, including those to the Company, to be similarly affected by changes in economic conditions. The Company is subject to tenant, geographic and industry concentrations. Any downturn of the economic conditions in one or more of these tenants, geographies or industries could result in a material reduction of our cash flows or material losses to us.

The factors considered in determining the credit risk of our tenants include, but are not limited to: payment history; credit status and change in status (credit ratings for public companies are used as a primary metric); change in tenant space needs (*i.e.*, expansion/downsize); tenant financial performance; economic conditions in a specific geographic region; and industry specific credit considerations. We believe that the credit risk of our portfolio is reduced by the high quality of our existing tenant base, reviews of prospective tenants’ risk profiles prior to lease execution and consistent monitoring of our portfolio to identify potential problem tenants. However, we continue to monitor this in light of the effects of the COVID-19 pandemic.

Item 4. Controls and Procedures.

I. Discussion of Controls and Procedures of the General Partner

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act of 1934, as amended (the “Exchange Act”)) that are designed to provide reasonable assurance that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that no controls and procedures, no matter how well designed and operated, can provide absolute assurance of achieving the desired control objectives.

In accordance with Rules 13a-15(b) and 15d-15(b) of the Exchange Act, management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures as of June 30, 2020 and determined that the disclosure controls and procedures were effective at a reasonable assurance level as of that date.

Changes in Internal Control Over Financial Reporting

No change occurred in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during the three months ended June 30, 2020 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

II. Discussion of Controls and Procedures of the Operating Partnership

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act) that are designed to provide reasonable assurance that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, we recognize that no controls and procedures, no matter how well designed and operated, can provide absolute assurance of achieving the desired control objectives.

In accordance with Rules 13a-15(b) and 15d-15(b) of the Exchange Act, management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures as of June 30, 2020 and determined that the disclosure controls and procedures were effective at a reasonable assurance level as of that date.

Changes in Internal Control Over Financial Reporting

No change occurred in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during the three months ended June 30, 2020 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II — OTHER INFORMATION

Item 1. Legal Proceedings.

The information contained under the heading “Litigation” in Note 10 – Commitments and Contingencies to our consolidated financial statements contained herein is incorporated by reference into this Part II, Item 1. Except as set forth therein, as of the end of the period covered by this Quarterly Report on Form 10-Q, we are not a party to, and none of our properties are subject to, any material pending legal proceedings.

Item 1A. Risk Factors.

The Company is supplementing the risk factors previously disclosed in Part I, Item 1A. “Risk Factors” of the Company’s Annual Report on Form 10-K for the year ended December 31, 2019 with the following risk factor, which should be read in conjunction with the other risk factors presented in the Annual Report on Form 10-K:

The ongoing pandemic of the novel coronavirus (COVID-19) has negatively affected and will likely continue to negatively affect our business, financial condition, liquidity and results of operations and those of our tenants.

The current COVID-19 pandemic has had, and likely will continue to have, repercussions across local, national and global economies and financial markets. COVID-19 has impacted all states where our tenants operate their businesses or where our properties are located and measures taken to control the COVID-19 outbreak, including “shelter-in-place” or “stay-at-home” orders, density limitations and social distancing orders, and other mandates issued by local, state or federal authorities, have had and are continuing to have an adverse effect on our business and the businesses of our tenants. The full extent of the adverse impact on our results of operations, liquidity (including our ability to access capital markets), and our ability to acquire, dispose of, or lease properties for our portfolio, our joint venture partners’ portfolios and/or for the tenant-in-common and Delaware statutory trust real estate programs’ properties that we manage is unknown and will depend on future developments, which are highly uncertain and cannot be predicted. Our results of operations, liquidity and cash flows could be materially affected.

Many of our tenants operate in industries that depend on in-person interactions with their customers to be profitable and to fund their obligations under lease agreements with us. Measures taken to control the COVID-19 outbreak, including “shelter-in-place” or “stay-at-home” orders, density limitations and social distancing orders, and other mandates have, with respect to some portion of our tenants, (i) decreased or prevented our tenants’ customers’ willingness or ability to frequent their businesses, and/or (ii) impacted supply chains from local, national and international suppliers or otherwise delayed the delivery of inventory or other materials necessary for our tenants’ operations, which has adversely affected, and is likely to continue to adversely affect, their ability to maintain profitability and make rental payments to us under their leases. Further, places that have seen increased cases of COVID-19 have reinstated and/or may in the future reinstate measures to control and decrease the spread of COVID-19, which may prolong the adverse effect on our business and/or the business of our tenants. In light of the spread of COVID-19 and the resulting economic downturn, tenants have and may in the future, request rent deferrals, rent abatement or early termination of their leases as well as may be forced to temporarily or permanently close or declare bankruptcy which could reduce our cash flows and negatively affect our ability to pay dividends at current levels or at all. Specifically, as a result of COVID-19 and various governmental orders currently in place or reinstated, a number of our tenants have closed their businesses, are operating with limited operations and/or have submitted requests for rent relief or failed to pay rent. While the Company has worked with tenants requesting rent relief, there can be no guarantee that future rent collections will be received at the same level as historical rent collections. In addition, state, local or industry-initiated efforts, such as tenant rent freezes or suspension of a landlord’s ability to enforce evictions, may continue to affect our ability to collect rent or enforce remedies for the failure to pay rent. We believe our tenants generally do not have a clear contractual right to cease paying rent due to government-mandated closures and we intend to enforce our rights under the lease agreements. However, the ongoing COVID-19 pandemic and the related governmental orders continue to present novel situations for which the ultimate legal outcome cannot be assured and it is possible future governmental action could impact our rights under the lease agreements. The extent of tenant requests and actions and the impact to the Company’s results of operations and cash flows is uncertain and cannot be predicted.

The spread of COVID-19 has caused and is continuing to cause significant financial market volatility and an economic downturn, and the length and extent of such volatility and downturn are unknown and cannot be predicted with any certainty. The financial impact of COVID-19 could have a material and adverse effect on our results of operations, liquidity and cash flows, in particular due to the potential (i) inability of our tenants to satisfy their rent obligations, (ii) inability of the Company to renew leases, lease vacant space or re-let space as leases expire on favorable terms, or at all, and (iii) difficulty for the Company accessing debt and equity capital on attractive terms, or at all. The effect of COVID-19 may also negatively impact our future compliance with financial covenants in our credit facility, indentures governing our senior notes and other debt agreements and result in a

[Table of Contents](#)

default and acceleration of indebtedness which could negatively impact our ability to make additional borrowings under our credit facility. The financial impact of COVID-19 could also negatively affect our ability to pay dividends or fund acquisitions.

As a result of COVID-19, the Company implemented and is continuing its work-from-home policy to protect its employees. The COVID-19 pandemic and other epidemics, pandemics or other public health crises in the future may also impact the continued service and availability of our personnel, including our executive officers, and our ability to recruit, attract and retain skilled personnel. Operationally, although we have implemented a work-from-home policy, if significant portions of our workforce, including key personnel, are unable to work effectively because of illness, government actions or other restrictions implemented or reinstated in connection with COVID-19, the impact on our business could be exacerbated.

The full extent of the adverse impact of COVID-19 on our business, financial condition, liquidity and results of operations cannot be predicted and may be material. The magnitude will depend on factors beyond our control including actions taken by local, state, federal and international governments, non-governmental organizations, the medical community, our tenants, and the public in general. Moreover, risk factors set forth in our Annual Report on Form 10-K for the year ended December 31, 2019 and filed with the SEC on February 26, 2020 could be heightened as a result of the impact of COVID-19 or any other public health crisis.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Repurchases of Equity Securities

We are authorized to repurchase shares of the General Partner's Common Stock to satisfy employee withholding tax obligations related to stock-based compensation. During the second quarter of 2020, there were no repurchased shares of Common Stock or corresponding OP Units made in order to satisfy the minimum tax withholding obligation for state and federal payroll taxes. There were also no share repurchases under the 2019 Share Repurchase Program. See Note 12 – Equity for further discussion.

As discussed in Note 14 – Subsequent Events, on July 22, 2020, the company redeemed 6.0 million shares of Series F Preferred Stock, representing approximately 19.44% of the issued and outstanding preferred shares. The shares of Series F Preferred Stock were redeemed at a redemption price of \$25.00 per share plus accrued and unpaid dividends.

1. I have reviewed this Quarterly Report on Form 10-Q of VEREIT Operating Partnership, L.P.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
